Rallying in the last quarter of the game the Potters were able to overcome the two point lead and place themselves ahead by four points. The Quakers put up a hot and furious game but were unable to catch up.

Early came out in the second quarter on fouls. Witherson also came out on fouls. Culler was high score man for Salem with eight points, while Weaver was high point man for Liverpool with nine points.

## DRAMATISTS TO PRESENT SERIES OF ONE ACT PLAYS

That a series of six one-act plays is to be presented soon by members of the Salemasquer Club, was recently announced by Miss Lanpher.

Each play will be directed by a student, probably one who has had past experience with this work. Since the point system is used, whereby fifty points a semester are necessary, many delinquent members may benefit through their participation in these plays.

One play which has been selected is "Submerged," the second prize winner of last year's one-act play contest presented by Hiram College.

## SCHOOL TO OBSERVE JANUARY 15

State Temperance day will be observed in all Salem schools January 15.

Each school will observe it by conducting an appropriate program as is prescribed by the law. In the program, special emphasis will be placed upon the evil effects of alcohol and tobacco on growing pupils.

## QUAKER WILL BACK CANTOR AND HIS HOLIDAY PROGRAM

The grin of Eddie Cantor flashed, the eyebrows of Eddie Cantor jerked, the laugh of Eddie Cantor rang through the air.

"How I chose my campaign issue? Well it's like this. I was lurching with President Hoover and when the waiter served the President's favorite pie it came to me like a flash to change the Republican 'Buy now' to my 'pie now'."

Mr. Cantor is a comedian of some renown and he has several Broadway successes to his credit.

His chances for election are in his own words: "I admit my rivals have some virtues but not of them can sing. And what we need is a president in tune with our times."

As Eddie Cantor's dancing feet carried him down the avenue he paused to shake hands with everybody, pretended to know them and offered each a cigar.

Mr. Cantor's sacrificing disposition may be shown best by quoting his words.

"I am not running for any selfish purpose but as a true patriot and in response to urgent call of my people."

Mr. Cantor plans a remedy for the depression. When he is elected he intends to declare a national holiday to last four years. During this time the surplus wheat will be eaten and at the end of the time there will be a shortage of everything and everybody will be employed until the next surplus.

As he paused in front of his favorite lunch wagon Mr. Cantor stated that the one man he fears is Clark Gable.

"If Clark Gable runs," declares Cantor, "It will be a crooked election because every woman will vote for him five or six times."

Then the door of the lunch wagon slammed and Eddie Cantor's voice floated out through the transom.

"Hello, Jack. Here, have a cigar. Pd I'll take pie now. Raspberry."

## DEBATERS TO BEGIN SEASON JANUARY 20

Salem High debaters are now busy preparing for their first debate, which will be held with a nearby school on January 20.

Each debater has been busy learning a ten minute speech. A regular class in debate is held after school for the ten members of the squad. Each member is allowed only one night's absence during the entire week. Mr. Guiler believes that the debaters should work for the one half credit which they will receive. Mr. Guiler coaches each debater, and tries to improve the debaters speaking ability.

Practice debates between the Salem affirmative and negative teams were held on January 7 and January 12. They were the first ordeals for most of the speakers.

The Salem teams belong to the state Debaters League, and so they will meet stiff competition during the next few weeks.

## PAPER TO PUT OUT SPECIAL ISSUE NEXT THURSDAY

The next issue of the Quaker, which will be out next Thursday, will be one of special interest to all. The editorial staff is concentrating its efforts upon one subject, a subject that is timely and of vital importance to every student of Salem High. Non-members of the Association be sure to get a copy of the next Quaker.

## LIBRARY GIRLS START NEW YEAR WITH PARTY

Starting the New year off festively, touched a responsive chord in each member of the Library Club who gathered at Miss Lehman's home on Fourth street, January 1, for the first club party.

Fifteen club members and girls training to be librarians were present. After each had contributed a delicious dish, a dinner with all the frills, including chocolate nut sundaes, was served.

The following members were present: Lois Bailey, Mary Bunn, Carolyn Bush, Dorothy Gilham, Helen Horning, Marjorie Hostetler, Helen Huber, Catherine Ladd, Ruth Ruggy, Mary Shriver, Betty Ulichny, Melissa Votaw, Dorothy Whitcomb, Margaret Williams and Esther Zeck.

## HI-TRI HOLDS MEETING

A brief meeting of the Hi-Tri, the first of the new year, was held in Miss Petersen's office, Thursday, January 7.

It was announced that any new members desiring Hi-Tri pins may order them from Catherine Flick.

The club picture for the Quaker Annual is scheduled to be taken tonight.

Great will be the "primping and fixing" among these fair lassies just before the command: "Look at the birdie!"

## MCKINLEY DEFEATS QUAKERS IN HARD FOUGHT BATTLE

### Injuries put Team at Disadvantage

Fighting valiantly the Quakers dropped a close decision to Canton McKinley here last Friday night. A last period rally gave Canton a decision of 40 to 37.

The game was exciting from beginning to end. The Quakers were ahead by a score of 10 to 6 when the first quarter ended.

Canton began to creep up on Salem as the second quarter opened. Early in the quarter Wayne Sidinger injured his knee, and was replaced by his brother, Purn. Merle Whitcomb had the same tough luck a few minutes later, and Walter Linder took his place. However, the Salem quintet fought as before, and the score was 19 to 19 when the half ended.

The game remained close during the first part of the third quarter. Then Early was ejected from the game on personal fouls. The crippled Salem team fought nobly, and the score remained close. The score was 27 to 26 in favor of Canton when the third quarter ended.

Wayne Sidinger was able to re-enter the game as the fourth quarter opened. Purn Sidinger scored the longest shot of the game to start the scoring. Soon the score was tied at 32 all. A rally by Canton then spelled defeat for the hardfighting Quakers.

## MILK DISTRIBUTED TO PUPILS

The distribution of milk has been resumed in the Salem elementary schools since vacation.

Any child, whose parents so desire, may have a half pint of milk and two graham crackers at each recess period. This is for the benefit of the under nourished.

An improvement has been added to Fourth street and McKinley schools which will benefit the entire schools, not only the under nourished. New and longer "stop" flag poles have been supplied which means added safety for the pupils.

## SEVENTH PAIR OF TWINS FOUND

We have discovered a new pair of twins in our school. Tyler and Herbert Jacobson are twins and look a great deal alike and are interested in the same things. Up to date we have seven pair of twins in Salem High.

## Do You Use the Library?

There is one room in our school building which is packed full of travel, adventure, mystery and merriment. Here one may find the makers of many happy, useful hours.

He may find the story which inspired the moving picture; records of the achievements of the greatest heroes in time; hints from men who have succeeded in life; fiction which will carry him to the land of his dreams. There is something for everyone.

Those who have already discovered this wonderful world of books are fast friends and couldn't be kept away now.

Some night after school drop into the library and look around. There are books for athletes. There is a book about your hobby written by an authority. There are classical and modern stories, modern and serious. The more one looks about the shelves the more he finds.

There is no end of useful entertaining material in our library. Use it! There is no charge.

## We're Proud of Our Band

We students are proud of our forty-five piece band and congratulate it for the manner in which the concert was put over last night.

Many of the numbers presented are often heard over the radio. They represent a high class type of music that is very hard to play.

The concert was the object of many rehearsals and much hard work on the part of Mr. Brautigam and the student musicians, but much was accomplished.

## Coach Explains Basketball

Mr. Lewis, with the aid of Gordon Scullion and Frank Culler, enlightened the students on the technique of basketball refereeing by illustrated explanations of various personal and technical fouls.

Personal fouls consist of coming in contact with the body of the player in possession of the ball. Technical fouls are created by unsportsmanlike conduct of a player or of a whole team.

## SOME CLASS NOTES

## SENIOR NEWS

A committee composed of Lionel Smith, Mary Lou Scullion, Marye Louise Miller, Lorin Battin, and Andrew Visker chose the stationery for the class of '32 at a meeting held last Thursday.

A report of the treasurer, Mary Lou Scullion, shows that \$362.83 was made on the senior play. The senior fund on January 1, 1932 was \$591.55.

## JUNIOR NEWS

The junior class held a meeting last Friday at 8:35 a. m. in order to discuss the question of jewelry.

Three rings were put on display in the show case on the second floor and pupils were given until Tuesday to decide which ring they wanted.

A fifty per cent deposit is required when your rings are ordered and you are asked not to order the pin unless you are sure that it will be possible for you to pay for it, because of the depression.

If any pupil is unable to buy the ring now, he can re-order it next year.

(This is a correction of news contained in the junior column two weeks ago.)

The following juniors have won positions on the Salem High basketball squad of both girls and boys. On the boys' varsity squad are Frank Culler, Purn Sidinger, Bill Pauline. Reserves: Bill Holloway, Gordon Keyes, Wayne Russell. Christian Roth is assistant manager.

On the girls' varsity squad are: Ruth Jones, Mary Weigand, Mary Koenreich, Jean Scott. Reserves: Elva Safried, Betty Chappel, Jeanette Ospeck, Mathilda Hurray, and Virginia Everstine. Jean Harwood is assistant manager.

## SOPHOMORE NEWS

Semester exams are nearing and with them come (fond) memories of freshman days. As the class of '34 looks back on its freshman year it remembers how it felt before the mid-year exams, and with these thoughts in mind it wishes to console the freshmen who, no doubt are looking forward with great anxiety to the coming event.

## A NEW FIND

### LIVERPOOL DOWNS SALEM RESERVES

Stone's reserves played bang-up ball only to lose 22 to 20. It was a tough ball game to the finish. The Quakers were 3 points behind at the end of the third quarter but they quickly made it up and were right in line until Liverpool made four points and the game ended.

John French without his laugh?  
The Quaker not published any more?

#### Are You a Cantor? - or a Winchel?

Students who listen to Eddie Cantor or Walter Winchel get good ideas of how it feels to be a leader among men.  
Imitators of both men fill the ranks in all high school classes.  
Many wise people suggest that some day there will be many Cantors and Winchels if their popularity continues to run wild over the country.  
It is suggested that one one-thousandth of the population continue to imitate them as it will give the nation a generous supply of presidents.

Indianapolis, Ind., (ABS) — Students in the electricity class at Arsenal Technical High school here have nearly completed the set-up of a home-made oscillograph. An oscillograph, incidentally, is an instrument which permits an operator to see wave shapes of different kinds. The first test of the Arsenal Tech instrument, according to the Arsenal Cannon, school paper, will be an effort to see voice and musical notes.

### HEALTH RULES

Shall we check the many colds caused by this unusual weather by following these sixteen health rules?

1. Ventilate every room you occupy.
2. Wear light, loose, and porous clothes.
3. Seek out-of-door occupations and recreations.
4. Sleep out-of-doors if you can.
5. Avoid over-eating and overweight.
6. Avoid excess of high protein food, such as meat, flesh foods, eggs. Also excess of salt and highly seasoned foods.
7. Eat some hard, bulky, or raw foods daily.
8. Eat slowly and taste your food.
9. Use sufficient water internally and externally.
10. Secure thorough intestinal elimination daily.
11. Stand, sit, and walk erect.
12. Do not allow poisons and infections to enter the body.
13. Keep teeth, gums, and tongue clean.
14. Work, play, rest, and sleep in moderation.
15. Breathe deeply and take breathing exercises several times a day.
16. Keep serene and whole-hearted.

### SCHOOL SCRAPS

Waterville High School starts the new year off right with this charming bit about the Quaker in the Water-Log:

A soaring plane, a hum, and lo!  
A pack of mail drops down below.  
It hits the ground with a loud kerplow.

As the craft speeds on to the next school stop.

On top of the pack is a nice paper

From Salem High, and it's the "Quaker".

There's more to it, but that's all which concerns S. S. aside from the face that the Waterlog, a mimeographed paper, won first honor rating in its division in the Ohio State Publication Contest. Although, no doubt, a world more descriptive and more to the point than "nice" could be found to describe the Quaker.

Sophisticated Sammy of the Akron Lariat says: Even in this depression there is a Santa Claus. We are starting to hear Christmas "grittings" as the bills arrive.

Dick—I'm saving for a rainy day.  
Bill—Going to buy a sedan this time, eh?
