

STONEMEN WIN FINAL CONTEST ON WET TRACK

HARRIS

Four records went into oblivion Saturday as Salem won the annual County Track meet held at Reilly stadium. The Quakers scored 74 points, Palestine was close behind with 62½ and Lisbon placed third with 10 points.

Records were broken in the shot, broadjump, low hurdles, and half-mile. Outstanding among these was the race by Harris in the 880. He beat out Reidy from Palestine, who was heavy favorite, in the splendid time of 2 minutes, 3.5 seconds. Bruce Arnold raced over the 220 low hurdles in 26.1 seconds despite the muddy track. Wayne Russell, star weight tosser, broke his own record in the shot by heaving it 48 feet, 2 in. while Bill Pauline leaped 20 feet, 4½ in. in the broad jump to better the old record of 21 feet, 3½ in.

PAULINE

Other first places scored by Salem were as follows: Greenisen, high hurdles, Arnold, 100 yd. dash, Theriault, mile run, Pauline, pole vault. The mile relay team, composed of Theriault, Cooper, McFeely, and Harris, also came out first.

The remaining Salem men scored in this order: Catlos, 2nd in shot, 3rd in discuss, 4th in javelin, Russell, 2nd in discuss and javelin, Sidinger, 2nd in high jump, Rich, 3rd in broadjump. Greenisen, 2nd in low hurdles, Arnold, 2nd in 220 yd. dash, McFeely, 4th in 880, Cooper, 4th in 440, and Kamasky, 2nd in the mile run.

SALEM MUSICIANS WIN SIXTH PLACE

At the band contest at Oberlin Saturday, Salem's musicians placed in the following order: Dale Leipper, 2nd in tuba contest, Bill Holloway, 2nd in baritone contest, Clair King, 4th in trumpet contest, Charles Freed, 4th in piano contest, and the quartet placed third in the quartet contest.

The combined efforts of these five Salem musicians tallied 22 points for Salem, giving Salem sixth place in the contest.

SOUTH HIGH DOWNS QUAKER NET STARS IN TENNIS CONTEST

Salem High net artists suffered defeat at the hands of the Youngstown South quartet there last Saturday. The score was 4 to 2, South winning three of the four single matches, but the two doubles matches were split even.

Hammell starred for Salem by winning his singles match, and when paired with Mullins in the doubles, shared another victory. Most of the matches were hotly contested, and the South netters were pushed hard for their victories.

The set scores were as follows:

Singles

Eckert (South) won from Roth 7-5, 6-3.

Stevens (South) won from Snyder 6-1, 6-0.

Hammell (Salem) won from Morris 6-4, 2-6, 6-4.

UNDER NEW MANAGEMENT

This issue of the Quaker has been made up and put out by next year's staff with Paul J. Smith as editor-in-chief.

This issue is a sample of the ones which will be put out next year. We hope that next year's Quaker will be the best one published in the history of the school.

The new staff has been selected with but one purpose in mind. Those who will work hard and co-operate with the other staff members have alone been selected.

It is always easy for someone to criticize a paper but remember, there are two kinds of criticism, constructive and destructive. It will help this new staff very much if the paper is criticized with the idea in mind of making it a better school publication. It's not going to help either the staff or the Quaker or the school if it is picked to pieces merely for the pleasure of doing so.

The new reporters have worked hard; they have spent a great deal of time, effort, and thought upon this issue in particular because it is an advertisement of the kind of a Quaker that you will have next year. Together we have tried to give you a good paper and will continue to do so in the future.

Every department and division of the school has been taken care of, while provision has been made for the everyday, new incidents.

Remember, the Quaker is your paper. It is put out for all of you, not for just one or two or a small group.

We have a fine new staff of enthusiastic, willing, energetic students whose inexperience is more than made up by their industry and their ability.

MAKE YOUR WANTS KNOWN

Does the Quaker satisfy you? Has this year's Quaker been an interesting school paper? Have the students enjoyed reading it? Does it give the news that the students want to know?

These are the things that the Quaker staff would like to know. The seniors, who are leaving us, would like to know because it will tell them whether or not their paper has been a success. The underclassmen would like to know because it will give them ideas on how to run the paper next year.

This paper belongs to the students. The staff of this paper is here for the purpose of giving the students the news that they want. They can't do this unless the students make their wants known.

THE QUAKER HALL OF FAME

We, of the High School, nominate Mr. Kerr, our superintendent, for our Hall of Fame, because he has shown us consideration by suggesting shorter examinations.

We nominate those freshmen lassies, who don't seem to be "green", for their ability to defeat the upperclass girls in that recent Track Meet.

Another nomination is the Boys' Track Team of this year. That was fine work, boys.

INTERESTING TALKS FEATURE PROGRAMS IN TWO ASSEMBLIES

In an assembly Tuesday morning, Mr. Montgomery, vice-president of Muskingum College, gave an interesting talk about the things that will really help young people in their future life. He stressed the permanent value of friendship and education as compared with the temporary values of wealth and power.

After his address, two young ladies from the college, Miss McMurray and Miss Agnes Smith gave two vocal selections, accompanied by Miss Rankin.

Wednesday afternoon, Captain N. S. Dancy gave what he termed a "pep talk." He gave education and good citizenship as valuable assets in later life, and independence, intelligence and patriotism as rocks to build character upon.

"School," he stated, "is the first step of a long flight of stairs and intelligence and education are at the top."

He warned us to "avoid flag-waving and braggadocio" but to "think straight, talk straight, and act straight."

After his talk he held an open forum for questions, which was followed by his singing several war songs.

The assembly was concluded by the Flag Salute and a verse of the Star Spangled Banner.

SENIORS GROW PALE AND WEARY

The seniors are busy making ready for their exit from Salem high school on commencement night.

They are looking pale and weary from lack of sleep. The girls are worrying about new dresses, dates for the parties and so forth; the boys, when they worry at all, worry about next summer's vacation and who will win the baseball game.

It's the regular last minute rush of finishing up odd jobs, of exams, of parties and of counting commencement invitations and cards. Every year it is reenacted, so make the best of it, seniors, and enjoy yourselves in these last few remaining days.

COME ON, YOUTH! IT'S YOUR NIGHT

Tonight is the greatest night of the school year, the night of the Junior-Senior Prom. Tonight for the last time the classes of "33" and "34" will dine together and then assemble in the "rose garden" our imaginations and physical work has created. To dance and be happy, can't you picture it? A soft dreamy waltz, filmy gowns fluttering in the breeze, the sweet scent of flowers and above all this, youth itself reigning as queen.

For a few rare hours we shall hide; behind the blossoms and flowers away from the rest of the world and create a happiness that will linger in our memories forever. The Prom we have so long awaited at last is here. Oh youth, be happy and carefree, forget the sorrows of the world, dance—dance until you are ready to drop. Then go home and dream as you used to do when you were a little child with the stars and the silver boat, "moon," to watch o'er you, dream the world is all beautiful, dream the Prom over again. But here we'll have the great event over before it has begun, and it doesn't start till six tonight. Our happiness is about to begin, go home and get ready, this is your night, our night, come to our garden and bask in the radiance of beauty, youth, love and happiness.

POPULAR PAT SAYS

Hello Everybody!

Even though this column is now under new authorship we hope that you won't discontinue reading it. This time I have chosen a topic which I believe applies to practically everyone in High School. It is the habit of borrowing.

Keep yourself supplied with things which you are likely to need. Many people do not like to lend at all, and no one wants to lend except in an emergency. Never borrow without asking permission. Ordinarily people are willing to lend books etc., and then it is up to you to see that the book is returned in as good condition as when borrowed. Try to avoid borrowing money, but if you must a prompt and full return should be made.

There are some personal belongings which should never be borrowed nor lent. Combs, hairpins, and powder puffs are among these belongings. It is extremely unhygienic to use anything which has touched another person's hair or skin. Skin infections are very contagious and are easily transmitted by the exchange of such articles. Very frequently, girls are tempted to either borrow or lend a powder puff or comb. . . ever ask anyone to lend you hers and although you may dislike to refuse a request for yours, the borrower must surely see the strength of your argument against such a practice. So everyone, try not to borrow any more than is absolutely necessary because you know that often you do not care to lend your own personal possessions.

—Q—

"Tell Me What You Eat," said a soda counter philosopher in a loud voice, and I'll tell you what you are."

"Counterman my order for shrimp salad," piped up a little man a few seats down."

—Q—

"Now, Tommy, I want you to be good while I'm out."

"I'll be good for a nickel, answered Tommy."

"Now, Tommy, replied his mother, you can never be a real son of mine unless you are good for nothing."

PROOF READERS, NOTE

We'll begin with box; the plural is boxes,

But the plural of ox should be oxen, not oxes.

One fowl is a goose, but two are called geese;

Yet the plural of mouse should never be meese.

You may find a lone mouse, or a whole nest of mice;

But the plural of house is houses, not hices.

If the plural of man is always called men,

Why shouldn't the plural of pan be called pen?

The cow in the plural may be called cows or kine;

But a bow, if repeated, is never called bine;

And the plural of vow is vows, never vine.

If I speak of a foot and you show me two feet,

And I gave you a boot, would a pair be called beet?

If one is a tooth and the whole set are teeth,

Why shouldn't the plural of booth be beeth?

If the singular's this and the plural is these,

Should the plural of kiss ever be written keese?

Then one may be that and the two would be those,

Yet hat in the plural would never be hose,

And the plural of cat is cats, and not cose.

We speak of a brother, and also of brethren;

But though we say mother, we never say methren.

Then the masculine pronouns are he, his, and him,

But imagine the feminine she, shis, and shim!

So the English, I think you will agree,

Is the funniest language you ever did see.

THE QUAKER HALL OF OBLIVION

We should nominate those persons who like to place their names in public places. Remember: "Fools names and Fools' faces are only seen in public places."

We nominate Richard Gidley, the so-called traveling barber, because of his ability to keep the library and other rooms in such quietude(?).

Someone nominates a place in the Hall of Oblivion for the people who are continually dropping their books when the classes are changing, and thus hold up the traffic through the halls.

FIELD TRIPS RENEWED

It has been several years since the biology classes have been permitted to go out of town on their biological hunts for flowers and birds, but this year permission has been granted again.

All the biology classes have been watching the weather for the past weeks as diligently as the weatherman, and as each day has turned out cloudy, they have sighed and kept on hoping. Then came a day, the cars, filled with happy biology students started off for their destination, Blue Bell Swamp.

When the swamp was reached, the students followed the instructor for some distance. Then as bright flowers attracted their attention, they scattered in all directions to hunt for unusual plants and specimens.

Some of the flowers found were the Wild Hyacinth, a flower that is gradually becoming extinct, Wild Ginger, Jacob's Ladder, and an extensive amount of Bluebells. A rare bird, the Rosebreasted was seen. The students climbed back into the cars and started home, after a very interesting hike.

There were no accidents since everyone behaved, and in the future the classes may be permitted to go again.

We dedicate
