SALEM HIGH SCHOOL, SALEM, OHIO, MAY 11, 1934

PRICE 5 CENTS

## QUAKER TRACK TEAM PLACES 2ND IN MEET

East Palestine High ran off with the 1934 renewal of the Columbiana County track meet with 53½ points, capturing five first places and seven seconds. Salem surprised officials and dopsters by taking second place with 34. Columbiana was third with 30, Leetonia fourth, 28; Lisbon fifth, 14½, and Wellsville sixth, 5.

Wagonhouser of Leetonia was high point man for the meet with 13¾. He won the 440 and broad jump and was second in the 220 and anchored Leetonia's mile relay team to second place. Pegossi of Columbiana was just a hair behind scoring 13¼ points. He won the 100 and 220, and was third in the broad jump and anchored his team to a new record of 1:36.5 in the half mile relay. They broke the old record held by East Palestine of 1:38.4. This was the only record that was broken.

Summaries:

100 yd. dash—Pegossi (Col) won; Morrison (Well) 2; Allcorn (E. P.) 3; Konnerth (S) 4. Time 10.3 sec.

Pole vault — Layden (S) won; Prasco (Lis) 2; Mayhew (E. P.); Eakin (S), and James (Lis) tied for 3 and 4; height 11 ft.

120 yd high hurdles—Switzer (E. P.) won; Shafer (S) 2; Detwiler (Col) 3; Bortner (E. P.) 4. Time 16.5 sec.

Continued on Page 4

## NEW UNIVERSITY FOUNDED IN U. S. A.

Rose-Croix, a new university having as its ideal the reconciliation of religion and science, has been founded by the Rosicrucian Order, A. M. O. R. C., a non-sectarian fraternity, with its Supreme Temple at San Jose, California.

This reconciliation of religion and science will be done by uniting the spiritual concepts with the material revelations of the laboratory.

At present the first unit of the school is under construction.

Its curriculum includes courses in ontology (history of the evolution of individual organisms), biology, chemistry, physics, music, ancient and medieval philosophy, and modern metaphysics (mental philosophy).

The primary function of this school will be to provide post-graduate courses for Rosicrucians living in various parts of the country.

## TEACHERS GET TESTS

The Salem City board of examiners conducted a teachers' examination at the high school on Saturday, May 5.

## We Join In Salute To Our Mothers

Sunday, May 13, we pay tribute to the greatest gift God has given to us, our Mothers. Only once a year do we have a special recognition of them, of their devotion and unrepayable service. Once a year we remember them; think of some of the many things they do to make us and our lives happier. Yet, often we find and recognize the little things they did not do, the things we wanted them to. Too often, we complain, we defy, we disobey, we ignore. It isn't easy to keep quiet when we want to say something that we know will hurt. But we can do it, if we try.

This year we are giving Mothers special recognition. On our postage

stamps we have put, as symbolical of all Mothers, a picture of the artist, Whistler's, mother. He loved his mother and painted her as he loved to see her, as he wanted to remember her. We can't all be painters, nor poets, but we can express our love and appreciation in other ways.

Life is so short and our time with our Mothers so limited, let's try to make their short hours with us pleasant, as unmarred by unhappiness as they try to make ours.

"It's not just sentimental  
She has her griefs and cares  
And a word that's soft and gentle  
Makes them easier to bear."

## STUDENTS PLACE IN KENT CONTEST

Jane Metzgar took 8th place in Latin I and Dick Harris placed 10th in Chemistry at the District Scholarship exams at Kent last Saturday.

The examinations were held in the morning and lasted for an hour.

Approximately 1150 students from this district competed, Salem sending a team of sixteen. In the city group, Wooster placed first in the number of points won, with Ashland a close second.

In the afternoon the following program was presented by members of the Kent student body: Brass quartet; men's glee club; Madrigal club, a musical organization; girls' glee club; one-act play, "What They Think," presented by the Freshman Dramatic club; folk dances by the gym classes; tumbling and other gymnastics by the boys' gym classes; tap dancing and modernistic dancing.

At the conclusion of the program the awards were announced.

## SENIORS ACQUIRING GRADUATION NEEDS

At a senior class meeting held last Monday, Miss Beardmore announced that the Commencement Announcements had arrived and that they would be distributed later in the week. She also said that the students who ordered their cards from her could receive them at the same time. This year the Board of Education presented each member of the graduating class with one dozen announcements.

A committee composed of Robert McCarthy, chairman, Oland Dilworth, Margaret Moff, Bill Adams, Dorothy Astry, and Bob Snyder was appointed to select a gift for the high school from the Class of '34. Any person having a suggestion for a gift should propose the idea to the committee.

## MANY ATTEND GALA HI-Y DANCE IN GYM

Seniors Profit \$20

More than 250 persons attended the Hi-Y Inter-City May Dance, held in the High School gym last Friday evening at 8 o'clock.

According to popular opinion, the gym was decorated better than it has been before for quite some time. Streamers of five different colors were hung from different parts of the gym, meeting on a large ring in the center, under which was installed a fountain surrounded by ferns and palms.

The dance music was played by Johnny Ecker's orchestra, which had as an attraction a floor show featuring Eileen McCauley, blues singer and dancer.

A group of Hi-Y members and guests also came from Alliance.

The Senior Hi-Y sponsored the dance and made a little over twenty dollars.

## DRAMATICS CLUB TO PUT ON PLAYS

The Salemasquers are preparing three one-act plays for presentation to the public in the near future.

"Three Friends" and "Elmer" have already been given in Salemasquers meeting, but the third, "The Boy Who Found Easter," will be presented then for the first time.

These plays will be presented in the evening and a small admittance fee will be charged.

## PUPILS ENTERTAINED BY 2 MUSIC CLUBS

The Junior Music club and the Salem Music Study club presented a musical program in an assembly yesterday morning.

A variety of vocal and instrumental selections were given.

This was the second musical assembly this week due to the fact that this is National Music week.

## ADVISOR PICKS JUNIOR GROUPS IN PROM WORK

Miss Horwell, junior faculty advisor, has started preparation for the junior-senior prom by appointing committees who will make and execute the plans for the prom.

The committees are:

### Gym Decorations

Misses Horwell and Douglass, faculty supervisors.

Benjamin Cope, chairman; Robert Dole, Stewart Elder, Mary Finnegan, Dick Harris, Helen Huber, Charlotte King, Dorothy McConner, Richard McConner, Margaret Mounts.

Fred Roth, Robert Schaffer, Roland Schaeffer, Martha Schmid, Lowell Shallenberg, Margaret Stewart, Betty Theriault, Olive Tolson, Harris Trewetz.

### Decoration and Seating at Masonic Temple

Miss Lawn, faculty supervisor.  
Donald Hammell, chairman; Clifford Althouse, Thirl Mead Eckstein, Mary Francis Juergens, Helen Papesch, Charles Palmer, Janet Walker, Anna Ruth Vincent.

### Program

Mr. Lehman, faculty supervisor.  
Harry McCarthy, chairman; Thomas Bennett, Emma Jane Lewis, Alfred Reich.

### Favors

Miss Lanpher, faculty supervisor.  
Joyce Chatfield, chairman; Mary Bunn, Caroline Bush, Jean Gallatin, Mary Giffin, Ruth Kinney, Margaret Williams.

## PROSPECT SCHOOL GIVES OPERETTA

The operetta, "Goldilocks' Adventure," was presented in the auditorium Monday afternoon by Prospect school. The play is under the direction of Miss Naragon, Miss Catton, and Miss Whitacre. The story tells of the adventures of Goldilocks and the immortal "Three Bears." The presentation was repeated Tuesday night.

VOL. XIV                      MAY 11, 1934                      NO. 28

**EDITORIALS**

**IS OUR COUNTRY BACKWARD?**

The May 1934 issue of "The Readers' Digest" gives us some facts of the amount of money received by the widows and orphans of World War soldiers for support.

It seems as though the widow gets but slightly over a dollar per day for herself and children, with a small addition according to the number of children. "The Digest" points out that this fact is true

only in the United States, of all the great nations. The European countries honor and respect the widows of the dead soldiers, and see that they get a sufficient sum of money upon which to live.

A nation so rich and powerful as ours should decently support the families of the ones who sacrificed their lives to keep our country the foremost of all.

**LITTLE THINGS COUNT**

It is a curious thing how the people of the world pay but scant attention to the little things in life. In fact, we don't even bother to look for the important events that are happening daily in our own lives. Instead we rely upon the newspapers of today to bring to us all the news. It is very easy. All we have to do is to pay the three cents for the paper and devote the rest of the time to devouring its contents.

In our own lives, however, there seems to be no person or thing that will see that the big things or even the little things that occur around us and bring them to our attention. Remember, a smile, a friendly word of greeting, assistance of any kind will go a long way in making the day happier for someone. So when you see someone that needs a word to cheer him up just remember it's the little things in life that count.

**THINK BEFORE YOU ACT**

How many of us roll down the car windows and shout angrily at the poor truck drivers just because they happen to be driving slowly up a hill and you are in a hurry to get no place fast?

Did you ever stop to think just how good-hearted truck drivers really are? For instance, when you are traveling in the dead of night and along comes a blow-out, one of

the first persons to stop and help you is a truck driver. Also, they are the most careful of all drivers. They alone have witnessed many highway accidents which result from reckless drivers. A fleet of 175 big express trucks average one highway accident a year for each 583,000 miles of traveling. The next time you roll your window down to shout at a truck driver, just remember one may come in handy some day.

**KEEP YOUR EYES OPEN**

During the depression the number of patents in this country was doubled. Most of the new things have to do with ways of living and tend to make home life cheaper.

Television is one of the greatest of the newest inventions. It is said that television will be here just as soon as we are prepared to lay tele-  
visors.

This wave of inventive genius shows what can be done if pressure is brought upon some people who are ignorant of their ability. Applying this to going to college, it shows that young men and women have found other ways of going to college than by being sent by their parents.

**STUDENTS ENJOY LUNCH IN SCHOOL**

Lunch in school. It's a splendid idea. If you don't believe me just ask the French III students. They know.

One Friday not so long ago all the members of the sixth period French class brought something to eat. Each girl described her article in French and then passed it around to the class.

All the students should have had enough to satisfy their seemingly constant hunger until dinner at least. There were two kinds of sandwiches, three kinds of cakes, three kinds of candy, two kinds of peanuts, oranges and bananas.

The party was so successful that the French III class think it should be a weekly event. What do you think?

—Q—

**REMEMBER WHEN**

Margaret McCulloch and Mary Ellen Ketterer had long curls.

Dorothy and Dick McConnor played piano duets.

Bob Snyder's mother brought him to school. (Just to be sure he got there.)

Mary Bunn used to cut paper dolls.

Charles Gibson brought apples to teacher.

Janice and Bill didn't go together.

Kathryn Cessna wore ankle socks. Helen Tinsley wanted to be a doctor.

Ruth Cornwall used to take naps. Jack Mullins had to bring a pillow to school.

Ben Cope was called Benjamin. The McCarthy kids didn't have an office.

Dorothy Astry was a chubby little rascal.

Paul D. Strader, Jr., was called Polly.

Dick Harris was called Richard. Marianne didn't know Walter.

We all went barefooted.

Harry McCarthy played the violin. Troy Cope was teacher's pet.

Oland Dilworth was the terror of Prospect.

Betty Long wore pigtails. Moffy was a good little girl.

We didn't have this column.

—Q—

**WHOOSER**

This sophomore girl hails from 307. She has dark hair and eyes. She's rather short. As a general rule she attracts the seniors and post-grads of the opposite sex. I don't know why, maybe it's her dignity (!)

Last week Ruth Kennedy was described.

—Q—

**WHOOSIM**

This young man is a junior and his home room is 205. He's about medium height and has dark hair and eyes. He's seen practically all the time with a blonde junior lassie from the same home room who lives out on Ellsworth avenue.

Last week's Whoosim was Paul Smith.

**student opinion**

I think that activities are more important than real good grades because you get to know your classmates better and anyway, high school is supposed to be the happiest days of your life, so why not have a little fun with your work?

A. D.

—Q—

I think it is rather nice to have high grades in school but on the other hand you have to study too much. Having good grades is an advantage when you leave school but when you are an average student you have more fun in school.

D. B.

—Q—

I think it would be worth while to have Student Government in Salem high. It would give the student and I think they would enforce the laws more than some one superior to them.

M. W.

—Q—

As pertaining to high and low grades why not strike a happy medium? Give part of your time to studies and part to activities. If you are an average student you can study, yet have some time for social activities.

L. P.

—Q—

**SOCIETY NEWS**

Dorothy Benzinger spent several days of last week at Sweet Briar.

Ruth Kinney spent last weekend in Cleveland.

Charles Gibson was in Cleveland Sunday.

Dorothy and Jeannette Astry, and Margaret McCulloch left today to spend the weekend at Wells in Aurora, New York.

Marianne Mullins was in Cleveland last Monday.

Robert Snyder and Paul Smith spent the weekend in Cleveland. They visited Western Reserve.

Joyce Chatfield spent Saturday in Youngstown.

Bob Battin spent Sunday in New Philadelphia.

**I WONDER**

Why the authorities haven't done something about the state of mind in which we found two senior girls recently—or make it just their high ambition, anyway. Mary Haldeman and Catherine Ladd were seen enthusiastically endeavoring to scrub a downtown building with toothbrushes. And these same girls were seen flaunting brown spots on their noses. Girls, girls, you'd better start explaining yourselves.

Why Mr. Lehman must always catches us chewing gum.

Who walked home with Anne Varin from the skating rink a week ago last Tuesday night.

Why so many of our girls have taken up the pleasure of roller skating.

If Wayne Sidinger thinks Virginia (8th grade) is rather nice.

What excited Helen Pauline and Hilda Kloos recently.

If Helen Papesch can drive a Model T Ford.

Where Stanley Kamaskey got the name of "Mr. Clark."

**WHAT IS A BABY?**

In response many good definitions were submitted in a contest conducted by the London Tid-bit. Here are some of the best:

A tiny feather from the wing of love dropped into the sacred lap of motherhood.

The morning caller, noonday crawler, and midnight brawler.

The latest edition of humanity of which every couple think they possess the finest copy.

A native of all countries who speaks the language of none.

A mite we are expected to make a fuss over and look as if we enjoyed doing so.

An inhabitant of Lapland.

A padlock on the chain of love.

A wee stranger who enters a house without a stitch to his back and soon possesses all to be had.

A curious bud of uncertain blossom.

John V.—"G. H., how do you graft trees?" G. H.—"Cut a top off one tree and put the top of another on."

Your tender, loving guidance  
Like a light upon the way,  
Makes clear the path I travel,  
And guides me day by day.  
Your friendly cheer is always mine  
Your love no ill can smother,  
In all the world no friend like you,  
God bless you richly, Mother.

**DABBLE**

(From the Pathfinder)

A fool always has an answer at the tip of his tongue.

People are as old as the tunes they whistle.

No matter how thick-skinned one is, he can always feel the pinch of poverty.

No wonder a hen cackles when she lays an egg, for she's done something which may turn out to be a son that never sets.

Many women cry over breaking a pet ten-cent dish, but think nothing of breaking hubby's last ten spot.

Silly Sally thinks a 'myth' is a female moth.

This country seems to have decided that if the people won't eat up the corn crop the next best thing to do is to drink it.

It may not be good manners to "dunk" your bread in the gravy, but it's darn good taste.

The "lime of Beauty" is said to be a double curve, like the letter S. But the value of it greatly increases when a line is drawn through it—thus \$.
