Quakers to Play Liverpool Tonight

Seeking revenge for last year's drubbings at the hands of the East Liverpool Potters, Coach Herb Brown's Quakers are taking on a fast stepping quintet tonight in the Salem gym.

Liverpool, coached by Howard Lindell, seems to be an off and on team. If they should happen to be in tonight they promise to make it plenty hot for the Red and Black.

As a comparison of the power of the two squads we offer the Lisbon-Salem, Lisbon-Liverpool games. Salem walked away with the Blue and White of Lisbon while the Potters had a difficult time with the County Seat boys, defeating them by a very close score.

Liverpool will probably use a man-to-man defense against the Quakers. A man-to-man defense was used by the Potters against Massillon last Saturday night, when Massillon trounced Liverpool to the tune of 49-29. Salem, on the other hand, showed marked superiority over the Steel City lads.

The Potters are a comparatively small team, ranging about the same as the Massillon squad. The best man on the Liverpool team is Marvin Kinsey, the boy who tossed the

Girls Gym Classes Learning to Dance

Miss Hanna's gym classes are now being instructed in the tepic choreau art, gymnastics having been discontinued for the time being.

The girls have learned to dance the square dance, which included such dances as the "Windmill," in which each person participates in making an effect of a windmill, and the "Birdie in the Nest," named from the way the dance is performed.

Social dancing is also being taught. This week the girls were taught the fundamental steps of the waltz and the fox-trot.

Students See Dr. Roemmert's 'Microvivarius' in Assembly

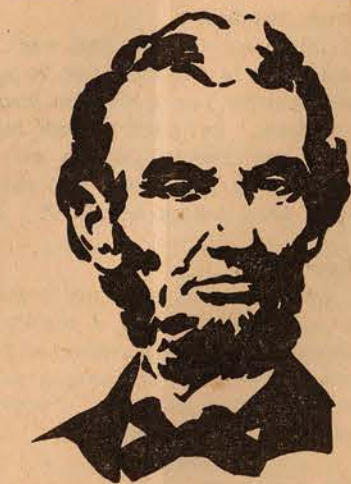

Dr. George Roemmert, famed scientist, presented his "Microvivarius" exhibit in an assembly sponsored by the sophomore class in the auditorium yesterday.

During the World's Fair, nine million persons each paid fifty cents admission to see this exhibit, which lasted the whole run of the fair.

Dr. Roemmert, who is highly recommended by the American Museum of Natural History and the Science News Letter, has solved the microbe problem which had scientists completely baffled for fifteen years.

In a recent issue of the New York Times magazine an article appeared which was entitled, "The Ferocious World of Our Tiniest Animals", in which Dr. Roemmert illustrated parts of his display.

Dr. Roemmert used a screen which was three feet in diameter to show the actual living organisms.

Early Birds Get Basketball Floor

Last week members of the Hi-Y basketball squad turned out at the High school gym for an early morning practice.

Mr. Jones, adviser of club and coach of the club's team, called practice for 6:30 a. m., to which the members responded. This was the only time available for the team to practice due to the fact that gym classes, girls' teams, varsity basketball and intramurals have charge of the floor from school time until evening.

The practice was called to prepare for games to be played with East Liverpool and Sebring Hi-Y teams.

Auto-Mech. Class Gets Equipment

The auto mechanics class has received new equipment for their department. This includes a sand-box, made by Sam Rea and John Alesia, for the moulding division, and an electric forge for the forging division.

The students are completing the work on moulding flasks, and the remodeling of the moulding bench. The brass furnace is nearing completion and will be ready for use in the near future.

Home Room Holds Morning Programs

Members of Junior home room 202 voted last Tuesday to have a program each morning in the home room from 8:30 to 8:45.

Different pupils of the class will participate in the affair by singing, telling stories, etc.

Miss Douglas, teacher of the home room, will choose a committee, which is to appoint the persons to be on the programs.

Today's Headlines

Government Agents Get Narcotic Peddlers

NEW YORK—Narcotic agents arrested two alleged "big shot" peddlers of narcotics, including morphine worth \$250,000. The arrests were made after a blonde former show-girl had been suspected and shadowed for some time.

After several weeks, the agents saw the woman contact a small-time peddler. The peddler led the agents to the apartment of one of the "big shot" peddlers, where the narcotics were found concealed under beds and in closets.

American Legion To Have Birthday

INDIANAPOLIS, Ind.—At national headquarters in this city it was announced that the American Legion will celebrate its nineteenth birthday during March 15, 16 and 17. A series of gatherings from coast to coast during that time are planned.

Pitt Mayor Curbs Horn-Blowing

PITTSBURGH, Pa.—As another step in his anti-noise campaign, Mayor Scully declared that persons caught blowing auto horns unnecessarily will be fined \$10. To determine just when it is necessary for motorists to blow their horns, every policeman in the city has been instructed to act as a strict judge, the mayor said.

Big Pictures Due In '38

HOLLYWOOD, Calif.—With a combined production budget of \$200,000,000 for 1938, and encouraged by the outstanding success of the coast-to-coast pre-release showing of "Wells Fargo" and "The Buccaneer," Hollywood producers are preparing to spend the largest amount of money ever spent on epic-proportioned pictures.

This decision was made, it was reported, because of the public's reaction to spectacle pictures.

Senator Proposes Broadcast Review

WASHINGTON, D. C.—Senator Herring, as a step toward "cleaning up the air," has proposed that radio stations submit all their programs voluntarily to a federal board of review. The senator declared that there "isn't a broadcaster in the country who wouldn't be glad to submit his program before broadcasting it."

Senator Herring declared that he would introduce legislation to set up the review board within the Federal Communications Commission.

Niagara's Falls View Bridge Blasted

NIAGARA FALLS, Ontario—The wreckage of the Falls View Bridge has been blasted into six 200-foot pieces by dynamite. It was reported that buildings shook and windows were smashed by the explosion.

Hi-Y Club Holds Scavenger Hunt

The Hi-Y club of S. H. S., member of the national organization, has recently participated in many varied activities. Among these were a scavenger hunt and a basketball game with Sebring. They plan to accept the invitation, proffered by Canton McKinley, to visit them in the near future.

Although detained by a fire which broke out in the downtown section, Bob Kaminsky's team collected the most required articles. Since they were late, the prize of five suckers was given to Wally Davis' team. The list, naming the things to be found, included a glass eye, rubber baby pants, milkweed, a photo of Sally Rand, Mayor Harroff's signature, a '34 band dance program, and a request to discover the owner of license plates number V-44-N.

The club, by joining the national Hi-Y, which is affiliated with the Y. M. C. A., will receive membership cards which will be given to each Hi-Y member.

Senior Speeches Abolished By School Board

At its regular February meeting, held last Monday evening in the High School building, the Board of Education abolished senior speeches as a requirement for graduation.

Salem school is among the last to do away with this traditional oratory on the part of the upper-classmen.

Teachers and students will now be able to spend this time on regular classwork. The teachers felt that the speeches were more bother than good. Due to the speechmaking now required in regular classes, the graduation requirement is really unnecessary.

Harold Hoprich, editor, says: "Our modern system of education is so devised as to develop the oratorical qualities of the student to such an extent that this requirement is no longer needed."

The Quaker feels that this action on the part of the Board is an expression of the sentiment of both students and faculty.

'37 Grads Active In Various Activities

Office statistics of the class of '37 show that its members are engaged in a variety of activities.

The records indicate that out of the 156 students who graduated last June, 86, or 50 per cent, of them are doing local or outside work in some form. Fifteen, or 5 per cent, are employed in Salem factories.

Twenty-one students, or 12 per cent, are attending colleges in outside cities.

Six members, or 3 per cent, are attending Salem Business College.

Seven persons, or 4 per cent, are married.

The remaining members are either at home or residing in some other city.

"Roses Are Red, Violets Are Blue, Sugar Is Sweet, and So Are You"

February 14th being Valentine's Day, it was decided it would be a good idea if we would all learn its origin. It seems that it was dedicated to the Goddess of Love in the Kingdom of Hearts, with Cupid doing plenty. He was especially active. On this day messages with the significance of love are sent and received. The custom of sending satirical and caricature prints known as "comic valentines" anonymously is indeed an old one.

Though named in honor of St. Valentine, a bishop or Pope of Rome, no connection seems to be attributed to his conduct because he was a pious personage.

Bailey's English Dictionary (1721), one of the earlier authorities, said of St. Valentine's Day: "About this time of year birds, choose their mates, and probably thence came the custom of young men and maidens choosing Valentines, or special loving friends on that day."

In the days of quill pens amorous swains were obliged to content themselves with sending their fair

and chosen ones thick sheets of gilt-edged paper with a gilt cupid gummed on it, and with a message about,

"Roses are red,
Violets are blue,
Sugar is sweet,
And so are you." and so forth

These were written with many flourishes of the pen.

While greeting cards of today may trace their origin to St. Valentine's Day, the old custom of elaborate lacy cut-outs with cupids and hearts galore, still commands the attention of youth today as being particularly appropriate for his message of admiration.

In the Kindergarten Work of Public Schools, St. Valentine's Day is welcomed as the most excellent time to stimulate interest in creative design, exceptionally clever cut-outs often resulting — so get out your paper, pencil and scissors and start racking your brain for an idea for a clever Valentine for your best girl.

Salem High Can't Take It!

"Salem High can't take it. They certainly are poor losers," remarked the fans as they left the Warren-Salem battle last Tuesday. It is a discouraging and shameful fact to admit, but each and every one of the students who attended know this is true.

Many times the gym echoed the lusty boos and jeers as the spectators disagreed with the referee's decisions.

Salem hires good officials—officials who are experienced and who know the game and the rules. All of them must pass an examination on Basketball rules and be registered with the State Athletic Association. Are we, as spectators going to place our judgement and knowledge, above that of the officials? A referee cannot see everything, but the audible sounds of disagreement will not make a referee change his decision.

The boys were out there fighting an uphill fight, but received no encouragement from the students as they insisted on whistling, booing, and hooting, and in one case held up the game.

This demonstration was unworthy of the student body of any high school, much less Salem High. Will Salem High be branded as a POOR SPORT? Do the students of Salem High wish the honor of the team and school to be dragged through the mud of unsportsman-like conduct?

You, the students of Salem High that bear its name, are responsible!

Wanted: A New Fad

Several years ago the miniature golf course craze hit Salem. It was then that every available corner was the site of miniature fairways and numerous ardent golf fans. However, after several months, the fad wore off and the service stations reared their heads over the erstwhile golf glees.

One winter the people went crazy over the jig-saw puzzles, so every one tried to piece out more of the beastly things than anyone else.

Many other such fads have dynamited the country, but alas, all have died a sudden death and breathed their last. We are all dejected. People sit in idleness with nothing to do but twiddle their thumbs, study, work and play. Who can save them from their plight? Perhaps you can do something.

Dear KKK,

Recently a boy asked me to go to a dance with him. I eagerly accepted, but now I remember I can't dance. I am planning to go anyway and sit out all the dances with him. Is this proper?

Eager

My dear Eager,

Of course, you must realize that it would seem peculiar to sit out all the dances. Why don't you struggle through one dance with him? After that, I believe he will know better than to suggest dancing again for the remainder of the evening.

Let me help you with your problem!!

Advice to the lovelorn:

The male sex may be divided into three groups: Nice young men, swell guys, and hot kids. If you're a boy, it's best to be a swell guy; you may be a hot kid; but NEVER be just a nice young man.

Eight Boys In
Typing Classes

Do you know there are eight boys taking typing this year? Miss Bickle, typing instrustress, says: "The boys do as well as girls in typing. Nearly all of them hand in their assignments on time."

Among these boys are a musician, a basketball player, and a football player—three seniors and a junior.

Robert Hively, the only one who is taking shorthand, keeps his fingers limber by playing a violin, while Julius Nestor, football star, likes to watch his fingers "pass" from one key to another just as a football is passed from quarterback to right tackle. Galen Duncan, varsity basketball player, "dribbles" over the keys.

The other male member of the typing class are Ed Bush, Bill Hiltbrand, Alvin Robbins, Joe Sabona and Chester Coughenor.

50 yard pass that defeated the Salem football squad in the last 20 seconds of that never-to-be-forgotten game.

Although stopped cold by Massillon's powerful zone defense, the Potters ordinarily employ a fast breaking offense which should afford the Quaker's man-to-man defense considerable trouble.

Probable East Liverpool starters are: M. Kinsey, McGraw Ward, Wetzel and Vascial. Salem will use Olexa, Lutsch, Dickey, Everhart, and Shaeffer.

Marvin Kinsey seems to be the spearhead of the Liverpool team although they are a well balanced team with no one member scoring very highly. Jay Kinsey, brother to Marvin, and Maley break into the lineup quite consistently for Coach Lindell.

Mariner will referee with another man. The varsity game starts at 8:30.

Intramural News

CLASS "A"

Nearing the end of the first round of the Intramural basketball games, the Shamrocks and Hiballs find themselves tied for first place, with the Hoosiers a close second. Mr. Smith stated that if time permitted, a Round Robin tournament will be held for benefit of teams not placing in the regular schedule. The team winning the Round Robin tournament will play against the Class A champs to determine the championship team for the Intramural season of 1937-38.

A Round Robin tournament is one consisting of ten teams, each team having an opponent, and the team losing two games will be automatically dropped from the tournament. The team winning each game will rise to the top until only the two remain to play for top honors.

The standing of teams in Class A is as follows:

Teams	W.	L.	Pct.
Shamrocks	7	1	.875
Hiballs	7	1	.875
Hoosiers	6	2	.750
Swingsters	5	3	.625

Black Demons	1	7	.125

BIG GAME

"My doctor is going to play Beethoven tonight."

"I 'ope she wins."

Mr. Smith stated that a Round Robin Tournament will be held for Class B if time permits them to do so. The standings so far in Class B finds the Muskets in first place with eight wins and no defeats, giving them a percentage of 1.000. Tied for second place are the Mickies and Squirts, each having won six games and lost only one, giving them a percentage of .857.

The standings so far this season in Class B are as follows:

CLASS "B"

Teams	Won	Lost	Pct.

Tigers Fall Before Quaker Big Guns

Brownmen Show Real Class Olexa Heads Salem Attack

Showing their heels to the so-called No. 1 team of Ohio, the Salem Quakers nosed out the Massillon Tigers by the margin of 30 to 28 in the Quaker gym.

The first quarter opened with Massillon drawing first blood with a shot from mid-floor. Salem came back with "Gib" Everhart sinking a long shot. Max Lutsch added a free throw and then "Ollie" Olexa contributed a goal from mid-floor. Massillon then took up the scoring with a free throw. Olexa immediately added to Salem's score with two quick goals. The Tigers from Massillon then concluded the first quarter scoring with a bucket from under the hoop to bring the score to nine to five in the Quaker's favor.

The second quarter saw Massillon shorten the Quakers margin as they outscored the Brownmen 10 points to nine, Dickey and Olexa getting Salem's nine points, the half ending with Salem on the long end of a 18 to 15 count.

The third stanza was the most disasterous for Massillon, as they were held scoreless for the first time this season. The Quakers continued to grab points before the quarter ended 23-15 in their favor.

In the last period the Massillon zone defense slowed the Brownmen down by constantly pressing them back into their own territory. This was probably the best quarter for Massillon as they rung up thirteen points. But Salem's foul shooting proved to be the Tiger's downfall as Olexa, Schaeffer and Everhart sank five free throws. Olexa got his sixteenth and seventeenth points by sinking the only field goal the Quakers were able to gain during the fourth quarter, ending the game 30-28, with the Brownmen on top.

Ollie Olexa was once again the spearhead of the Salem offense, sinking seventeen of the Quakers thirty points. Jim Dickey and Gib Everhart displayed nice floor-work in mid-court although pressed hard by the Tigers zone defense. Max Lutsch turned in a nice defensive performance but his offensive tactics was not given a chance as the Massillon defense "ganged" up on him each time he had possession of the ball. Bill Schaeffer showed his usual aggressiveness as he was continually in the center of the battle. And last but not least is Leonard Bonsall. Bonsall replaced Lutsch in the third period and turned in his best performance of the year. Leonard's specialty is retrieving rebounds from the backboard.

Warren Presidents Beat Salem, 34-29

Finding themselves unable to click against a strong Warren zone defense, Salem fell, 34 to 29, last Tuesday night before a capacity crowd in the Salem gym.

The Red and Black showed up very poorly against the Warren Presidents, led by Totterdale, who chucked in five field goals and three free throws for a total of 13 points.

Olexa led the Salem scorers, equaling Totterdale with 13 points. Lutsch and Schaeffer each tallied five points to take second scoring honors for Salem.

Warren was unable to score in the first quarter while Salem amassed five points. The second stanza was very listless and uninteresting. The score at the half stood Salem 12, Warren 8.

In the third frame things livened up a little with Warren stepping into the lead, 24-22. Salem again seemed unable to crack the zone defense. The Quakers didn't look anyways near the team they did last Friday against Massillon.

Again in the last period Salem was outscored by the Presidents as Totterdale showed his accuracy at mid-floor shooting. Salem didn't come close to bringing it up as the quarter rolled past with foul shooting and jump balls predominating most of the time.

The Quakers looked good in one department of the game. That was shooting fouls. They had a percentage of .785 as they made 11 out of 14 free throws. Warren, very weak in this phase of the game, sank but six out of 15.

Smith of Warren, who was put out on personal fouls in the fourth quarter, was second high man in the game, sinking four field goals for an eight-point total.

After reading last week's edition of the Hamilton school paper I take it they didn't like the rating Professor Lickenhouse of Louisville university gave their state championship basketball squad. It will be remembered that Hamilton was, up until last Saturday, undefeated in 40 games. Lickenhouse rated the Big Blue team as eighty-third among Ohio's scholastic Class A high schools. I am inclined to believe that the Louisville professor is slightly wrong in his ratings, as do many notable sports scribes.

Speaking of Hamilton, they were defeated by Portsmouth last Saturday evening to snap off a 40 game winning streak. That was tough luck! Especially after they had come so close to breaking the record, held by a Dayton school, for consecutive games won.

The Quakers will find it hard to defeat East Liverpool if they fail to perform better than they did against the Warren Presidents.

The Salem reserve squad fell before an onslaught of Warren buckets, 43 to 25. Duncan led the Red and Black with nine points, while Carbaugh sunk 14 points for the Warren squad.

lem scores. Did you notice the new type defense used against Warren? —Everhart and Dickey were of the pivot men.

This Marvin Hinsey, who roams the hardwood for Liverpool, is remembered also for his passing ability in a football game, with the Quakers last season. He is also known as the high scorer on the Potter basketball squad.

Salem still remains at the same peak in basketball ratings after defeating the state's No. 1 team. Now I ask you, is the Hamilton writer right? I call those ratings Lickenhouses Folly!

Unsung heroes and heroines at our games are the Senior Stand folks who fight their way through the mob to sell candy and ice cream bars.

Celebration, such as was staged after the Massillon victory has not been seen around here since Salem defeated Akron West to travel to Columbus last year. Even Mr. Cope got excited.

Did you notice that Salem held Massillon, No. 1 team of Ohio, score-

less in the third quarter?

Akron North stepped into first place of Ohio teams after losing to Canton McKinley by about twenty points. — More "Litkenhouses Folly."

The Liverpool Reserve squad has only been defeated once — that's the hands of Massillon. Here's another good chance, boys!

It seems the boys just could not get going Tuesday night. That Warren defense was plenty tough. Totterdale proved himself fatal to the Quakers.
