Exploring Biology,' Mrs. Cox's Book, Received by S.H.S.

During the latter part of the week was the new Biology book by Ella Thea Smith (Mrs. Cox) entitled "Exploring

definitely a product of the Salem High school Bissesses which during the past five years have cooperated with Mrs. Cox and Mrs. Cope in trying out much of the material in the classroom.

She has worked for six years on the subject matter. The research reported is ten years old.

There are four hundred and fifty pages, sixteen charts of pictures, a very new feature of educational value; nine full page illustrations which illustrate the content of the nine units which in all make up a 710 page textbook.

She has ordered copies for the school during the rest of this year and the succeeding years. These are shipped directly from the publisher last Wednesday.

Drawings and many of the illustrations were done by Marion Salem.

The date of publication was 1938.

Assembly Underway

The assembly is well underway for the first time to be sponsored by the school next Wednesday.

The assembly will include a play presented in the contest at the near future. The cast includes Lee Wilms, Ralph Johnson, and Charles Trotter. The score of the play has not been disclosed as yet.

Some of original compositions, written by various members of the school are included in the program.

The return of two of Salem's favorite actors is being expected. If the return engagement is secured, they will make their appearance during the program.

Chess Club Meets

The Chess Club held a meeting last night under the supervision of Mr. Roth, club adviser, last Wednesday.

Members who were present discussed the selection of a club name which will be voted upon at the next meeting.

Music and various other social activities are being planned. The committees will also be appointed at the next meeting.

Spanish Club Plans Party

Collett was hostess to the Spanish Club at her home last night. Ping pong, dancing, and games were enjoyed by all present.

Lucy, member of one of the Spanish classes, brought a portfolio, and the Spanish classes are planning to have some Spanish recordings for entertainment and study.

"That Girl Patsy" Proves Success As Polly Silver Stars

"That Girl Patsy", a sophisticated comedy presented by the Junior Class last Friday evening in the high school auditorium proved a great success according to the applause of the audience.

Polly Silvers, playing the title role of Patsy, showed herself to be one of the finest thespians ever to play a part in Salem High. The entire play centered around Miss Silvers and she held it up considerably.

On both nights the auditorium was well filled with an appreciative audience.

Competent Typist Pins Awarded

Earning awards for speed and accuracy in typing the following list of girls were presented with their certificates by Miss Bickel, typing instructress, last Tuesday.

Those receiving Competent Typist pins, given for typing between 50 to 60 words a minute were Betty Albright, Alice West, and Leah Leipper.

The others who received certificates for various rates from 30 to 50 words a minute are the following: Charlotte Morey, Jeannette Ciotti, Sharley Davidson, Mary Fisher, Verna Carpenter, Viola McGaffick, Jane Gilbert, Olga Heidrich, Ruth Schmidt, Mary Jane Lora, Jean Scullion, Katey Rich, Dorothy Milligan, Alyse MacDonald, and Aileen Himmelspach.

Students to Enter Speaking Contest

Fourteen students will participate in the preliminary public speaking contest. The two winners of this contest will go to Western Reserve in Cleveland April 2, to compete in the final round of the contest.

The students participating are: Harvey Rickert, Dick Cavanaugh, Gay Rich, Constance Clark, Lionel Difford, Bill Stevens, Paul Meier, Dave Hart, Ralston Smith, Louis Raymond, Martha Farmer, Ralph Taylor, Phil Stevens, and Ethel Hine.

The contestants may give either orations or extemporaneous speeches on any of the following subjects: Build America Inc., College Scholarship, Crime Prevention, Propaganda by Air, Our Navy, Little Business, The Republican Party, Athletes in School and in the State, A National Super-Highway System, Pressure Groups and Our Government, Business, Labor, and The Racketeer, Marihuana, and China. Schools in Ohio and Pennsylvania will send representatives.

Quaker Thinclads Preparing For Initial Track Meet

With only two and one-half weeks remaining until their first encounter, Salem High's track squad, under the tutelage of Mr. Cope, snapped into spirited workouts this week. Clarence Walker, who at one time paced the cinder path for Salem High, has been aiding the boys in their workouts.

The season's outlook is not so bright as it has always been, due to vacancies left by fifteen lettermen who received their diplomas last year. These vacancies are most keenly felt in the hurdles and dashes, where there is no one left to carry on. One bright spot in the Quakers' prospects was blotted out when Bonsall and Wise, who loomed strong in the javelin, will not be able to throw due to the ruling out of the event.

Although feeling sharply the loss of Roelen, the distance

Hi-Y Planning Penny Dance

The Hi-Y club of Salem High school plans to hold a Penny dance in the gym on April 27 after school.

At the regular Tuesday evening meeting plans were discussed after an announcement was made that the floor would be available on that date. The committee for the dance was appointed last week and had a conference with Mr. Williams to set the date.

The dance committee was composed of Julius Nestor, Bill Jones and Don Beattie.

event still retains Culler, Huddleston, Dickey, and Lutz.

The pole vault will be filled by Lowry, a letterman from last year's squad.

The Quakers, however, have one card up their sleeve. That is the high jump, where Max Lutsch has the distinction of heaving his frame higher off "terra firma" than any other person in Columbiana county.

Great Demand For Halliburton's Books

The Salem High library reports show that there is a greater waiting list for Richard Halliburton's books than there has ever been for any other book to date.

There are as many as twenty persons on the waiting list for his latest book and not less than five for each of the others.

The Salem Public Library reports that they have waiting lists of as many as sixty persons.

The story of Prince Gussie which the author related in the assembly is found in his "The Flying Carpet". The story of Princess Pagannemi and his encounter with the Hindustan girl are related in "The Royal Road to Romance".

'Quaker' Sponsoring 'Most Popular Senior Girl' Contest

Planning to hold a popularity contest in the near future, The Quaker requests that senior students fill in the following blank and present it at The Quaker office before 4:00 this afternoon.

From these blanks the leading senior girls will be nominated and then a ballot will be published in next week's Quaker.

Senior Class Holds Meeting

Members of the senior class have begun their series of graduation activities was the statement made by Miss Beardmore at a senior class meeting last Wednesday morning.

Samples of the graduation announcements have been posted on the bulletin boards of the senior home rooms. The committee in charge of the announcements selected the Italian script to go on the announcement with the Quaker head in the upper left corner. The Board of Education presents each individual with ten announcements but if the individual desires more than that number he must pay a specified amount for each one. If the order reaches 3,000 the price will be .05 1/2 cents apiece. Otherwise they will cost six cents apiece.

Samples of name cards have also been placed on display. Miss Beardmore states that these cards are of a very fine quality this year and at a very convenient price.

The seniors have been paying their charges for the Quaker engravings. Yesterday was the deadline. Home room treasurers had charge of these payments.

A special order for class of '38 rings and pins is being planned for those who desire to get their class jewelry. The prices will be the same for both rings and pins and they may be ordered from any jeweler down town.

Trades Class Active

Elmudem Society Meets

The Elmudem Society of the Salem Trades Class held its second meeting a week ago Thursday night at the home of Mr. H. W. Cameron. Several new members were voted in at this meeting. Initiation for new members will take place at the next meeting which will be held at the home of Clarence Dickey on Woodland avenue.

Softball Team Tryouts

The opening of the city softball league is only a few weeks away. Any Trades Class students who care to try out for this year's team should see either Bill Miller or Mr. Cameron.

Metallurgy

The second semester of the college metallurgy course opened with an enrollment of fifteen members. It is very probable that this course will be repeated next year for the benefit of those who care to receive college credit for work in metallurgy. The course is given as an evening extension course by the University of Akron. R. J. Perrine of the Electric Furnace Company is the instructor.

Gamma Iota Tau

The next meeting of the Girls Trades class will be at Arlene

Only seniors will be eligible to participate in the selection of the most popular senior girl. All senior girls are eligible for nomination.

Those nominated will be placed on the ballot next Friday and will be chosen by a final vote of the Senior class.

The winner will not be known until the issue of April 8.

MOST POPULAR SENIOR GIRL

I hereby cast my vote for

as the most popular senior girl, in my estimation.

Six Seniors to Take Scholarship Test

Six Salem High Seniors who rank in the upper third of the class will compete in the Columbiana county general scholarship tests which will be given in Lisbon tomorrow.

The tests are over English grammar and literature, mathematics, science, history and languages.

County certificates will be given to the ten pupils who have the highest grades. Five district and 50 state certificates are also offered to those receiving the highest grades in the state.

The Seniors that are planning to take the test are: Dave Hart, Harold Hoprich, Alice West, Virginia Hurray, Margurite Vincent and Leah Leipper.

The tests, which are given at Lincoln High in Lisbon, will take four hours to complete.

30 Initiated Into Sodalitas Latinus

Thirty new members were initiated into the Latin Club a week ago last Tuesday at an Ides of March party.

To become a member of the Latin Club a person must have taken Latin for at least one semester and must have received an "A" or a "B" as semester average.

The following persons were initiated: Bob Neale, Leatrice Johns, Bettie Mayhew, Rita Emery, Anne Belan, Jim Shaffer, Dorothy Greene, Cleo Santee, Dorothy McDonald, Nancy Roose, Barbara Bonally, Jack Atkinson, Philip Ressler, Martha Sieba, Lucille Guy, Martha Clark, Alice Ruth Vincent, Lucia Sharp, Bob Scullion, Francina Morey, Vivian Foltz, Emma Dutko, Florence England, Marjorie Brian, Phil Stevens, Hazel Voytek, Bob Ballantine, Nan Beardmore, Ethel Mae Hill, Jeanette Fisher, and Mary Alice Leipper.

Mellinger's a week from Tuesday, where plans will be made for a new project, as the bowling season is now over.

Do You Really Want Caps and Gowns

Con says:

When someone popped the petition for caps and gowns under your nose, did you look at the list of names and say to yourself, "Well, if those kids want them, I guess I do, too."

Here's an angle that no doubt you hadn't thought about: If caps and gowns are worn for commencement, what will the graduating class wear to the Alumni banquet? It has always been the custom that the girls of the class wear their white dresses to this banquet. If we have caps and gowns, it doesn't mean you won't have to buy a white dress and therefore it won't cost as much. It means that girls will need another party dress, and formals are more expensive than street dresses. Then, by the way, did you know it would cost \$2 or more to rent these caps and gowns?

One of the nicest things in graduation would be ruined by caps and gowns. Commencement exercises are held in the evening. Imagine a solid black body of people on the stage. It wouldn't be half as effective as a body made up of boys in dark suits and girls in white dresses with red roses pinned to their shoulders.

Won't you think it over? Do you really want caps and gowns or are you rebelling against the teachers, who do not favor this idea?

Pro says:

As this is being written, practically three-fourths, or 75 per cent, of the Senior class have signed a statement declaring their desire to wear caps and gowns at graduation. Besides, there is evidence that there are even more seniors who haven't yet signed but who also want caps and gowns.

The fact that the rental of a cap and gown costs two or three dollars does not seem to be a very effective argument to the negative. After all, the students themselves are aware of the fact that there would be an extra expense; and they were aware of it before they signed. Therefore, if they don't object to paying, who should?

Some say that with the money spent on renting caps and gowns, the students could buy clothes which they would have after graduation, too. Maybe so, but graduation is not an ordinary occasion. It's a very special one; and for this very special occasion the seniors, would like to wear caps and gowns.

Job Hunting?

No? Well, most of you soon will be. This to the seniors who, after June, will be out in the cold, hard, cruel world. Someone, I forgot who, said "Know thyself." This is important when you are trying to find your niche in this cock-eyed world. This "Know thyself" business is accomplished by lining up your pros and cons, your assets and liabilities or what-have-you, and deciding what you're good for. Write a whole autobiography if necessary, but find out what field you'll grow best in and then hitch your wagon to that star (who said something about mixed metaphors?). People get the right job only when they know what they're after.

Library News

Last week we told you about the new "Book of Marvels" by Richard Halliburton. We have more good news for you again this week! "Royal Road to Romance," "New Worlds to Conquer," "The Glorious Adventure", and "The Flying Carpet" are books written by this fine author and the high school library has every one of them.

If you have any suitable suggestions for books, magazines, etc., just tell Miss Lehman about them and we shall see what can be done for you.

For the benefit of the noon pupils the library will continue to be open during the entire noon period.

Today Is—

April Fool's Day, the first day of April. All of us know that, and we've probably all been trying to find some original prank to play upon some of our unsuspecting friends, but here's something you probably didn't know. The custom of playing tricks is common throughout Europe and America. France, the man tricked is called a "silly fish" instead of a "fool" while in Scotland, he is called "gowk". It is probable that the practice goes back to the era of the early Hindus, who played the same kind of tricks on the last day of March, when they held what was called the "Huli festival". Tsk! It seems nothing is new you know, "Everything's Been Done Before—"

CHIPPER SLIPS

through the snow crowded open sled. I saw my girl (my name is Mike) "You're nice of you, Mike," she said.

"I don't want to egg you on, but if you plan to do some wooing this winter, you'd better get going. For say, I want to about nights in the silvery summer evenings—swings—the only place to go is on a bobsled ride. If you go in for efficiency, they don't nowadays, but in the past—ah! When we wooed,

on that night that I rode 11 on a bobsled, holding tightly to the plump hand under the sled—only to find out it was a pig liver the farmer had put in the straw—every bobsled ride I remember held more romance than a horse has horse-

romance rides the runners; on a night weaves a witching spell, the moonlight melts the heart, when young love is budding. A man may be a soft hand slipped over the horse-blanket, and the sled-runners begin to creak and groan. "Me." Then let the sled with a lady's tresses and flicker against his cheek, and that finishes him—the sled know one fellow who, on a night, felt the light caress against his face, and the moonlight he plighted to three girls and his teacher before he discovered the old horse switching

Sometimes we used corn fodder instead of straw in the sled bottoms to keep our feet warm. One night we started on a bobsled ride without any straw or fodder around our feet. Things were going just dandy; everyone was getting nice and—er—friendly, and there wasn't an empty lap in the place. Suddenly the driver happened to remember he'd piled the fodder all up front when he started, so he decided to pass some back to us so we could keep warm. "Here's your fodder," he shouted—and eight of the girls were out over the sides and six miles down the road before half the fellows had their neckties straightened.

Of course, being all packed in tightly like that is a handicap in courting. I remember the first time I proposed to a girl on a bobsled party: "Little one," I muttered, "will you be mine?" "Yes," breathed the girl next to me, "but please take your arm from around my neck; you're choking me." I was polite about it. "Listen," I told her, "there must be some mistake. I'm the guy over here with Annie on my lap and my arm around your waist. And besides, I'm talking to Mary."

"Yes, they do!"
"No, they don't!"

So ran the argument between Julius Nestor and Bob Hinton. Bob, with clenched fists and a fiery look in his brown eyes, claimed that the students knew nothing about the subject.

Nestor continued to insist that the students knew a great deal about it.

The argument continued and when Mr. Lehman saw that the boys were about to cut each other's throats, he changed the subject and asked them to discontinue the argument until later.

The cause for all the disturbance? Bob stated that he did not believe that the students knew anything about love. Julius disagreed. Imagine! And in a class room at that!

Movie Shows Evils Of Bad Housing

"....One-third of a nation...." a documented and dramatic attack upon the housing problem produced by the fifth Living Theatre Project in New York City, is being acclaimed by students and teachers as a powerful new educational force.

For decades sociologists have been warning America of the evil effects of bad housing upon the millions who inhabit the slums of town and country. The slum has been called the pesthouse in which a thousand dangers incubate to spread throughout the national life. Slum-dwellers themselves know the conditions of their home-life, but few of them have known the history of slums, their causes and how to eradicate them. Nor have the more fortunate known this. In "....one-third of a nation...." through the darkness of ignorance with a glaring spotlight and brings into sharp focus the plight of city million Americans forced to live in dwellings below the minimum standards of decency.

Reported of great value by the metropolitan critics and the school and college press, "....one-third of a nation...." has been seen by more than 10,000 New York students in the first month of its run at the Adelphi Theatre. High school teachers have taken entire classes to see the production, and student organizations have bought out the whole house for theatre parties.

From outside New York, such colleges as Smith and Mount Holyoke are sending large groups of students on special field trips to see "....one-third of a nation...." Teachers consider it so effective an educational instrument that the Federal Theatre has prepared a study guide on housing based on material gathered by the project's research staff and related to the newsdrama.

Liars' Club Growing

The Liars' Club is considering getting emblems in the near future. President Frank Davis has several designs that he thinks would suit the club. President Phil "Zilch" Hurray has adopted a song for the club. President Richard Beck says the treasury has grown to the magnificent proportions of \$60.01. Ex-President Kenneth Juhn has resigned. He said that he hated liars.

Several new members have been taken into the club. Among them is one Richard Halliburton.

Did you notice at the basketball game that about one-half of those who were working at the Senior stand were not seniors? Does it seem right that juniors should do all the work and not receive any benefit from the profits? Of course, the help of these underclassmen is appreciated but Seniors should show more interest in their class bank roll and volunteer to aid in building it up. If four or five Seniors will only take the hint and put in their names, the total in the class treasury will soon rise and so will the dignity of the class. Don't let the juniors do your work. What must the public think when they see the "Senior Stand" run by juniors? How about showing them you can do it yourself?

Class News

Freshmen

Plans are being made for the Freshman Assembly which is to be held May 18. The Freshmen are also making plans for the party to be held May 6.

Juniors

Junior Class party is being presented next Friday evening in the gym.

Miss Douglas is in charge of the refreshments, Mrs. Koontz is commanding the decorating committee. Mr. Smith is the head of the entertainment committee.

Members of the committees will be announced next week.

Seniors

The names of the Senior Class members are being alphabetized. The names are written as they will be on the diploma.

This job will probably last until spring vacation. A senior class meeting was held last week to display the class stationery.

The class stationery is made of plain white paper with Italian print. The left corner contains an engraving of the school emblem, a Quaker head.

Did You Know That:

Did you ever stop to notice the different ways in which the students communicate with one another in study halls?

The most interesting one which has been observed is the method employed by Betty Morris and Burton Sutter. Betty writes a note and then tosses the note up the aisle. Burton, if the coast is clear, reaches down by his seat to pick it up. After reading it he answers and then he lets it sail back to Betty. This goes on every day in the study hall until Betty and Burton have exchanged all the gossip they have in their systems. (Or is it gossip?)

The unusually high temperatures last week brought the blossoms out early, and although there was a slight falling in temperatures since, they have not been harmed.

With Easter and all nearing its goal I guess I'd better step up to bat and swing at a few suggestions for your attire and gifts. I hope I make a hit.

Well, boys, at least you have a chance to vary your style and color in suits. This season, famed already, for its various styles in women's clothes, has come to the aid of the male with a new color. Not really new but very popular this year. The color is green. You have your choice of olive drab or hunters green. The style which is fast becoming popular is that English drape. The material used is gaberdine. Now is that different? I should say it is and if I were you boys I'd get mine right away before anyone else. Can't you just see a bright yellow tie and socks worn with it? Ah, romance.

Pardon me, girls. It seems I was taken away by that green discovery for the boys. I know you'll like it as much as I. For you girls, who are daring to be different, I have a marvelous suggestion for you. Try a Gibson Girl suit with a saucy little straw hat with a hat pin punched through one side. Or you may prefer to hold it on with a Marquisette veil tied under your chin with a shockingly large bow. I don't believe they have gone so far as to copy the shoes of the Gibson Girl, but if they do, don't be outdone by others.

"Let's run over a few things together," said the automobile instructor to his pupil.

The music at the last penny dance. Everybody liked it. Records at least kept time.
