

## Quaker Staff Appointed By Editor

At a recent meeting held in room 204, John Evans, editor in chief, selected the editorial staff for this year and also made one appointment.

Due to the large number of candidates, a style sheet test was given each of the students trying out for the staff.

The test consisted of rules governing capitalization, punctuation, quotation, figures, abbreviations, preparation of copy, and promptness in regard to journalistic standards.

The staff chosen by Evans, includes:

Henry Pauline, News Editor.  
Eddie Cavanaugh  
Robert Dixon  
Tom Eberwein  
Allen Fehr  
Esther Fowler  
Gloria Gibson  
Ethel Hill  
Dick Jeager  
Marjory Kniseley  
Marjory Layden  
Peggy Stuart  
Jane Tinsley.  
Sara Wonner

## Salemasquers Will Hold Box Social

The Salemasquers, S. H. S. Dramatic organization, supervised by J. M. McDonald, will hold a box-social at Centennial park, October 10, at 3:45.

This social will be different than the common box social. Instead of auctioning off the boxes, an entrance fee of fifty cents entitles a couple to admission to the pavilion, whereupon they are given a number. After all are present, numbers are put on the boxes and when called, the numbers that correspond with the one presented them at first is their companion for the event. Only members and their guests will be allowed to attend.

## Manual Training Room Rearranged

The benches in manual training room have been rearranged during the summer, in order to make room for the larger classes.

During the summer, Mr. Sander refinished the tops of the work benches and rearranged them. There are approximately twenty benches this year and these are arranged in rows. Formerly there was an aisle between each pair of rows.

In each row of benches, the benches opposite each other are placed so that the boys working at them will be facing each other. This eliminates the need for the extra aisles and leaves floor space for more benches and other machinery.

Dixon: "I'll take my hat off to your jokes."

Lieder: "Glad you like them."

Dixon: "Well, I really do it to show my respect to old age."

## Ravenna Game Will Be Played Oct. 1

Salem High's football game with Ravenna will be played Saturday, October 1, at 2:30 p. m. instead of Friday evening as previously announced. The game will be played at Ravenna.

This change was made necessary due to the fact that it was impossible to install floodlights at the Ravenna playing field.

## Auto-Mechanic Boys Start Activities

The auto-mechanics got started a few days ago with classes in forging, welding, work in plaster of paris art, molding, and automotives.

These arts give the boys a chance to learn something that is worthwhile as well as educational.

The classes this year were overcrowded, thus making it compulsory for a few boys to drop out.

Mr. Englehart, the instructor, appointed a manager over each unit, these managers having come from last year's crop of auto-mechanics students.

He also appointed a tool manager, whose duty is to see that the tools are properly oiled and cared for and that they are returned in the condition they were when they were let out.

There will be a 75 cents charge for all students to go towards the renewal of broken tools and to help the mechanics library grow.

## Miss Lehman Holds Morning Class

Miss Lehman sent notices around to those people that are new this year to come to the library between 8:30 and 8:45 a. m. so that she could help them to become acquainted with the library. When the pupils came she found that one was absent from class, so the next morning she sent for him and questioned him about it in the following manner:

"Were you absent from school yesterday?"

"No," answered the pupil.

"Why didn't you come to the library?"

"The door was locked and I couldn't get in."

"What time did you come?"

"Why, at 8:30 like the notice said."

The answer to the problem is that the boy came at 7:30 p. m., evidently having mistaken the time.

## Biologists Using Microscopes

The biology classes have been studying the one celled animal whose technical name is Amoeba.

The students saw them under the microscope then made sketches. Mrs. Cox stated that they have had the best specimens of amoeba that they ever had.

Gail Eckstein donated a horned toad, which is really a lizard as proved by the scales that cover the body.

## Miss Harroff To Be Hi-Tri Adviser

Miss Harroff, newly appointed Latin teacher to Salem High school, was just recently given the position of Hi-Tri adviser.

A meeting was then called with the officers of the club and their new instructor attending last Tuesday, after school, to discuss the plans for the coming year.

Although not definite, it was discussed that a penny dance might be held during the coming week.

The officers are: Barbara Williams, president; Bettie Sharp, vice president; Jane Gilbert, secretary; Alice Zatko, treasurer.

## Career Pamphlets In Library

As a general rule, when students become of high school age, they begin to think about their future careers.

The library can help you choose your career, or if you have already made your choice, it can give you the advice or knowledge that you might need. How? For your use, there is a set of pamphlets on nearly every occupation in the library. You will find these on the bookcase where the reserve material is located.

These pamphlets list the attractive and unattractive sides of each vocation, the opportunities, the income, how to get started, and many more pointers that will be to your advantage to know.

Here are just a few of the vocations explained in these pamphlets:

Law, radio, teaching, aviation, nursing, criminology, engineering, medicine, and private and social secretaryship.

Also, the library has new books on the choice of a vocation that offer peppy and interesting reading. They are:

"Youth's Work in the New World" (Nall), "I Find My Vocation" (Kitson), and "Make Your Own Job" (Ryder).

If a girl desires to enter the business field she should read "She Strives to Conquer" by Frances Maule. Miss Maule has not based this book on the old-fashioned moralistic ideas, but on the present-day requirements of a hard-boiled business world.

Through the use of the aforementioned pamphlets, the freshmen are giving reports in their "chosen vocation" to their English classes.

## Los Castellanos Reorganizing

The Los Castellanos of Salem High is to be re-organized sometime this month, according to Miss Hollett, club adviser.

New club officers are to be elected and new members to be taken in. It is the custom for the club to meet on the even Wednesdays of the month.

Last year the club members took dancing lessons at one of the Salem studios, learning the steps to "La Cucharacha."

Miss Hollett says records for the phonograph are to be purchased for the club to enjoy.

## Association Drive Nearing Climax

### Drive Nearing Goal of 600 Members; Winning Home Room Announced Today

Although no official report can be given as yet, the enrollment in the Salem High association drive is well on its way to the 600 mark.

If 600 or more join, then the association price per ticket will be \$4.00 cash or \$4.50 on the installment plan.

#### ACTIVITIES LISTED

The activities listed by the association are as follows: Four football games seven basketball games, three track meets several association assemblies the association party, class parties, the junior and senior plays, the Quaker annual and the Quaker weekly.

This plan also makes possible cross country, interscholastic debate, special assemblies and other minor sports.

As in past years, the home room first obtaining 100 per cent membership will receive a cup.

In '33 the cup was awarded to room 200; in '34 to room 206; in '35, '36 and '37 to room 209. The cup is now in the permanent possession of 209, for having won it three years in succession, therefore a new cup will be given this year.

The officers in charge of the drive are Winthrop Difford, president; Mary Fisher, secretary, and Polly Silver, treasurer.

## G.A.A. Girls to Play Tennis This Year

Wednesday, September 14, the officers of the G. A. A. Club (Girls' Athletic Association) and Miss Hanna met in her gym office and they have decided to play tennis this year.

Eva Reader, who is in charge of the tennis team this year, will make out the schedule.

Lack of girls who knew how to play tennis and who had racquets was the chief reason why Miss Hanna has not had a tennis team before. She has now rounded up enough girls who have the necessary equipment.

So next week a few G. A. A. girls will start practicing in the gym after school. Poor weather prevents the girls from going to the park to have their games.

Miss Hanna announced that the girls will only be able to spend about two weeks on this sport because they will have to complete several sports including kickball and volleyball before Christmas, when they will start on basketball.

## Total Enrollment Now Over 960

A report from the office last Monday night gave the Salem High school enrollment, to date, as being 963 students plus nine post-graduates.

This number is still unofficial, as new students are continually enrolling.

John Rich, who recently was in the army, has enrolled in school as a junior.

## Ritz Trumpeteers Present Assembly

Last Wednesday morning marked the first assembly program of the year, as Ben Ritzenthaler and his Ritz Trumpeteers presented a stirring collection of songs, marches and novelty stunts.

Ritzenthaler brought with him two other instrumentalists and an accompanist. Several of the old favorites, such as, "The Bells of Saint Mary," "The William Tell Overture," "Dark Town Strutters Ball," and the "Barnum Bailey Favorite" brought forth a thunderous ovation from the students.

Solo numbers by Ritzenthaler on the saxophone, bassoon and trombone, were also greatly enjoyed.

The laugh producing stunts, such as two men operating the other one's slide trombone, hitting the wrong notes, and pulling the sour note out of the trumpet, added a taste of comedy to the act.

It is safe to say that every student appreciated and enjoyed the program and would welcome back the Trumpeteers at any time.

## Monitors Chosen Last Week

Guardians of the halls of S. H. S. were chosen last week by Mr. Williams, who selected students, both Juniors and Seniors, from various study halls.

Up to this date, the monitors slips had not been distributed, but when they are secured, the traffic in the halls will be more regulated.

This system is respected by the students of S. H. S. because it is a form of student government.

## Two New Football Rules Adopted

Two new rule changes will be used in the first game of the season with Sebring High football team. The two rules are first in a series of downs. There may be three incomplete passes across the goal line before the ball is ruled a touchback, thereby the play gives the other team the ball on its own 20 yard line, with the exception on the fourth down any incomplete pass over the goal line is a touch-down.

The second rule this season affects only college teams for they have been in use by high school teams for several years.

The notice in rooms of some hotels which reads: "Have you left anything?" should be changed to "Have you anything left?"

## Don't Do A 'Corrigan'

It has been several months now since Douglas Corrigan made his famous "wrong way" flight across the ocean to Dublin. We all know how he set out for California in his old crate and ended up in Ireland.

Although it is rather late to discuss this flight we believe that there are a number of qualities attached to this flight of which we can talk a bit.

To begin with we shall admit that Corrigan had a number of qualities. He was a very courageous young fellow even to attempt to fly the continent in his old broken down "jalopy". It was also found out that he had a quality which perhaps is as great as any other virtue, modesty.

But on the other side he was definitely lucky. Nine times out of ten a person who uses the south end of a compass needle for the north end winds up with more than he bargained for.

That brings us to the point which we are attempting to bring out. That is, that we should not go the wrong way for we might not be as lucky as Corrigan.

Just how does that tie up with high school. It has a very close relationship, that we should start out the right way by working hard for the first six weeks. By thus starting off in the right way one can make much better use of his own as well as his teachers' time and efforts.

## Have You Been Lost?

Have you ever been lost? If you have, you know how alone you feel, so have a little sympathy for new pupils and freshmen. Don't laugh at them if they are wandering around puzzled as to the direction to go or if they walk into the wrong class. Remember you were a freshman here once yourself and you didn't get lost because you wanted to, and neither do they. Freshmen are supposed to provide us with laughs, naturally. That is traditional but don't treat them as if they were not human beings. Instead, help them along and you will find that you have many more friends.

## SOCIETY NEWS

Miss Janet Greenisen entertained 28 guests at a weiner roast last Friday evening.

The guests enjoyed ring games; a Virginia Reel, and singing songs around the fire during the evening.

The weiner roast was held the latter part of the evening. Ice cream and cake were served also.

Among her guests Miss Greenisen had two young people from out of town: Mr. Roy Douthitt from Beaver Falls, Pa., and Miss Marjorie Shillito from Bellevue, Pa.

The other guests for the most part were seniors in Salem High school.

Eva and Maria Vissers, freshmen lassies who hail from 302, are none other than two little Dutch girls from Rotterdam, Holland.

Being only six years old when they left Rotterdam, they explained that they didn't remember much about their native land.

When asked if they liked Salem High school, they nodded their heads urgently and exclaimed:

"Yes, we like it very much!"

Then off they rushed arm in arm, through the corridor to their first period class.

Salem High school extends a hearty welcome to the little Dutch friends.

James Holderieth went to Pittsburgh for two weeks, visiting his aunt. He saw Phil Harris and his Orchestra, and the three stooges, Jan Savitt, and the Top Hatters.

Betty Culberson a Senior, left for Los Angeles, California, September 9th, for a three weeks' vacation. She is accompanied by her parents and another family from Pennsylvania. They are planning to attend the American Legion Annual Convention there.

Marjory Brian, a Sophomore, spent her entire vacation at dude ranches and traveling through the west. Marjory, who accompanied her parents and two younger sisters, visited the Bad Lands (S. D.) and other points of interest throughout the west.

At one of the ranches, Marjory met many people from different states, particularly from New York. Among these was a Count.

Dudes often visited neighboring ranches, some being as far as twelve miles apart.

Marjory has quite a collection of pictures that she took while on her vacation. They total somewhat over a hundred. All in all she had a grand time.

## This Here an' That There

Thoughts between classes:—Gosh two weeks of school gone. Doesn't seem possible—but then nearly October and THAT means somethin! Leaves are be-ginnin' to float to the ground where the grass has already lost part of its greenness. There I go gettin' poetic again!

Wonder why Jack Hickling is so interested in Katie Rich lately. Could it be a certain ring she has—or maybe it's just her magnetic personality. What's your guess? I'm puttin' my bet on the first.

Have you noticed the various types of coverings for the peddle extremities? (Shoes to the freshies) The saddle shoes are still around too. Every time I see Bob McBane's I want to ask, "Did you get oars with those boats?" Yeh I know that was pretty awful. Sorry!

Best record of the week:—"Tisket a Tasket" as recorder by Ruby Newman and orchestra. Vocal by Ella Fitzgerald. Swell arrangement! and that's putting it mildly!

The comb of Pfeifer and Wright seems to be cruisin' along at a fairly steady pace. That is so it appears on the surface but one never knows what goes on 'neath that "surface." Right?

Now that the season of Fall has been officially ushered in, the wiener roasts have also started. Never had so much fun in my life as I had last week at one. Just old clothes and tearin' around. THAT'S the life for me. Sure, I have pride but I like fun too—guess both can mix but I wasn't in the mood for both. So what's the difference!

Quite a few new kids have entered since school started so I bid ye welcome one and all!!!

**Couple of the week:** These two really deserve a place here. They have dated nearly stady for two years. They're Avie & Vince so I think that gives them tops of other couples. What's your opinion?

One of those new students is Virginia Freck. There's a girl! She's a honey. Look her up fella's.

Gee, I miss T. J. She's one swell person. That 'bout covers everything when it's put that way.

**There's puppy love among the "Freshies" already.** The ole grapevine is doin' its share of work, in fact a little over time, for Twila Kille and Carl Smith.

Take it easy Smitty remember there's a whole year 'fore ya!

Who, besides me, likes the Harper's Bazar? I sit and imagine myself to be one of the models who in evening dress is attending a Hollywood preview. Must be grand to do things like that. Will tell you all 'bout it when I get up in there. If an' when! But I will you'll see!

Tonight's the first football game. Gosh I can hardly wait. Day just seems to drag along. From what I hear and read we should be pretty good. Here's hopin' anyway!

Win, lose, or draw fella's we're with you to the last so come on team we're rootin' for you.

Cooperation means a lot in all kinds of sports. Enthusiasm counts a lot too so let's not let the team down. Stick with the cheerleaders and make yourselves heard.

Walt Bowlinger, the poor child, after waiting nearly an hour in front of the theatre the other night decided that it didn't take a brick wall to fall on him. No, not at all!

Britt seems to have been thru' the war or at least looks like it. But then it wasn't her fault that the horse stopped all the sudden!

'Bye Now

## Another Personality

A charming newcomer to our school was walking down the hall when two of our news scoopers descended upon her.

"What's your name?" was the demand.

Startled she answered, "Helen Kryk."

"Where are you from?"

"John Marshall in Cleveland."

"What's your favorite sport?" was the next question fired at her.

"Why, I like all sports, but I like dancing and swimming best."

"Do you think you are going to like Salem High?" she was asked.

"Oh, yes, I like it already."

"How do you like the boys and girls?"

## SALEM ALUMNA

Ruth Cornwall, '36 alumina of Salem High school, accompanied by her parents, Mr. and Mrs. Charles Cornwall of Cleveland street, left last Wednesday for Los Angeles, California where she will enter Irvin Aircraft Instrument School to study the maintenance and workings of aircraft instruments.

She has always been interested in aeronautics and expects in the future to take up flying.

"I don't know many of them yet, but I think I'm going to like them very much, answered Helen.

Helen is 5 ft. 3 in. tall and has brown hair and grey eyes. Her home room is 202 and she would like to make the French Club this year.

## Personalities Of S. H. S.

### JACK TINSLEY

This freshman boy hails from 309. He is 5 ft., 11 in. in height, has sandy hair and brown eyes. He enjoys all sports including swimming, dancing and tennis. He has chosen Mechanical Engineering as his career with football as a sideline or vice versa. If you still do not recognize him, his eccentric shoes will easily identify him. In case you could not guess this person, his initials are Jack Tinsley.

### JOE MORRIS

This hail and hardy chap can be found in 206. He is, from tip to toe, five feet, ten inches. Black hair adorns his head. He also has twinkling brown eyes. His favorite sports are football and track. He plays halfback on the football team. For his favorite studies, he takes science and music. He is outstanding in both. After he finishes high school he wants to become either an X-Ray specialist or a chemical engineer.

### DICK BROOMALL

This tall blond fellow hails from 204. He tips the scales at 165 lbs. Shining blue-gray eyes complete this boy with a stature of 6 ft. 3in.

He plays a sax which he affectionately calls "Junior", and collects stamps in his spare time.

The above answers to the name of Richard White Broomall.

### BETTIE SHARP

Small and dainty describes this fair maiden to a "T". She plays the piano very well and likes Latin, which is very unusual.

Sports are her hobby and swimming is a specialty. Brown curly hair and brown eyes with a cute build of 5 ft. 4 in. make a finished product.

She claims 206 as her home room and her initials are B. S. Do you know her? Her name is Bettie Sharp.

# SALEM TO PLAY SEBRING

In approximately six hours the Salem High Quakers will take the field for a tussle with the Sebring High grid-ders. It will be the first time in ten months since the students of S. H. S. have seen them in action and they will be hoping to see them set Sebring on their heels.

## SECOND GAME

It will be Sebring's second game of the current season, having the jump on Salem by playing their first game with Atwater last Saturday. They won the game by the dizzy score of 40-13.

Atwater, being a small school, offered no competition in the way of first class football. The Sebring team made gains through the line almost at will. They also blocked a punt in the last quarter which led the way to a touchdown. The Atwater team was weak throughout and could not gain much through the the oposing line. Weak as they were they provided Sebring with a chance to brush up their plays and to see where their scoring power lay. No amount of practice can equal an actual game in bringing out the good or bad points of a team.

The punting for Sebring was fairly good and their blocking was exceptional at times. The team was not exactly heavy but could not be called light. The quarterback, Bennett, looked good while in the scoring department Harding and a substitute, Maley, each tallied two touchdowns. Others were made by Almyer and Shively who were responsible for one apiece. The game was a free scoring affair, Sebring scoring in each period.

The Quakers have completed their last week of practice preparatory to their opening contest.

They will outweigh their opponents by a good margin with the majority of the weight contered about the center of the line.

The punting assignment will probably fall on Bill Schaeffer as will the after touchdown attempts. The passing will call on Joe Morris and Stu Wise and possible Bob Clark who is a southpaw.

The team was drilled this week on their plays and on blocking and passing.

All in all the game tonight should provide some exciting entertainment with Sebring out for revenge after last years 14-0 beating.

The Varsity "S" held its first regular meeting Monday, November 16, in 100. Joe King was elected President.

Sidy Mullins has moved to California where she will attend the Long Beach High School which has an enrollment of 1,900.

## Eight Boys Report For X-Country

Coach Clark's cross country team had started practice at Reilly field in preparation for their coming season. At a recent meeting of the team, eight boys reported, including four lettermen. Two other lettermen, Bob Lutz and Jim Dickey will probably report this week.

The following boys have reported for practice: Eugene Williams, Eugene Meyers, Leroy Moss, Amos Dunlap, Jim Armeni, Reuben Breat, Charles Huddleston, John Carariello, and Kenny McConner.

Friday after school the team was given a very thorough medical examination by Dr. Holzbach, the team's physician.

The following is the probable cross country schedule for 1938:

Nov. 8th—Triangular meet with Palestine, Poland and Boardman.

Nov. 15th — Meet with Akron North, Akron South and Akron East at Akron.

Nov. 22nd — District meet at Akron.

Nov. 29th—State meet at Columbus.

Alliance High defeated the Quakers 50 to 0, at Mount Union Stadium, on Thanksgiving day.

The Salem High Band will march in the Christmas Parade to be sponsored by the Business Bureau.

## On The Bench

By ROBERT DIXON

Mr. Cope recently announced that the band will attend all football games this year. This, I think, will help the team a good bit because they notice whether or not there is anyone in the stands rooting for them. It's mighty tough out there with every one against you

When the team comes onto the field tonight take a gander at the uniforms. They have been dry-cleaned and altered and really look hot. However, "It isn't the suit that makes the player, it's the player who makes the suit". (To quote Coach Schroeder . . .)

There was quite a breeze in that show "Hold That Co-ed!" Hope we don't run up against anything like it here . . .

Bet we win tonight by at least two touchdowns. And if that isn't going out on a limb I don't know what is . . .

Tunney Snyder visited his brother at Ohio State over the weekend.

### 'Styles' for High School Debs

Skirts, sweaters, low heeled shoes and a gay array of plaids are the new Autumn styles which seem to be clicking with high school girls. They find it so much easier to work in comfortable clothes and yet they are very becoming. When girls come to school in silk dresses, silk stockings and high-heeled shoes, they usually have to keep fussing with something about themselves which can be very annoying to their classmates.

Several students when asked about it, said that it was much easier to dress in the morning and they didn't have to get up so early to do all the primping some dresses require.

Whether this simple way of dressing for this school year was started in Paris, New York, Hollywood, or some little burg in Arkansas, it certainly was a good idea and is being used to its greatest ability.

Girls usually think boys pay more attention to them if they are dressed in their Sunday best. That it not always true; the more simply dressed, the better.

High school girls, college girls and business women have found this simple way of dressing very satisfactory and they hope it lasts a long time.

### Junior Miss Breaks Monotony

Although she is probably still in the dark about the whole thing, Betty Probert was the innocent promoter of a break in the monotony of home room period recently.

It seems that Jean Schafer was sitting in front of Betty, discussing that spectacular extravaganza, the Lisbon fair. Having related her adventures at the bingo table, she continued something like this: "... and then we went down to the barns to see the animals. You know, the cattle and horses and everything. Well ..."

Just then, having gathered that the fair was the topic of the moment, and that she might be missing something, Betty joined the conversation by asking: "Did you see my mother?"

Nobody was nice enough to explain the situation to her, but Betty got the general impression that she's picked the wrong thing to say at the wrong moment.

Frank Davis, Ed Cavanaugh and Bob Clark were added to the Business Staff.

### Junior High News

An interesting feature of Junior High this year is touch football. Two home room leagues have been formed. One league is composed of the six seventh grade home rooms and the parochial seventh grade. The other league is composed in the same way, only with eighth grade teams.

The teams within each league will compete and finally the winning team of each league will clash to determine the junior high champions.

The purpose of this activity is to teach the boys the fundamentals of football and the correct procedure of blocking, kicking, and passing.

Junior High boasts of a new teacher this year. He is Mr. Carey, a graduate of Mount Union college. While in college, he was very much interested in athletics and assisted the coaches in plotting plays and received a varsity letter as manager of the basketball team. Although still interested in athletics, he is in charge of the 7A home room and teaches seventh grade history.

The association drive is well under way at Junior High. The latest figures show the total to be 164. Mr. Ludwig predicts that the number will top the two hundred mark soon. At the time of this writing, 8E is leading the run for top honors with 65 per cent with 8A in second place with 54 per cent.

The manual training classes got under way this week under the supervision of Mr. Kelly. Many new projects have been planned and the year's work holds many promising interests.

Also starting this week were the sewing classes, instructed by Mrs. McCarthy and the music classes supervised by Mrs. Satterthwaite.

Beck: "What an appropriate looking hot dog stand!"

Hise: "Yes, it's made with dog-work and covered with bark."

### Here's The Jitterbug Again

Well, this makes the sixth time I've written this column, and I really don't see why. Everybody must have read the thing! I've lost five copies of it!

Here's a hot tip, just flashed to me! That man who gave you singing song titles, that wizard of sweet and swing, and scholar of high merit, that guy who says "Lezz dance," Kay Kyser and his makes ya' wanta dance music, will leave N. B. C. and Lucky Strike sometime in the near future. It looks to me right now as tho' Dick Himber is headed for that spot! Don't say I didn't tell you!

Did you real jitterbugs know that Larry Clinton and his orchestra, starring Bea Wain, "that armful of something," will go on a tour in the spring? They hit Idora sometime in July. Right now, Larry and his boys will leave the Glen Island Casino to open in the winter at the International Casino, New York's biggest nite spot, where a new \$75,000 ballroom awaits them. It's called "The Dipsydoodle." (He wrote it... remember?)

Speaking of Larry Clinton, Dick Todd, the Canadian Broadcasting Company's ace tenor, teamed up with Clinton when he was booked at Glen Island's Casino. He has recorded for Victor for five years.

Best record of the week: Tommy

### Freshmen Sell Football Pencils

The Freshman class of Salem High school, under the supervision of Miss McCready, is selling Football Schedule Pencils, to procure money for their class treasury. Pencils can be bought from all Freshmen and are available at any time in Room 304. Miss McCready announced this last week.

Dorsey's version of Copenhagen" and "The Barcarolle," sweet and swing! Edythe Wright (I mean Mrs. Ben Blue) does a swell job of vocalizing on the "Copenhagen" side of the disc.

Pinky Hunter, the boy who helps Jack Graney broadcast the Cleveland Indian ball games, has an orchestra, both on the road and at home. He is currently featured at Cleveland's beautiful "Trianon." A swell band!

I gotta' go now, but next week I'm gonna' start giving explanations of swing jabber. Until then, "So long, ever'body."

### Former Students Leave Salem

Edward Bush and Quinten Ballantyne left Monday for their future homes.

Bush serving four summers at a C. M. T. Camp (Citizens Military Training Camp) and receiving his commission as a Second Lieutenant in the officers' reserve corps, left for Idaho to join his brother in the army.

Ballantyne left a good many friends in Salem when he left to join his parents in Detroit, Mich. They moved there while Quinten was attending a C. M. T. camp.

Henry DerMotta visited friends in Cleveland a few weeks ago.
