

New Wing Contract Awarded

Salem Man Awarded Lighting Contract

The general contract for the new \$80,000 wing to be added to the High school building was awarded to the Atlas Engineering Company of Youngstown at a meeting held a week ago yesterday by the board of education.

Their bid, which was \$49,000, was the lowest general contract bid.

The contract for plumbing and heating was won by the Withers Company of New Castle, Pa. on a bid of \$5,760.

William A. Rance, a Salem electrician, was awarded the contract for the electrical work. His bid was \$1,896.

April first was set as the completion date for this much-needed addition. The contractors present at the meeting said that if the weather is favorable, they will finish the job on time.

Ernst Schmid, Salem contractor-carpenter, was employed by the board as inspector on the job. His salary will be \$150 per month.

George F. Koontz, clerk of the Salem school board; Architect O. J. Kling; and Atlas engineers, George and Victor Shutrump, turned over plans for the wing to PWA officials last Tuesday for final approval.

The week of Monday, October 17, has been set for breaking the ground, although the approval of the PWA officials is not yet here.

The Salem voters approval of the \$65,000 bond issue at the primaries and a grant of \$36,000 by the PWA made possible the addition of this wing.

Oberlin To Hold High School Day

Oberlin College will observe its annual High School Day tomorrow. Invitations are extended to the faculty and upperclassmen.

The program will be as follows: Visits to classes; tour of classes; exhibits 8:30-12:00 a. m.

Musical program, 11:00-12:00 a. m. Laboratory demonstrations in Science, 1:15 to 2:00 p. m.

Exhibits in languages, arts, etc., 1:00-2:30 p. m.

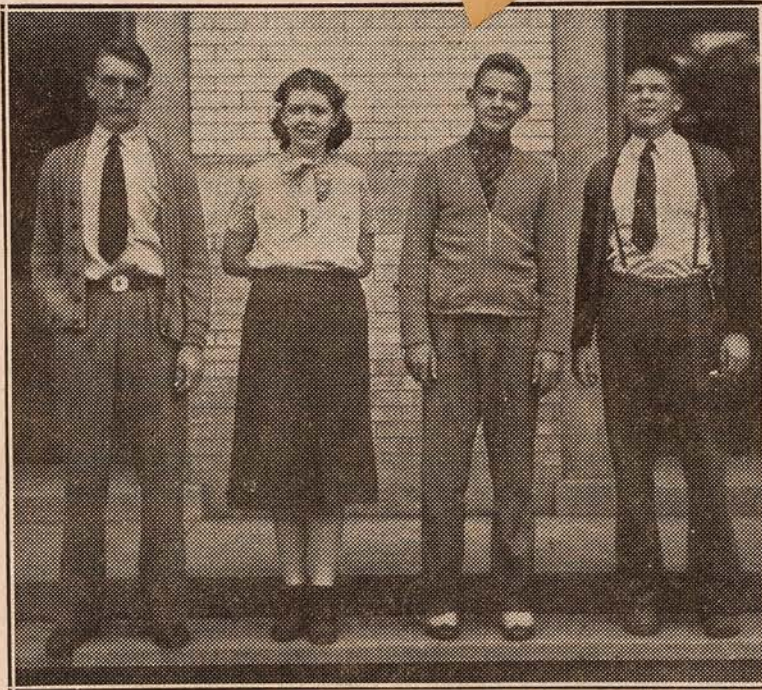

Varsity football, Oberlin vs. Hamilton, 2:45 p. m.

Student revue, variety program, 7:45-9:00 p. m.

All college dance, 9:00-11:00 p. m.

A general Scholarship test will be given. The one receiving the highest rating will be awarded a scholarship, which will pay a large part of his tuition fees should he decide to study at Oberlin College. There will also be examinations and music contests for those desiring to participate.

Class Presidents for Coming Year

B. CLARK Junior Pres. D. LUTSCH Freshman Pres. G. BAILLIE Sophomore Pres. J. EVANS Senior Pres.

20 New Members Added to Hi-Tri

Approximately twenty new members of the Hi-Tri Club met with the old members last Thursday after school in Room 203.

The new members are junior girls who have an A or B average.

Barbara Williams, president, announced that the initiation of the junior girls will be held all next week, starting Monday.

In former years the ones initiated were made to wear outlandish costumes and to do conspicuous things, but this practice is being eliminated this year. The new members will merely have to take orders from the old members throughout the coming week.

The girls also decided to have club emblems made of felt instead of the usual pins.

Another meeting will be held next Thursday afternoon at which time each new member will formally become a Hi-Tri sister.

G. A. A. Holds First Meeting of Year

The first meeting of the G. A. A. for this year was held in 107 last Friday after school. President Alice Zatko had charge.

Plans decided for this year are to have a hike every Wednesday, after school, when the weather is favorable; to charge ten cents a semester for dues; to have a Hallowe'en party for old members only; and in November or December to have a party for all G. A. A. girls, at which time the Freshmen who have earned 100 points will be initiated.

A committee was appointed by the president to make arrangements for the Hallowe'en party and another to find out about emblems or pins. Betty Tullis was appointed to take charge of those girls who are tardy or absent.

The plan this year is to have a meeting the first Friday of every month, and after the business meeting to have a social period. The officers have asked all girls to take an interest in the club and make it a real success.

Band Travels To Struthers

The Salem High School Band will travel to Struthers tonight for the Struthers-Salem football game. The band will leave by special bus at 6:15.

Mr. Brautigam is seeking a baritone player to fill the place which Robert Thompson vacated. A new member has joined the band. He is Homer Asmus of Cleveland, the son of Homer J. Asmus, the new Methodist minister. He plays the clarinet. This boosts the band's total to a new all-time record of 56. New batons have been received by the band for the drum majors. Other "swing" numbers will be heard at Struthers tonight.

Pep Assembly Held Last Friday

A pep assembly, in preparation for the Salem-Liverpool game, was held in the high school auditorium last Friday at 1:25 p. m.

Winthrop Difford, association president, presented the association cup to the representative from Room 200, for attaining the highest percentage in the membership drive.

Mr. Lewis Smith, dean of boys, had charge of the assembly.

Mr. Cope announced that the gates at Reilly Stadium would be open at 6:30 instead of 6:45, because of the large crowd expected.

Several cheers were given, followed by short speeches from four of the varsity football men — Bud Dean, Dick Beck, "Stu" Wise and Bill Schaeffer.

Coach Carl Schroeder would make no predictions on the game, but stated that Salem had good chances.

Mrs. Cox Organizes Camera Club

At the first meeting of the Camera Club, Leroy Miss was elected president and Tom Eberwein, vice president.

The club, supervised by Mrs. Cox, plans to take pictures at the meetings and to do developing.

There are fifteen members in the club and the meetings are held every Wednesday at 3:30.

Underclass Officers Elected for 1938-'39

Bob Clark To Be Junior President; Baillie, Lutsch, Frosh-Soph Heads

Officers of the Junior, Sophomore, and Freshman classes were elected by the members of their classes last Tuesday morning. They are as follows:

Junior class—Bob Clark, president; Allen Fehr, vice-president; and Margaret Stewart, secretary-treasurer.

Work On Annual Begun Last Week

Preliminary work on the 1939 Quaker annual was begun last week. As it is too early in the year to start actual writing, only the general form is being worked out.

Work on the "dummy," the skeleton outline of the yearbook, was started last Tuesday evening.

This year the engraving of the book was awarded to the Jahn and Ollier Engraving Company of Chicago, Illinois. During the last few years the work was done by the Canton Engraving Company.

Another new feature this year, will be the work done by the newly organized Camera Club, which is under the supervision of Mrs. Cox. The club will take the informal and candid shots of the teachers and students and will also do all of the developing of these prints.

The contract for the taking of the senior pictures was awarded to Calvin Wolford. The pictures will be taken on the 24, 25, and 26th of this month. They will cost \$4.00 per dozen, and with each dozen purchased, one 8x10-inch enlargement will be included free.

The staff has not as yet been chosen.

Salem High Alumni Active In Colleges

With the fall term of school well under way, various colleges are claiming former graduates of Salem High.

Jane Metzger, '37, former editor of the Quaker and now enrolled in Smith College, Southampton, Mass., was recently named on the semester honor roll. Miss Metzger, in her freshman year, was a member of the Board of Education Advisers at Smith College.

Jean Kingsley, '37, has returned to Wooster College in Wooster, Ohio, where she is a sophomore. While in Salem High school, Jean was prominent in social affairs and was also very active in student activities.

Charles Wentz, Wade McGhee and Don Beattie, who were members of the S. H. S. Band, are now in the Miami University marching unit. Beattie is the drum major.

Enrolled in the School of Pharmacy at Western Reserve University, is Robert Kaminsky, a graduate of '37. Oliver Olexa, who streaked the Quaker gridirons last season, is a member of the frosh football squad at Reserve.

Lionel Difford, a member of the semi-finalist debate team in Ohio last year, is now attending Mount

(Continued on Page 4)

Sophomore class—George Baillie, president; Bill Fineran, vice president; and Mary Alice Leipper, secretary-treasurer.

Freshman class—Dorothy Lutsch, president; Vernon Weingart, vice president; and William Dunlap, secretary-treasurer.

Robert Clark has served as president of his class for two years and was vice president in his Freshman year. Bob is a member of the varsity football squad and Varsity "S" Club.

Allen Fehr was vice president last year also. Allen is a member of the Camera and the Slide-Rule Clubs, and is on the Quaker Editorial Staff.

Margaret "Peg" Stewart, is a member of the G. A. A. and Hi-Tri. She is also on the library staff. This makes her third year as secretary-treasurer of her class.

George Baillie, who was president of his class last year, and was elected to the office again this term, is a member of the Sportsmen Club.

Bill Fineran will take office as vice president of his class for the first time. Bill is one of Salem High's drum majors.

Mary Alice Leipper served as secretary-treasurer last year also. She sings in the Glee Club and plays a French horn in the band.

Dorothy Lutsch was unanimously elected president of the freshman class. This is the first time in the history of the school that a girl has become president of her class. Dorothy is planning to join the G. A. A. and the library staff.

Vernon Weingart, vice president, is out for debate.

William Dunlap, secretary-treasurer, plays a trumpet in the band.

(Continued on Page 4)

Ohio State To Be Host To High Schools

Ohio State University will hold its sixth annual High School Day on Oct. 22, entertaining students, parents and teachers who are interested in the university. A widely varied program of entertainment has been planned.

The classrooms, libraries, and laboratories will be open to the visitors, and demonstrations and exhibitions have been arranged by the various educational departments such as dentistry, architecture, astronomy, fine arts, and home economics. An inspection tour of the university radio station WOSO is also planned.

An afternoon feature of the program will be the varsity football game between Ohio State and the University of Chicago. Reserved seat tickets for the game may be obtained at Mr. Williams' office for twenty-five cents.

VOL. —IX. OCTOBER 14, 1938 No. 6

So Blows the Wind

What is this menace that often breaks up life-time friendships, destroys chances for successful clubs, causes jealousy, and makes others "look down" on the person or persons involved in it? Gossip! Scandal! That's the answer.

In school, in business, and in social activities, there are always individuals who seem to make gossiping their hobby. One little phrase is whispered about Mary or John and the receiver of this phrase immediately proceeds to pass it on—with, perhaps, a few extra words added to make it sound better—to an eager listener. This bit of scandal, once a mere sentence, now a full-grown story, travels on until all points have been reached. Some say, "Oh, well, the story will fade out and be forgotten in time," but this is not true. It may always be a detriment to Mary or John, the innocent victims. "So blows the wind!"

If these "scandal mongers" would keep to themselves information concerning other persons' affairs, they would be happier as well as more popular. In every instance, it is a reflection on the one doing the talking as much as on the one being talked about.

A good way to remedy this menace to society is to adopt the motto: "Don't say things about a person to others which you would not say to him personally."

Don't Wait on Time

The hand which counts off seconds on a clock doesn't seem to move very rapidly and yet in one day it ticks off 86,400 seconds.

This may not seem important, but neither do the small problems a person faces every day without thinking much about them. We never understand how really important the little things we do or don't do are; we are always waiting for a big chance which may never come.

It is hard to realize that mountains are made of grains of dirt and rock, oceans are formed by a uniting of tiny drops of water, and the mighty walls and high, magnificent buildings are built from small bricks.

A man's reputation is like a mountain or an ocean because it can be traced back to trifles. The way in which a man performs and conquers these trifles determines his character and reputation.

Many insignificant and commonplace problems confront a student every day and must be handled as he sees fit.

The student who does his best every day and does not overlook these seemingly unimportant situations will not need a big opportunity as he will have paved his own way to success.

Patriotism

We, as American students, are momentarily carried away by excitement, patriotism, prejudices, propaganda, false statements, political and racial leanings, but now, after the smoke of the European crisis partially clears, we start to analyze the happenings. We take cognizance of the full meaning of our President's note to one of the European leaders, particularly to two phrases: "Victory and defeat were alike sterile" and "Circumstances of unspeakable horror."

We have listened to those who suffered through the World war—widowed wives, broken-hearted mothers. We have seen broken bodies, ruined careers, but youth likes adventure and a new thrill. Are we, of the present generation inclined to take too lightly the description of war as the last generation saw it? Do we realize the price paid for such experience?

Students know from history the enormous cost of war and we see clearly that we will be forced to pay for the last war the rest of our lives. We know another war will cost even more than the last one. But these are only material things which can be overcome. But how can we repair damaged lungs which have breathed chlorine compounds and arsenic gases? How can we restore the arms and legs torn off by shrapnel? How can we bring back the thirty-eight million people who died as a result of the World war?

This Here
an'
That There

Nature seems to wear one universal grin.—Fielding. To take the above both figuratively and literally, one must look on the sunny side of life and keep smiling. This ole' world of ours would be a grand place if everyone would help mother nature just a little bit.

Those speeches given by the fellas at the pep assembly were really good. Especially Beck's. Fella after my own heart that can express himself so well.

Didya' notice the fair visitors from South High here last week. Pretty neat. At least, Harvey thought so. Just ask him!

These Neale brothers! Notice the "e." Accept this as a humble apology from yours truly.

The younger of the two sure does give his all in pep assemblies. Ya' wanta be careful Bobby, you might sprain a tonsil. THEN where will ya be!

Best laugh of the week:—When Lucia Sharp asked Marge Layden why she couldn't eat relish on Sunday. Layden meant sundae. Get it?

Then we had more company last Friday. A gang of fellas from Massillon infested our halls from 2:30 'til 4:00. Nice to have seen ya boys!

Gee, the leaves are changing color fast. Why only last week they were hardly turned. But now most of them are on the ground for the kids to play in and run through. That's the ole fun! Jack Frost got to work in a hurry.

This feud between Cope and Smith is getting quite good. In fact—very good. Adds spice to life (especially school life) and that sort of thing. Don't you agree?

Does sportsmanship include the spectators tearing apart the visiting teams band, team and so on? I've often wondered, 'cause if it does, there are a lot of non-sportsmen in this here world of ours!!!

Nomination for Abolishment:—Mary Jane Lora's giggle. I'll admit that it is fun to hear—for awhile—but then there's a limit to all good things. No offense, Jerry!

Didya see Jimmie Britt and Marian Lee Riggs together? "Lee" was so excited she forgot her flute. That's the way to get them, Jimmie!

Peg Stewart surely started something with those burlap bush coats. I like them a lot. Mary Fisher started something, too, with her "sig shirt." Personally, tho', I like green! Everyone to their own taste!!!

Congrats to Dorothy Lutsch: Being nominated to all three class offices at one time is certainly quite an honor!

Just thinkin' that it's a good thing those upward trend of hair-dresses is modified 'round S. H. S. If they weren't it would be pretty awful on a windy day. And there have been quite a few lately!

Have you ever noticed how patient and tolerant Jim Kleon is? It's a lesson in self-control and will power (courtesy of Mr. Hilgendorf) just watching him in the study hall!

More people 'round this place have dimples! Seems as tho' everyone has at least one, except me. Feel sorta left out! What'll I do? Any suggestions will be gratefully accepted.

'Way out in Newton, Kansas, a fellow columnist has a clever idea, H. L. B.'s. In plain English, it would mean Jane Gilbert and Bill Schaeffer are "Habitual Love Bugs." Clever, don't you think?

Best recording of the week: "I Cry for You," as played by Kay Kyser and band. Really neat arrangement!!

With this I warn you to beware for I'm always lurking in nooks and corners!

Who Are They?

- | | |
|------------------------------|---|
| —ams on trumpet | —lways full of fun. |
| —ften with blond Senior girl | —ince is her old faithful. |
| —asy going | —isn't in her vocabulary. |
| | —nergy she never lacks. |
| —ull of humor | |
| —s quite a golfer | —lue eyes. |
| —ports are his hobby | —rranges for the other person's pleasure. |
| —as brown eyes | —aves on and on |
| —yes that sparkle | —elights in driving her jalopie. |
| —ather tall and thin. | |

In 10,000 miles of driving, the oil filter of your car removes as much as two pounds of dirt, sludge and other foreign matter from the oil. A motor car is a soda water plant. Two of the exhaust products, water and carbon dioxide, if cooled and mixed, would make soda water.

Library Offers Two New Books

Among the many interesting books in the high school library, "Plays and the Theater," by Russell Thomas, and "Our American Citizenship," by Clyde B. Moore, will prove educational as well as entertaining.

"Plays and the Theater" is a book made up of plays which young students will enjoy reading and acting. The plays in this volume have all been extremely successful on the stage. They were all popular when they were first produced and most of them have not lost that popularity in the theater today.

"Our American Citizenship" is designed to assist young American students to make the most of their citizenship. The book has been organized into six parts: Part I under the caption, Associated Living; Part II, America's Wealth, Public and Private Property; Part III, America at Work; Part IV, The purpose of Government; Part V, Our Government in Action; and Part VI, Our National Budget.

Jitterbug's Column

Hi-Yah, Every-body! Pull up your chairs, shuffle around a bit, and let's go into our dance!

Larry Clinton and Company have moved over to N. B. C. on Saturday nights to provide "Jive" for the new Joe E. Brown show!

A secret source of news provided me with this choice tid bit—One Kay Kyser was said to have bet a mere 1,000 smackers with Jimmy Dorsey! The Yanks won the world series. Kay Kyser is 10 century notes, the richer! Oh My!

A new band has been formed in S. H. S. It's called "Jimmy B and His Buzzers." The leader is our own Bill Wark. The "hot drummer" is Tom Rhoades who owns a neat set of "Toy-drums!"

Kay Kyser broke all records at Greensburg, Pa., several weeks ago. He drew some 5,833 "Jitterbugs," that cavorted 'round the campus for some five hours. Wow! The gate totaled some 6,416.30! Kay received \$5,000! He earns something like \$35,000 per week! Another Wow! "I'm in the money."

Best record of the week—"Change Partners" and "The Lambeth Walk" from "Carefree," as played by Richard Humber and his "Smarter Dance Music." (Victor Disk No. 231480 (Plug) Yeh-Man!

Mr. Joseph Cooper, that gentleman with the big "bull-fiddle" is our man of the week! How that boy can swing and he also won first prize for the answer to the swing question, "Explain what is meant goes to our Hot "Doghouse Slapper."

Joe says, "A hot-lick" is a term used in dance orchestras referring to a man taking a solo during a hot number. The soloist uses no music, but just "jams!" O. K. Joe, the spotlight is yours. Hats off students!

Next week's question reads thus: What is a "Licorice Stick"? Turn the answers into the Quaker office before 3:30, Monday. Interest in contest is growing each week. About 200 "jive-hounds" flipped their answers into the Quaker office. Here's a little hint—A "Licorice Stick" is the King of Swing's "salary pipe." It is in the reed family.

FOOTBALL

On The Bench

By ROBERT J. DIXON

Oh! Those "Fourth Quarter Blues"! Have we got 'em? Yes Sir!

And once more the Potters take the bacon home, at our expense.

If you hear a mournful howl in the distance you'll know it's the team bewailing the fact that for four whole years a victory over East Liverpool has become almost an impossibility. And no wonder, what with this final period stuff, and lateral passes, and such, what chance does a team playing straight football have? Now I ask you? ?

On top of all the puzzling antics of their opponents the Quakers fell victim to their own shortcomings. Several of the backfield men had a bad case of "fumblyitis" which on one occasion cost them a touchdown.

The term "World Series" is placed in quotation marks because from the description given over the radio the whole affair sounded like four practice games for the three time World Champion Yankees.

Little notice has been given to the fine play of Joe Vendor at tackle in the recent games. He has been in almost all of the entire three games and in the Ravenna and Liverpool contests he played the entire four quarters.

The picture "Campus Confessions" which was shown at the State yesterday dealt with basketball. A couple of months later the "show" would have been very timely but coming as it did in the middle of the football season a lot of people did not attend because of lack of interest . . .

Junior High News

At an assembly held last week the Junior High cheer-leaders were selected. Two were from eighth grade and two from seventh. They are Anne Cosgarea and Margaret Dickey, regulars; and Hazel Capel and Charles Koontz, assistants.

Fifty girls turned out at the first meeting of the girls glee club under the direction of Miss Tetlow. Their second meeting was held yesterday during activity period.

Fifteen boys reported to Mr. Regal who is leader of the boys' glee club. Mr. Regal said he was sure there would be more out eventually.

A staff of 20 members is working on the October issue of the Quakerette. Mrs. McCarthy, faculty adviser of the paper, stated that it should be completed for distribution by Halloween.

Potter's Last-Minute Rally Upsets Salem

East Liverpool Potters defeated Salem Quakers to the tune of 19 to 7 before a record breaking crowd of 9,000 people at Reilly Stadium last Friday night. This was the first loss the Salem team has had this season. Previously they won over Sebring and Ravenna.

The Potter aerial attack featuring clever laterals caused the downfall of the Quaker eleven. East Liverpool scored all three of their touchdowns in the fourth quarter while limiting their opponents to one touchdown scored in the third period. The battle was a typical nip and tuck fight from the opening kickoff, until the final gun sounded. The two teams were almost evenly matched. Only in one department was there any great difference. This was the passing department. East Liverpool completed seven out of thirteen passes, and Salem completed but one out of a total eight.

During the first two quarters the ball exchanged hands many times, neither team being able to hold it long. Both teams threatened to score but didn't due to splendid defense work. The entire Salem line played good ball, so did the backfield for that matter, but their trick reverses didn't work so well and Stnu Wise was stopped cold. The third quarter was practically the same as the first two until a few minutes before the end when Dean went off his own right tackle to score. Previous to this Dean had advanced the ball from about the fifty yard line to the East Liverpool seven. Bill Schaeffer's try for the extra point was good. In the fourth quarter the Potters really got hot. From the Salem 41 Captain McGraw heaved a pass to Jones, who, when he was about to be tackled, lateralled to Bailey, who scored. The try for extra point failed.

The Potters scored again a few minutes later when Gray drove over center from the one yard line. A pass from McGraw to Bailey, who lateralled to Sprouse, advanced the ball from the Salem forty to the

Harriers Place 4th In Meet Saturday

Coach Clarke's cross-country team placed fourth in a meet held at Akron last Saturday. Akron East, last year's state champions, were first with 21 points; Akron North placed second with 60 points, while Akron Buchtel placed third with 74 points, and Salem was fourth with 94 points. Cuchiff of East was first with the excellent time of 10:10. Tillet of Buchtel placed second, and Kessehing of East placed third. Six out of the first eight were from Akron East. Eight Salem boys went to Akron and five placed. The five that placed were Huddleston, Dickey, O'Connel, Breault and Dolnar.

Aces and Aviators Tied In Touchball

The standings in the intramural touch football league after two weeks of play are as follows:

	W.	L.	Pct.
Aces	3	1	.750
Aviators	3	1	.750
Quakers	2	2	.500
Fumblers	2	2	.500
Pickups	0	4	.000

The intramural indoor mushball league which plays at noon in the gym is led by the "Blues" who are captained by Andy Kovash. Second are the Dodgers while the Indians are in last position.

	W.	L.	Pct.
Blues	3	2	.600
Dodgers	3	3	.500
Indians	2	3	.400

five, had put the ball in position. This pass-lateral play was almost an exact replica of the Potter's first touch-down play. Ward kicked the extra point. The Potter's scored once more a few minutes later, when Taylor intercepted a pass thrown by Dean and raced nearly thirty yards to score standing up. Ward's try for the extra point was wwild. A few minutes later the gun banged ending the ball game. Score: East Liverpool 19, Salem 7.

Quaker to Battle Strong Struthers Eleven at Struthers Tonight

Ye Olde Record Booke now reads, two wins and one loss opposite the Salem High Quakers. It was just one week ago when it was as follows:

Salem undefeated, untied and unscored upon. But, "them days is gone forever."

Why? Because the East Liverpool Potters swept into town and proceeded to demolish any hopes of an undefeated season the Salem followers might have cherished. The final count, as you know, was 19-7.

The setback was more bitter and was harder to swallow than any the Red and Black will have to endure this season, as a victory over their county cousins from the river city would have denoted a very successful season for Coach Schroeder and his boys. The reason for all the enthusiasm prior to this fracas was that the players themselves could hardly wait to get at the enemy, who, exactly a year before, had whipped the Salemites in the last ten seconds of a gruelling contest. A victory over them this year would have been most lovingly cherished.

However, Lady Luck and maybe Lady Skill, smiled again on the Potters and they were not to be denied.

But this is history now, and the team would like it to be forgotten as they take the field tonight against a powerful Struthers onslaught. The game will mark the first time the Quakers have taken to foreign soil in this campaign. The main purpose again this time will be to get revenge from the "Big Red" for a defeat last season.

Heading the list on the Struthers combine is Anderson, the full-back, who played last year at end. He handles the kicking duties and shares the ball carrying assignments with McDonald, the right half. McDonald also does the passing.

On the receiving end of the passes is Lunn, the left half. He is the blocking half.

Our record is superior to that of our opponents as they have scored but one victory in four games. They won over Girard, lost to Memorial, and Youngstown East; and the game with Lowellville finished in a tie.

Local Teacher Outstanding Authority On Birds and Bird Habits

A bird in the hand may be worth two in the bush, but Mr. William Baker, local ornithologist, and a teacher at Junior High, will take the two in the bush. Mr. Baker is one of the outstanding authorities on birds in this part of the state. He belongs to two national bird clubs, the American Ornithologists' Union and the Wilson Ornithological Club. Mr. Baker has been interested in birds for a good many years, practically all his life. His first grade teacher, Miss Phila Field, was the first to arouse his interest in bird study. Later on, in 1919, Miss Effie Cameron, another teacher, interested him still further in his fascinating hobby. Mr. Baker takes numerous trips to different parts of the country to learn more of the habits of our feathered friends.

He recently took a trip to Michigan, where he saw a Kirtland's Warbler, which is the rarest North American bird. This bird is rare because its breeding range is in only three counties, in Michigan, and it winters in the Bahamas. He has also taken trips to the Adirondacks and to Maine, where he has observed various rare sea birds, and mountain birds, such as the Arctic Three Toed Woodpecker, Acadian Chickadee, Arctic Tern, Guillemots, Raven, Laughing Gulls, Least Tern. He also saw the nests of the rare Leach's Petrel.

8,706 Attend Liverpool Game

Mr. Cope recently announced that the attendance for the game last Friday was 8,706. However, this included the Knot-Hole Club and the Association members, and all other persons in complimentary tickets.

Counting everyone in the stadium, regardless of how they entered the figure reached 10,000, it was estimated.

This was the first time in the history of the school that temporary bleachers had to be erected. It was the largest crowd ever packed into Reily Stadium.

Sweet Music

When Doc Townsend gets his old-age pension bill through, "Darling, I am Growing Old" won't be such a sad song any more—Exchange.

Is Your Hot Water or Steam Heater In Shape for Winter?

His numerous field trips have taken him to practically all parts of Ohio. During some of these trips he has been associated with such illustrious Ornithologists as Dr. Aldrich of Cleveland, Dr. Hicks of Columbus, and Dr. Walkenshaw of Battle Creek, Michigan.

Mr. Baker doesn't belong to any local club, because at present there are no bird clubs in Columbiana County, but there are many local people interested in this hobby.

Mr. Baker has been the adviser of the Junior High Audubon Club for the last seven years, and the results obtained have been very gratifying. The club members have learned a great deal about birds and their habits. The most outstanding thing the club accomplished was the finding of a nest of Wilson's Snipe. This was located last year within the city limits near the old Smith farm. This, so far as is known, is the only record of the finding of a nest of Wilson's Snipe in the entire state, due to the fact that this bird's breeding ground includes only five counties, all in this vicinity, and the birds hide their nests with great care.

Alumni

(Continued from Page 1)

Union College in Alliance, Ohio. Jane Cope, Ralph Taylor, Dick Cavanaugh, and Bill Stevens, all graduates of Salem High school in '38 are also attending Mount Union.

Harold Hoprich, also a former Quaker editor, is a freshman at Capital University, where he is a member of the band, orchestra, and Glee Club.

The Norse called the echo the dwarf language. It was thought the dwarfs in the mountains were imitating the sounds which they heard.

Newcomer to Salem Active In Music

Blonde hair, blue eyes and 5 ft. 8 inches tall is the description that fit Homer Asmus, a newcomer to our welcome halls. He comes from Cleveland where he attended Tyles Elementary Junior High. There he was a member of the band and orchestra.

His favorite sports are football, basketball and ping pong. Stamp collecting and amateur photography are his hobbies and he spends as much time as he possibly can at either one or the other because they both interest him very much.

Among some of his photographs are many interesting pictures of the Cleveland Exposition, and a collection of many picturesque scenes taken around Cleveland.

When asked if he found much difference in the schools he said:

"Yes, there is quite a difference. The outstanding one being that here is a choice of subjects, while in the Cleveland school I attended, our schedules were planned for us by the teachers."

"Are you going to belong to any clubs here?" he was asked.

"I haven't decided yet which one I'll choose. There are so many that sound as if they would be fun."

Homer also said that he likes Salem High very much because it is so friendly.

Dr. Sayers Will Address Students

Dr. Frank G. Sayers will be the speaker at an Association assembly which is to be presented to the student body next Thursday.

Dr. Sayers was born in London, England, served a great American Packing House in Canada, and was pastor of New York's greatest Sky-scraper Church for six years.

For two seasons he was "The Counsellor" on the program, The Radio Court of Appeals, where every day problems were being met with his personal counsel.

Dr. Sayers was also chairman of the Business Ethics Committee for Kiwanis International and has travelled widely in many countries.

His subject will be "Are You a Thoroughbred?" In his talk he will show that thoroughbred qualities are within the reach of everyone and that without them success cannot be achieved. His illustrations will be taken from the athletic field, school, and home life.

Officers Elected

(Continued from Page 1)

Nominations were held last Friday, but due to close races it was necessary to vote by ballot again Tuesday.

The officers of the senior class were announced in last week's Quaker. They are:

John Evans, president; William Rogers, vice president; and Mary Louise Emery, secretary-treasurer. These three students have served as class officers throughout their high school careers.

A Necessity

The Lady: "It seems to me you charge a good deal for just a morning's shopping."

The Cabby: "Sure, Miss, Oi have to charge a lot. Oi have a wife wot goes shopping".—Selected.
