Ballantine, Sharp In Tie For First Honor Graduate; Mingroni Is Third

Carl H. Maslowski Will Present "A Naturalist's Diary" In Speech Next Week; Will Also Show Pictures of Various Things In Nature

Hi-Y To Sponsor "A Naturalist's Diary"; a color pictorial record of the four seasons, at an Association assembly next Wednesday afternoon at 1:15.

Mr. Elmer J. Wagstaff, dance director of the student group of the Ohio Audubon Society, has been appointed head of the school's orchestra, thus bringing to a close the fourth annual observance of the Hi-Y Club.

Hi-Y is a member of the Hi-Tri club. Miss Hill is on both the weekly and annual editorial boards, and is a member of the Hi-Tri and O. A. A, and is secretary in the office of Miss Minnie Hart, dean of girls. Miss Daniels is a member of the Hi-Tri club and plays in the school orchestra.

NATIONAL WILL SPEAK TO STUDENTS IN ASSEMBLY HERE

Elmer J. Wagstaff Is New Instructor Of Industrial Arts

Mr. Elmer J. Wagstaff has been named to replace Mr. Karl Sandor, industrial arts teacher, who resigned at the end of the first semester to take up a teaching job at Niles, Ohio, it was announced recently by Superintendent Earl S. Kerr.

Mr. Wagstaff, a graduate of Ohio University, has taught industrial arts at Goshen Township High school since September, 1931. He has done graduate work at Ohio State and Kent State universities. He also serves as an assistant at Kent State in the handicraft department.

Mr. Wagstaff is a favorite pupil, when not at work on his new hobby of gardening. He further commented that he likes Salem High school very much.

COAST GUARD MAN WILL SPEAK TO BOYS

Lieutenant J. A. Dink of the United States Coast Guard, stationed at New London, Connecticut, which is an interesting scientific and engineering character. His talk will be illustrated by sound motion pictures, descriptive of the Coast Guard Service and Academy.

THE QUIKER

Hi-Y To Sponsor Dance Next Friday

The first dance sponsored by the Hi-Y club, senior boys organization, this year will be held a week from tonight in the gym will made by Fredzie Bone and his orchestra. This orchestra, which has played for several school dances this year, features a vocalist. Dancing will begin at 7:30 and it will be followed for both boys and girls. Tickets will go on sale next week and may be bought from any member of the club.

The committees in charge of arrangements for the dance have selected Karl Ballantine as chairman and includes George Shedd, Walter Klein, George Ballei, and the club officers. Roy Lovey, president, John Con., vice president, and Sue Atkinson; secretary-treasurer. Other committees have not been appointed.

CONTEST SOLOISTS CHOSEN

As a result of the elimination- concerts for piano and vocal soloists held February 19 in the music room, Donna Haasly, junior, will be the soprano solo in the district solo ensemble contest which will take place in Massillon in March. Besides Miss Haasly, the students who will represent Salem high school are: Deborah Berry, alto-soprano soloist, Alice B. Vincent alto-soprano soloist, and Emma Reeder, piano soloist.

SALEM CAGERS GET BYE IN 1ST ROUND

Coach Herbert Bryan, Salem High's basketball manager, journeyed to Youngstown last Monday night to draw for the Salem's position in the district tournament. Mr. Brown drew a bye in the first round of competition.

It Won't Be Long

On May 12 representatives from the classes of Salem High will make their annual trek to Kent State University. This last in their educational careers does not offer the tests to a great extent throughout the school year, but this will be the final opportunity for them. All in all, this leaves about a month or two weeks for concentrated attention on the chosen subject.

Some of the other classes competing at Kent hold separate classes for months before the tests. Consequently, their students have the majority of high scores.

Here, however, a student may make a good showing by starting earlier on the preparations. By preventing himself ahead of time, even before the eliminations for the subject he would like to go in, the student will find it not only easier to pass the eliminations but get a head start on the scholarship tests and be able to cover more ground.

This year's preparations are early and will help saliam High toward a higher standing at Kent. It is quite possible to get higher scores if you begin now and don't wait until the last week to cram when many other activities are going on as well.

How About It?

Do you want a National Honor society? Perhaps, you think it is a curiosity for these students in high school who have shown good character, scholarship, responsibility, citizenship, and who have above average grades in three years of high school.

This society does a lot to encourage students to study harder and be more active in school.

Students have inquiry why there isn't such an organization in high schools.

Perhaps all this could have been avoided if the boys and girls, older than Fritz, had read the news and seen the pictures in addition to the daily cinema.

It is necessary for the youth of a democracy to cultivate a good reasoning power and the way to do this is through the complete newspaper and not the funnies alone.

Not Only The Funnies

First, a German boy knows what it means to lose freedom and press of law, and girls, older than Fritz, had read the news and seen the pictures in addition to the daily cinema.

Before the rise of Hitler thecartoonist often made fun of government leaders and prominent people, but now an incendiary censorship removes a great deal of the emphasis from the comic he reads. Likewise the radio programs have become dry because of the large amount of propaganda inserted by the Nazi leaders.

Perhaps all this could have been avoided if the boys and girls, older than Fritz, had read the news and seen the pictures in addition to the daily cinema.

It is necessary for the youth of a democracy to cultivate a good reasoning power and the way to do this is through the complete newspaper and not the funnies alone.

THE QUAKER

By Vivian Foltz

Here's to the ships of our navy
And the ladies of our land,
And the gentlemen who farm and fished
And the gentle ever well-mannered.
(Second the ever well-mannered.
(Second the ever well-mannered.

At this late date you've no doubt heard tall of the dashing ladies of our navy and the gallant generals of the Leutonia men have put on the Eucharist list. But the past of the pack, it says here, is elegant Elaine and half the County is just about to go out with her.

As far as Salem goes, generally far enough, there's in a radius of at least ten miles... only Homer of the drug-store cowboys rates a date.

But for the reason all this build-up is, well, this just dawnted on me, you see she

The first main article begins,

"DO YOU WANT A NATIONAL HONOR SOCIETY?"

And this is the sort of conversation one might hear around Salem High.

Brenda and Copena Are New Mascots in Biology Laboratory

"Have you seen Brenda and Copena?"

"No, why are they?"

"Discoveries in Biology Laboratory"

This is the sort of conversation one might hear around Salem High.

Brenda and Copena are two guinea pigs born to the biology class. Brenda was named for Winston and Walter but it seems that they have acquired nicknames of Brenda and Copena.

These guinea pigs or cavies as they are often called, are three weeks old. Each lives in its own cage in the biology lab. Once in a while, if one becomes too cautious, he can hear a queer whistling noise. "Guinea pigs are neither pigs nor are they Guinea," explained Mr. John P. Ollman, whose class is conducting the experiment. "They are related to the rabbit family and are natives of South America. They are used by the Indians there for food, just as we eat the rabbit in this country.

The guinea pigs are fed green vegetables and grains for food. The guinea pigs were brought to the laboratory to perform an experiment.

An experiment that contains all the proper minerals and vitamins necessary to health, the other is being fed a diet lacking vitamin C, which is obtained from fruit juices, carrots, and leafy vegetables. At result of the lack of vitamin C, the guinea pigs should develop a disease called scurvy.

If the guinea pig develops scurvy it can easily be cured by adding vitamin C to its diet again.

This disease is known as the "sailor's curse", English sailors frequently became ill and were often called "sailor's curse" because they were to use lime juice on board ship to prevent scurvy.

These guinea pigs are in charge of Walter Vansickle and Bob Miller, who keep records of each day's observation, such as weight, condition of fur, eyes and feet. They must also see that the cages are not mixed and that the cages are kept clean.

Profiles

ROSE MARIE RAY

Sighs the "class of 43" and her sparkling blue eyes and rosy lips mark a creation entitled S.M.O.O.D.T-H.R.

"Molly doesn't like ice cream. Plymouth cars, ice cream. Oh to be called "Babe". There's a Tommy Dorsey fan too, and uses for things like ice cream, caromed carrots and snails."

Babe Turner moves away from Hay Miller, but when it comes to picking postage stamps or getting up in the morning the west is definitely NO.place to waste a bright mind in Youngstown, when she graduates.

WABE EMMON

Wade is a tall, well-liking member of the senior class who has been in the school band for three years. He peppers ice cream, pumps piano and is a completely self-sufficient young man.

Wade spends his spare time reading for the funnies and traveling to Damascus to court the beautiful Glouber High.

If he had his way there would be no woman drivers, no automobiles. His favorite class is metal shop, and he is very fond of his "Miss Me, You". Also he thinks that his girls are "daisy".

Wade expects to work with his father after graduation.

The Quaker

Greetings, reader,

Say, wasn’t that neat how our Salem High School basketball team beat Struthers that Friday night? It was a thrilling see-saw affair, with the game in the balance in the fourth quarter. The score was 38-36, when the full regulation time came to an end. The Peabody Memorial had been playing against Struthers all season, but they had never been defeated. It was a thrilling game, with the Peabody Memorial leading 18-11 in the third quarter.

The Quakers showed plenty of fighting spirit as they disposed of their opponents. The game was played against Struthers and the Peabody Memorial, and the Peabody Memorial came out as the winners. The Peabody Memorial was on the rebound from a loss in their previous game against Struthers.

The Peabody Memorial will now be in the quarterfinals of the American League playoffs. The Peabody Memorial played against Struthers and the Peabody Memorial was the winner. The Peabody Memorial was leading 38-36 in the fourth quarter when the Peabody Memorial made a slanting shot that hit the roof and was out of the running yet.

If you should happen to wander into the Peabody Memorial at any time during the day, you will find coaches and players hurrying around in preparation for the next football season. The Peabody Memorial is now in the process of making its season plans, and it is expected that the Peabody Memorial will be in the American League playoffs for another year.

The Peabody Memorial will now be in the quarterfinals of the American League playoffs. The Peabody Memorial played against Struthers and the Peabody Memorial was the winner. The Peabody Memorial was leading 38-36 in the fourth quarter when the Peabody Memorial made a slanting shot that hit the roof and was out of the running yet.

Mr. H. L. Sharp's supper club at Wellsville brought by Margaret Hannay. The classes, stated that self-testing persisted to present day conditions. was made out in the student body in the spring. theVinyl Plates were used for the experiment purpose of holding the teacups while the tea was cooling or being drunk from the saucer. The boys Glee Club Practice: Needed was to be selected to sing at several different places, the Boys Glee club has been practicing in accordance with their regular assignment for the past few weeks. On March 18 they were scheduled to sing for the Garden club and in April for the Travelers' club. They are also planning to sing before the student body in the spring. Mr. John P. Olson, club advisor, wishes to announce that any boy who is interested in joining will be welcome to do so. Club initiates Morrow Formal and informal initiation was held by the Hi-Str club for Virginia Morrow, a senior, last night after school. The regular program was in charge of Leslie Sharp. Cleo Sannes and Jeanette Kier were in charge of the decoration for the meeting. A cooked meal was held in which the names of famous persons born in February were mixed, the object being to discover the right name. The next meeting will be held in two weeks. See Moving Picture: "The River," a moving picture put out by the Division of Agriculture, showing soil erosion and its effect on social conditions, was shown recently by Mr. Carl Schloense.
