Hi-Tri Holds May Day Tea for Girls' Mothers at School

A book review given by Mrs. Guy E. Byers on "Aeneas Africanus," by Harry S. Edwards, was the main feature of the May Day Mothers' Tea held by the Hi-Tri last Thursday in room 209.

The meeting opened with the saying of the motto and creed of the Hi-Tri. Rita Claire Pottorf had charge of devotions and Vivian Foltz was in charge of the program.

After the meeting the members and their mothers went to the Home Economics dining room, where tea was served. Florence Hiltbrand, club president, and Miss Marye Lou Miller, club adviser, poured.

The theme of the table decorations was blue and white, the Hi-Tri colors, with white gardenias for the centerpiece, and blue candles. After the tea each mother received a gardenia from the centerpiece.

Miss Wolford also won the third prize, which was a roll of film.

National Music Week

Sunday, May 4, is the opening day of National Music Week, which is observed in Salem each year by teas, pageants, and other interesting affairs.

Since 1924 the music clubs in Salem have observed this week in some way or another. In previous years, one day of this week has been set aside to be celebrated with South Americans, but this year the whole week will be celebrated on both of the American continents.

The fact that the two Americas are uniting this year in celebration of Music Week shows what music can do in uniting people. Perhaps, since music is such an international art, with music of composers of all countries being accepted in almost every country throughout the world, through it the world can be brought together in peace.

How About It, Students

Did you ever stop to consider the teachers' feelings when you call them by just their first name, their last name, or a nickname?

Teachers have special titles, and you have no right to belittle them by calling them anything else you can think of just to be funny. They don't think it's funny, and it certainly shows lack of good breeding on your part.

You should respect all your teachers because they are there for the purpose of helping you. If their title be Mrs., Mr. or Miss, be courteous enough to pay them respect of adding that title before their last name.

Your teachers will think much better of you if you consider them with the proper respect. So, remember the next time you address your teachers, call them by their proper title.

Let's Watch Ourselves

These days as we walk through the woods or glance at a hillside we can see an array of various colored wild flowers. The flowers are Mother Nature's gift to us and, like any other gift, we should show our appreciation and not destroy them.

In recent years many wild flowers, including trailing arbutus, wild orchids, trilliums, lady slippers and Dutchman's breeches, have begun to decrease in abundance because many persons do not realize that the only way to preserve wild flowers is to stop picking them.

In coming years, if something is not done to stop this destruction now, there will be no wild flowers. Several persons have realized this and have done something about it, and today the picking of wild flowers in state and national parks and forest reservations is prohibited.

Remember the first time you stoop to pick a flower that when you pick the flower you are aiding in the destruction of wild flowers, but if you don't pick it, you will be providing beautiful flowered hill-sides and valleys for the generations of the future.

A Catastrophe

Song Hits and High Hits

"TAKE ME BACK TO MY BOOTS AND SADDLES," sings Virginia "Tex" Morrow. Virginia is red-haired, full of vim and vitality, a senior and a member of the Hi-Tri. Her moments that are not spent in studying are usually filled with thoughts of her dear old home in Wills Point, Texas, where the "dear and the antelope play." The happy times spent in the Southwest were lots of fun and enjoyed by Virginia. "Tex" is known for her knowledge of all subjects, also has many loyal friends.

"AMAPOLO," sings David Linn to his sophomore heart-throb. Dave is a member of the Thespians and is well known for his heckling at the initiations. He is not overly fond of any dance orchestra, but Vincent Lopez really has rhythm, in his opinion. He likes milk shakes, lemon "cokes," and Betty Merry. Dave seems to be quite sophisticated but under it all he is a good kid.

Letters to Editor

Prom Dates

Dear Editor:

I happen to be fortunate enough to have my date for the Prom. But I have several friends who are not so fortunate. I suppose it will be only a matter of time before they are asked to go.

That's what this letter is about. About one-half of the boys in Salem High wait until about a week before the Prom to ask a girl for a date. This leaves the girl only a few days in which to pick out her Prom dress, shoes and so forth. Now as most girls know, one week isn't very long to get ready for a big formal affair, so I think that a boy should ask the girl at least two weeks ahead of time.

Incidentally, boys, the prom is just three weeks from tonight. ED.

Quaker Is Given First Class Rating

The Quaker, weekly publication of Salem High school, was awarded first class rating by the critical service of the National Scholastic Press association, it was announced recently by Prof. Fred L. Kildow of the University of Minnesota and director of the N. S. P. A.

Papers are entered in various classes according to the number of students enrolled in the school where the paper is published and are related in five divisions, including Pacemaker, All-American, first class, second class and third class. Only 14 high school newspapers in the United States received pacemaker ratings.

This is the first time that the Quaker has been awarded a rating higher than second class. The paper is rated according to superior, excellent, very good, etc. on such points as front page writing, make-up, editing, editorial page and sports writing. A certain number of points is assigned for these various ratings. These points are totaled and the papers are then classified. The Quaker had a total of 1075 points. In the class in which the Quaker was entered it was necessary to get 1100 points to get an All-American rating.

Jr. High News

The annual Association party for the seventh and eighth grades was held in the gymnasium of the high school yesterday afternoon.

A musical program will be presented by the pupils of Junior High school next Thursday in the high school auditorium. The program will be in honor of Music Week.

The Garden club is featuring a page in the Quakerette on the subject of "Wild Flower Conservation."

VIV'S VERBAL VENTURES

BY VIVIAN FOLTZ

Spring, spring! Ah, spring! That sunny and flowery season when grass and also a fancy young man turns—slightly green. The man, with envy when he sees what was "his girl" last night barreling around in the afternoon with the MAN in his convertible.

Is there a farmer in the crowd? Fine. Here's a way to reap profits untold: Just invite the girls' golf team out to bat balls around your field. It's the only way to get the spring plowing done cheerfully, and it's the very latest thing. Though, as a general thing, you'll find your ground quite thoroughly uprooted. For references, inquire at the golf greens.

Height of Laziness: When Mr. Benjamin Ware, sitting very stiff and straight, got a glimpse of a pretty girl as she walked by. Said he, very bored: "Someone whistle at that young lady, will you?"

Height of Ambition: When Miss (Just call me Lois, boys) Hoover, the Ko-ed Kid, sailed forth from S. H. S. to vamp the men of Kent State U. Oh, yes, all of them. She did "all right" dig, dig, dig. Yes, what with convertibles, cokes, dances and quite a string of phone numbers all added to her collection in about five hours' time. Unhuh, that's the way they do things around here.

Did you know: That Jerry Tristler aspires to be a great track man? Well, he does. And he can do the mile in ten flat. Ten minutes, that is, and on his bicycle.

Courtship: It consists in a fellow's running after a woman until she has caught him.

Height of embarrassment: When Master Walter Vansickle came pretty close to falling into one of the Twin Lakes at Kent. He also misplaced a very "sentimental" tie pin, and is worried just sick about it. Because, you see, it was very sentimental. So, if any of youse guys or gals hear tell of its wandering around alone at night, nab it P. D. Q. and send it to —oh, well, just send it. Your efforts will be greatly depreciated.

The fellow who said, "Cave women of the stone age did all their cooking with a single pot—which shows how we have progressed—their flat-dwelling sisters of the tin-can age need nothing but a can-opener," better stay clear of Miss Morgan. Why, since we have our new dishes and silverware, we're going great guns.

No longer are there "two chickens in every pot" since the management came through with the classy equipment; we each have a pan of our own and don't have to double up like that.

All this, and a new dining room table, too.

Nomination for the all-Salem boy. He's a dumb guy, general nuisance and a good kid. Not only that, but he's funny, too. Thus very deserving of the title: Red (I've got that attitude) Weigand.

Bird Culberson has that "attitude," too, and not only that, but also the cutest girl present at the Varsity S dance.

The following tragedy (the fact that it was written is what makes it tragic) was inspired by the couple mentioned above.

These two make an unusual pair.
For Bird, with his complexion fair,
And Janet, with her lovely hair,
Are a picture with none to compare.

But onto the scene comes a dare,
It's science itself to declare
"This is a case very rare.

"For two peaches never before were a pear.

Annual Relays To Be Held At Reilly Stadium Tomorrow

JESSE OWENS, FAMOUS TRACK STAR TO RUN EXHIBITION AT MEET; APPROXIMATELY 30 SCHOOLS ARE EXPECTED TO PARTICIPATE

Salem High's thinclads will be hosts to some 29 eastern Ohio and western Pennsylvania schools at the 12th annual Night Relays at Reilly Field stadium tomorrow afternoon and evening.

Faculty Manager Frederick E. Cope has arranged for Jesse Owens, colored speedster, to perform at the meet. Owens, nationally known for his deeds in the 1936 Olympics, will run the 440 yard dash in an attempt to set a new world's record and will also broad jump. He has jumped 26 feet or more several times and may do so tomorrow night. Furnishing the competition for the colored flash will be the Entriken twins, Bill and Bob, of Columbiana, who performed track wonders for the Red and White of Columbiana two years ago.

Among the squads entered in the Relays are Cleveland East Tech, winner of this year's Mansfield Relays, who won the Night Relays last year; Massillon, Canton McKinley, several schools from the Akron district, a few teams from this county, a number of squads from the Youngstown district, a few schools from Western Pennsylvania and Salem.

The meet, which will have 17 events has been won by the Quakers five times in its history of 11 years.

Some of the more outstanding men entered in the meet are Salem's own Elliott Hansell; Bill Scally of East Palestine in the pole vault and the jumps, and Lee Havre

of Ravenna in the 100 yard dash and numerous others.

The preliminaries are scheduled to begin at 1:30 p. m. and the finals at 7:30 p. m. A large crowd is expected to be on hand for the classic, weather permitting.

Intramural Softball League Begins Play

Under the supervision of Mr. Lewis Smith, athletic director, intramural baseball has commenced. Four teams have been formed in the intramural league which plays after school. In the suburban league there are also four teams, which play at noon.

Because of the short season a schedule has been set up whereby each team will play the three others three times each, the team with the highest percentage at the end to be declared the winner.

Mr. Smith stated that the boys are going to play regulation softball as played in the city leagues.

The captains of the various teams are as follows:

Termites, Dick Lantz; Hawks, Salvatore Guappone Spiders, Frank King; Tomcats, Wayne Hahn.

Suburban league: Farmers, Leonard Lance; Parasites, Wayne Laughlin; Bulldogs, Duane Thomas; Alligators, Richard Allison.

Salem Tennis Team Wins Third Match

Local Courtment Defeat Sebring There In Four Out of Five Matches

Salem High's racquet wielders chalked up their third consecutive win of the current season by defeating Sebring 4-1 last Monday night at Sebring.

Carl Capel, playing No. 1 man, dispensed with Coffman of Sebring in three sets, 3-6, 6-1, 6-2. Bob Ritchie was taken by Harris in three sets, 6-8, 6-8, 6-4. George Baillie, in the No. 3 position, defeated Hennon, 7-5, 6-4, and Gale Stewart followed this up with a 7-5, 6-1 victory over Hetherington. Walter Bolinger topped Tobin, 6-3, 6-3.

A doubles match between Capel and Ritchie of Salem and Coffman and Harris of Sebring was called because of darkness with the match standing at one set each.

The locals' record now stands at three wins and no losses.

Warren Victorious In Dual Meet Here

Salem High's thinclads were defeated in their dual meet with Warren last Tuesday afternoon by a score of 65-54 after failing to cop the mile relay, which would have meant a tie had they won it.

Again the Quakers were led by dash man, Elliott Hansell, who tallied 11 3-4 points, which were earned in the 100 and 220 dashes and the 880 yard relay. Also looking good for the locals were Eugene Myers, who copped the discus event, Walt Kinn, victorious in the broad jump, Tom Rhodes, winner in the pole vault, and Bill Martin, who won the 220 yard low hurdles.

Williamson of Warren was high point man of the meet as he scored 14 points, by virtue of his win in the shot put and second places in the 100, 200 and 440 yard dashes.

SPORT SLANTS

BY RABBIT

Greetings, readers,

As we head toward the end of another week of nice weather, we come upon a strange sight in the backyard of a home on Fifth street. At first sight we thought it was a Mohammedan praying to his god, Mohammed, at the same time uttering "Allah," over and over again. But no, on closer observation we find it to be track Coach Fred Cope on his knees praying for nice weather for the morrow, which is the day of the 12th annual Night Relays. F. E. is not alone in his prayers, as we all hope for nice weather, too. 'Nuf said.

Say, the tennis team looks pretty good decked out in their nice white tennis shirts with bright red lettering. The local squad is looking

forward to their best season and have already won three matches. More power to ya, gang. You'll need it no doubt, with your touch scheduled.

Some 30 schools will compete in our Night Relays tomorrow and if the weather is good, several records may be broken. Cleveland East Tech, recent winner of the Mansfield Relays, will come here hoping to gain more prestige by winning this meet also. Jesse Owens will be the featured attraction of the meet and it is expected that a large crowd will be on hand to see him perform, weather permitting.

"Buster" and Melvin Wukotich returned from their trip to Cincy U. sporting shirts with the famous Cincinnati Bearcat adorning them. Soon the boys will be the fashion plates of the school at the rate they're going now. It is heard that only Mel was impressed by the trip and that "Bus" still leans toward O. S. U.

Incidentally, Springfield won the Ohio Wesleyan Relays. Just thought you might be interested.

Read where Keith O'Rourke, ex-Warren High athlete who performed here several times, tied for first place in the nationally known Drake relays in the high jump with a leap of six feet 4 1-4 inches. Nice jumping. He is at present attending Notre Dame.

S. H. S. has two well known comedians in "Wrangler" Krepps and "Deub" Miller. The boys make quite a pair when they begin to cut capers at the local hang-out of the studes of this school. Ya' oughta see 'em sometime. They're mighty good.

"Al" Hansell, Eugene Myers and Tom Rhodes have been turning in consistent performances for F. E. Cope on the track and field this year and all should turn in good performances in the Relays.

Several practically unknown thinclads have come into the spotlight this year. "Atlas" Kinn looks good in the jump; Bill Martin goes swell in the low hurdles; Orrie Wright and Bob Jaeger, in the high hurdles; Bob Ruffing and Felix DiAntonio, in the shot put; Jim Berger in the 880 yard run; "Jock" Hagan and Ralph Davis, in the 440 yard run. Salem's track future looks pretty bright as most of these boys are sophomores and juniors. O, happy day! And then we have Art Horning in the mile, Bill Shoop in the 880 yard run, Danny Kleon and Tommy Leslie in the pole vault and Gerald Bingham in the high jump. The last three mentioned are only freshmen.

The intramural softball league has just started and when anything of interest turns up, we will try to cover it and print it to the best interest of those involved. We hope.

Since nothing of real interest has turned up in the big league ball season, we will omit anything relating to this subject for the time being.

With all this nice weather we're having, it is not surprising to see the boys out testing their "salary wings" and batting eyes. All of them are looking forward to their best season, no doubt and to keep up the baseball spirit we hope they will, 'Nuf said?

Following the night relays there are the county and district track meets before the end of the present track season. Those who place in the district meet will qualify for the state meet to be held in Columbus, May 23-24. Need it be said that the local lads, especially Hansell, Rhodes and Myers are after that trip downstate?

Well, since we've covered everything of interest in the local and outside sport world, we'll leave you till next week.

So long.

Jack Atkinson Wins Award At Kent Journalism Clinic

French Students See Movie at East Palestine; Three Salem Boys Are Winners of Stunt Night Contests at Youngstown Hi-Y "Roundup"

Wins Sports Award

Jack Atkinson, sports writer for the Quaker and writer of the sports column, "Sports Slants", was awarded third place in the sportswriting division at the North-eastern Ohio Press association clinic, held on the campus of Kent State University, Kent, Ohio, last Saturday. Articles were entered in nine different classes but Atkinson's was the only one from Salem to get an award. The article which won the award was written concerning Jesse Owens appearing at the Salem High Night Relays.

See French Movie

The French II class and two members of the French I class, Twila Yates and Rita Pottorf, journeyed to East Palestine a week ago last Monday to see the French movie, "Mayerling," starring Charles Boyer and Danielle Darrieux.

The movie was brought to East Palestine by the East Palestine High school French classes. French students from several high schools were present to see it.

Win At Youngstown

Don Freed, Alex Simion and Walter Kinn won the first prize of a bag of suckers for their burlesque wrestling match, given at the annual Hi-Y "Roundup," held at the Youngstown Y. M. C. A. last week.

The gold basketballs which the members of the Hi-Y basketball team are to receive for winning the tournament have not arrived yet.

A meeting of the junior boys who wish to join the club will be held in the near future. At this meeting the club for next year will be organized and officers will be elected.

Members of the Hi-Y and junior boys interested in joining the club for next year saw a sound picture about the National League baseball season for 1940, in room 209, April 17.

Approximately 90 persons saw the pictures which showed the various players of this league in pitching and batting action.

Classes Study Lakes

Members of the physical geography classes have taken up the study of the glaciers and lakes of the world and their economic importance to man. Reports have been given by various students about the fresh and salt water lakes of the world, including the Great Lakes, the Great Salt Lake and the Dead Sea.

Study Earth's Development

The biology classes have been studying the development of the earth, including the changes in

plant and animal life from the Archeozoic Age, the first known period of the earth's development to the present period, the Cenezoic Age. In studying the periods the pupils attack each age as a book and many interesting and informative discussions are held.
