## Prom Carries On In Best Of Tradition

In spite of priorities and the war, the Prom was held a week ago Friday in a Polar setting with igloos, icicles, and penguins carrying out the theme. Northern lights served as the background for Bob Pattie's 13 piece orchestra which played for the 275 juniors and seniors. Girls whirled in light frothy summer gowns and boys stepped in white dinner jackets.

An informal skit was presented featuring Barbara Brian as Casey O'Brian, Paul Evans as Willie the Weeper, Glenn Weigand as the judge, Mary Byers as Nomore Sugar, Debora Gross as Wanda Tire, Jean Dixon as Nita Tire, Virginia Snyder as Cen Surd, Fred Krauss as Ab Surd, Herbert Hansell as the attorney, O. In a recent survey taken by Mr. Ted Jones, acting Dean of Boys, it was disclosed that fewer boys will attend colleges this year than in previous years.

The following is a list of the senior boys who plan to attend college and the college they plan to attend: Ohio Northern, Ada, Ohio: John Botu, Jack Stratton, Ben Ware. Ohio State, Columbus, Ohio: George Bodirnia, Herman Linder,

## You're In The Army Now

America needs high school students! This is the cry that is being echoed throughout the nation as more and more men are called to the colors leaving jobs which must be done if our nation is to win this war.

Repeatedly school students have been asked to apply for some of these jobs at the local employment bureau. Here during the summer months, the students are placed where they are most needed in our war effort. Realizing that many students remain unemployed during the vacation period, the United States government has instructed the local employment bureaus to make use of these idle hands and to encourage students to work where there is the most urgent demand. This is a duty of members of the American home front.

Our armed forces are battling for our rights at the four corners of the earth; we at home will not let them down!

## The S. S. S. Club

Are you a Joe Slow who, in following the S. S. S. (swim, sleep, sit) policy, has decided to hibernate, counter-bearlike, during vacation? All through the school year we hear the Salem High Slave mooning about how much he has to do and thinking longingly about a three-month vacation. This summer arrives and he finds time, heavy on his hands. There seems to be no place to go, nothing to do and no one to do it with. But all of this is of years gone by! This summer there will be plenty to do. Many have their work already planned. If you don't, look 'round and inquire. You will be sure to find something because when a nation is at war everyone must keep busy, helping.

## Mitchell's Mad Musings

Our chemistry genius and (choke) gas expert Mr. Oana tells me he has an idea that will put him on easy street. It's a new kind of cigarette lighter. A candle stuck on a deflagrating spoon, (less complicated than the old "Zippo" you know.)

By now everyone is able to come to school with his eyes open. The prom was a week ago. It was a lovely evening—all three days of it.

They tell me Pierre Laval is a Nazi sympathizer. I always thought he was a journalist. "Fifth Column Laval" he was known in those days....

That famous expert on polarized light, Mr. William Beardmore, Esq. tells me he has made a startling discovery. If you put venetian blinds on the back windows of your jalopy you and your girl can have

some privacy. (Jim Berger, please note).

Don't you think that little intermission program at the Prom was most revealing? I never knew Paul Evans was that kind of a fellow. By the way, Paul, what does it feel like to have a bouquet of clinging vines thrown in your face?

In the spring a young man's fancy turns to (censored). (We cannot divulge the activities of our navy personnel to the axis).

## ON THE VINE

By Ruth Sinsley

CRASH! BOOM! BANG! I've always wanted to start something with a bang, and now that I have, I want to dedicate this jum (poem to you) to the seniors .....

'Though you were never slow,  
To keep us on the run,  
We're sorry to see you go,  
You've been a lot of fun.

As one lollypop said to another lollypop,  
"Hi, sucker!" (that's me, according to Hoover). However, with a little "co-op" from you helpful studes, I'm "willin' to give with the info."

It seems only fittin' and proper that due mention be given to the numerous cases of measles which Bud Hill, Louise Hanna,, Mona Cahill, Bob Ruffing, Bill Rance, and yours truly, have invited through no fault of their'n. 'Twas a sad, sad, case in some cases.....

## A CORSAGE OF ONIONS

.....SHOULD have been presented to the boys with out dates for the Prom. According to Hansell, the Juniors' slogan should have been, "Walk your date to the Prom and then you can say you took a drip." But even though it rained, everybody had a wonderful time and except for the hangovers (or were they bags?), the next day, nobody felt too much the worse for the wear and tear.

Scene at the Prom. The band was really on the beam and....Mouse had an awful time trying to keep his necktie on....Iona Tire and Needa Tire were 'awanting a Rea Tire....Bobby Brian was swinging a mean bat for Casey (they say she lives for the Indians)...Janice Logue was enjoying the program with a cute giggle in evidence...Stretch was giving an imitation of Heil Hitler in full dress...Dan Reardon was dancing by himself (nobody could see Baby)...Jinny and Fritz were subbing for Simms and Babbit (oh, Yeah?)...and last ut not least, everybody was looking scrumptious all decked out.

ti wouldn't be cricket not to mention the dates for the Prom, so herein lies a part of the hearty crew:

Emma Bauman—Fred Krauss.  
Eleanor Stewart—Ed Volpe.  
Jo Adele Mounts—Bill Probert.  
Regina Hilditch—Paul Heim.  
Jean Carey—Jack Tinsley.  
Mary Circicosta—Basil Karlis.  
Jackie Brown—Russ Sutherin.  
Mary Byers—Bob Moore.  
Teeny Schell—Clyde Pales.  
Marion Davidson—Art Schieb.  
Jinny Snyder—Chuck Gibbs.

For those who are thinking of getting a "feather itch," Pat Keener and Molly wield a mean pair of scissors and Donna Schaeffer will squeal to it. The evidence is in Donna's topknot. Since all the boys are planning on getting butch's, maybe they will be interested.

Although the boys were a trifle disillusioned (that's a five dollar word) after the "You know who's" initiation, they didn't feel any worse than the girls who took the beating. Most of them survived the allah process but the garlic took some of the sweetness away from their personality. I wonder why.....

Some of the boys, Iggy, Grossie, Butch Wise, and Rance, have been taking in the rides at Idora. I guess the "Moon Rocket" with its "rolling" faster every minute" speed, was a little too hot for them, 'cause they stuck to the Wild Cat most of the time. Not that I blame them after seeing the M. R. in action.....

SO LONG.

## Students Relax as June 5 Nears

## Closing Days Find Seniors Sad, Undergrads Rejoicing

The last few days of school are new grass in the shade of some happy ones. Students while cramming for the final tests and worrying over credits and next semester schedules generally "let down their hair" as the scholastic year nears the homestretch. Local coke parlors are jammed (as in sardines) to capacity as the after school crowds linger over cooling cokes and pepsies till long after the before-supper study hour usually begins.

Bicycle brigades are formed right and left for moonlight and sunlight hikes and vine covered porches are the scene of many an evenings bull session. Parties and picnics are in full swing and biology hikes and gym walks are but gentle memories as the year draws to a close—for some an expression of regret, for others, relief.

Even the patient noon hour crowds have forsaken the hot sun to sprawl in the comfort of cool

tree or building. Anything to be different now that the hot season has definitely arrived brought on the "boy's sing" a few noon's ago. A stray musical instrument is even brought to light every now and then to lend a bit more excitement. Smiles are a dime a dozen; animation rides the air.

Seniors finally admit that under the assumed brusque air is a feeling of despondency as they are reminded that never again will they know the carefree days (that we have carefree days is a lie and senior know it!) of a small town high school. Always they will remember the small, seemingly unimportant things about it as the years pass.

This year has been hard and long; the future is uncertain; yet there is an unmistakable ring in the sky as June 5 draws near and students once again realize that, vacation is here.

## Actress' Story Is Humorous

Unlike most books that Cornelia Otis Skinner has written, "Soap Behind the Ears" does not deal with the philosophical side of life. Entirely different in every aspect, this book will cause laughter from one sentence to the next.

Each chapter of the book tells of a different incident, so far-fetched that it could be called a "tall-story." As can be gathered so far, the incidents are not of the author, though written in a somewhat autobiographical style.

The phrasing of words and the vocabulary in "Soap Behind The Ears." will cause such an interest in the variety of the style that is created, that it will be read from cover to cover without stopping.

Strictly a book that one should read in one's dull moments, "Soap Behind The Ears" is on the "must list" for those who have "stay at home nights" and will cause the busybodies to get caught up on their reading.

## Writer Inspired By Poetry

Creeping under half drawn blinds,  
The bright sun thru the window shines,

Brightening up the study hall  
And making me want to get the heck out of here.

Isn't it funny how the summer sun brings out the poet in one. I always thought it was spring's job but I guess there's been a slip up somewhere. If this inspiration had come sooner I might have gone on to fame and fortune via the Brooks Contest. No? Well perhaps your culture and taste is developed highly enough to appreciate my artistry. I feel like bursting — into song, but you know how people talk.

Just think, swimming, tennis, etcetera and etcetera and here am I a prisoner in the noble halls of learning. Two more days! How can I bear up under it all. After nine months of loving my little daily tasks I must endure the hardship of those two last torturous days. Ah, me- (sigh, sigh).

Just another week and then Summer comes  
Oh well, maybe you were right but I'll bet you can't do any better. Go on, try it!

## Summer School Starts June 15

Persons interested in taking summer school work are to meet at the high school next Tuesday afternoon at 1:30 for registration.

The principal's office advises that pupils should not take more than one unit of work during the summer. This unit may consist of one full unit subject or two half unit subjects. Because the work done in the summer is to approximate that done in one regular school term, students are advised not to work a full term in a manufacturing plant or a store and still attend summer school.

It is not advisable to study foreign languages, laboratory subjects or mathematics during this term.

Pupils taking a half unit course will attend school one hour per day for six week and pay two dollars per week; students signing up for a one unit course will meet two hours a day for six weeks and pay three dollars a week.

Classes will begin June 15.

## Food Classes Give Luncheons

## Editorial Staff Loses 5

With this Recognition assembly issue, the Quaker Weekly for 1941-'42 is finished. The staff has attempted to entertain as well as inform the Salem High students, boosters and alumni in the 31 papers which have preceded this one. It hopes that it has succeeded.

Members of the Quaker editorial board come and go and this year the staff loses five writers through graduation while 15 seasoned troupers remain to help next year. Those five in the class of '42 are: Bill Rance, Lois Hoover, Judith Trisler, Marie Kastenhuber and Betty Blaine.

The next Quaker Weekly will be issued early in September, 1942. Any suggestions, criticisms or comments which might be helpful in planning next year's paper will be gratefully accepted in the Quaker office.

## Salem High on Honor List for 37th Year

Mr. B. G. Ludwig, Principal of the Salem High School, announced that Salem High is continued as a class A school by the North Central Association of Colleges and Secondary Schools. This class A rating has been maintained for 37 years because of the high quality of instruction and work done in Salem High School.

In order for a high school to be on the approved list of the North Central association the school must meet high standards in instruction, school plant and equipment, library, school policies and the educational program.

## Cosgarea Chosen "Football Girl" In Junior Elections

**Ann Cosgarea to Reign For 1942-'43; 20th Girl to Hold Title**

Ann Cosgarea was chosen to reign as Football Girl for the year '42 and '43, in the final elections held by the junior class Friday, May 22. Ann is the twentieth girl to hold this honor. The custom was introduced when the late Dr. H. K. Yaggi first presented the Football Girl award in 1923. Ever since that date the junior class has chosen a girl typical of all high school girls throughout the country and taking an interest in football games.

Each year, in Recognition assembly, the Football Girl presents the small football which has been in her possession to her successor. This year Lois Hoover, graduating Football Girl, will present it to Ann.

Ann started her cheerleading career in Junior High school and has been a cheerleader during her three years in high school. She is also a member of the Hi-Tri.

## Vissers Presents G. A. A. Letters At Assembly

Numerals, Shirley King, Virginia Mayhew, Donna Rice, Mary Skor-upski, Eva Vissers, and Marie Vis-sers, all seniors.

Letters were awarded to Dorothy McCartney, senior; Ruth May, Mona Cahill, Dorothy Greenawalt, and Betty Theil, juniors.

A picnic was held Monday after-noon at the Salem country club for all the members.

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its back-bone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pa-cific.

Eight huge battleships are under construction and more are con-templated. To finance these modern goliaths of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your county go over its Bond Quota.

U. S. Treasury Department

## Good Luck, Seniors

Even a small town or community might buy one of these for the nation's safety, for they cost about \$5,000 each or the equivalent of 267 U. S. War Bonds at \$18.75. Buy War Bonds every pay day and top your county quota.

## Transportation Discussed By Athletic Board

### Board Hopes to Continue Bus Transportation For Athletic Teams

The Salem High School Athletic board held a meeting on Monday evening, May 25. Matters of interest and importance were discussed.

In addition to reviewing the recent track season, plans for the coming football season were laid.

One of the problems confronting the athletic board is the question of transportation of the teams when games are played away from home. In spite of the announced restrictions, it is hoped that the Defense Transportation Board will permit school teams to travel, since the War Department has emphasized the need for the continuance of athletic programs.

## Johns Show Milk Snake to Biologists

A three foot milk snake, which is a species of King snakes, was brought into Biology class last week by Kermit Johns.

This species of snake is harmless and is valued as a killer of field mice. It may be identified by gray brown splotches edged in black.

There is an old superstition that these snakes take the milk from cows but this superstition has not true basis.

Other specimens brought in were a box turtle and a land turtle.

## JUST BROWSING -

The Jackson Administration is the time, New York City is the place for the setting of "Young Ames", a best seller, written by Walter Edmonds. No other story could so adequately describe the life of a young boy all alone in a large city and left to his devices for finding a job. John Ames, slight of build, 18 years of age, and freckle faced, however, had plenty of courage and not a little bit of self-confidence. He attained a position as a clerk and fell in love with the boss's niece. There was a lot of uphill work to be done but Young Ames, as he was called, decided he wanted to be a millionaire.

Thereafter he did all he he could to make money and won respect from the whole city for his achievements, which were many. The manner in which the story unfolds is so realistic and interesting, notwithstanding amusing, that it will hold the interest of the reader to the very end.

# Quakers Will Open Season Sept. 18 Against Sebring

**Nine Lettermen To Return to Fall Lineup Announces Coach Overturf; Akron Central Added to List of Opponents for Next Season**

The Salem gridders, coached by Ray Overturf, will open their 1942 football season at Reilly stadium on Friday night, September 18th, against the Sebring eleven.

In the first game last year Salem played Madison and Salineville to take both decisions. Salem failed to tangle with Sebring last year. Six games are slated to take place in Salem while just three will be held out of town. October 9th Akron Central will play Salem here. This will be the first time that the locals have engaged this Akron eleven.

Overturf looks for a prosperous season with nine lettermen back from last year. Some good material has come up from last year's junior varsity squad. In spring pre-season workouts which Coach Overturf called early this spring the Quaker squad showed possibilities. The lettermen that will return are: Richard Greene, Frank Entriiken, Dick Culbertson, Frank Hagan, Carmen Nocera, Duane Thomas, Gordon Shasteen, Glenn Weigand, and Albert Kenst.

Miss Soule, shown in Boston, told newsmen she and Ted have no marriage plans yet and that Ted can't marry until he gets his Navy wings and a commission.

## Cleanings from "The Sweeper"

Irene Schmidt leaves the ability she has to get out of classes. Her explanation is to get a slip, take to teacher and they will sign. Then leave room.

Chas. Lind leaves the stage and doesn't see how there are to be plays if he isn't here. He worked mighty hard.

Rita Pottorf, our brightest, leaves to go to college and get more of that grey matter.

Gub Gub Corrigan leaves all of those tire marks in the front of the school to anyone that

cares to scrape them up. Run do not walk to the nearest exit.

Jo Mounts leaves so she can get to Miami quick.

Iggi Moore leaves to any boy that wants it the job of sitting and getting the basketball scores, etc. at games, he always worked so hard at that.

Mary Ciricosta leaves the Debate Squad.

"Tut" Guappone leaves with many backward glances to the girls. He always was a ladies man. Also a very empty place in football and basketball.
