Directors Of Festival Hope To Have Participants Familiar With Music Before Activity Starts

All the musical organizations including band, orchestra and chorus have started rehearsing the music for the program at the Mt. Union Music Festival on April 27. It is the hope or desire of the ones in charge of the festival this year, that all participants be familiar with all the music. In the past students coming from the districts have tried to sight read the music at the festival. In an effort to produce a better performance, those in charge are asking that all participants have an opportunity to rehearse the numbers ahead of numbers at an earlier program.

lem will be taking part in the three bolic diploma, and having the redivisions, band, orchestra and maining members receive theirs

Cat Interesting Animal (Especially) To Physics Class

As I was walking down the hall the other day, I heard a great deal of noise coming from the physics room, so I peeked through the door and there was Mr. Jones and the whole class trying to catch a poor little cat. Bill Buehler started down one end of the aisle and Bill Stoudt at the other and they were so absorbed in the cat that they didn't even see each other until their heads had bumped. That caused quite a commotion, so during the excitement the cat decided to leave by way of the window. Eileen Minser and Gert Hermann saw the cat go so they told our hero, Mutt Schaffer. He dashed to the window and scrambled out on the ledge after the cat. It was really thrlling to see Mutt climbing along the ledge with the whole class standing at the windows they give you a better idea of what promotion but did not get the rank Now all was ready. Eight Cheerleaders To Receive Letters

Salem's football and basket games have been graced by the presence of eight cheerleaders. Dave Linton, Betty Cosgarea, Donna Lopeman, Helen Chitiea, Evelyn Nicklason, Minnie Maroscher and Betty Rayniak have been led by Headcheerleader Juanita Whaley. To these eight cheerleaders belongs a portion of the credit for Salem's fine teams this year.

Battle Cry of a Century

"Give me liberty of give me death" was the cry of our forefathers just one hundred and seventy years ago at a time when this United States was being founded and conceived. It was because of such men as Patrick Henry, author of this declaration, and men like him, that a free nation with a free government was organized. New ideas were formulated and and King. Didn't they look sweet put into use, and as a result the most idealistic nation sitting on their thrones? Gee, kids, the world had yet seen came into being. With courage like Patrick Henry's the people of an insignificant and Gus looked very sweet too; the British colony rose against their oppressors and freed girls with their pretty formals, and themselves and the later generations of Americans the boys with high green hats. Tom wears them well. Besides all this from tyranny.

Today, after one hundred and seventy years of a fine job of singing Irish songs. freedom, the free people of this nation are once again fighting to preserve their liberties, and once again they have made clear the ends of their battle through that original war cry, "Give me liberty or give me lasts you for ages. Everyone has death!"

The system of fighting for freedom-free speech, and shiny, and doesn't make it the free press, free choice of religion, and freedom from least bit dry. BY MOLLIE

HELLO:

This Spring weather certainly is invigorating, I must say. I feel at peace with the world even tho' I do have half a million enemies. Now, according to Betty Astry, who has become a great weather forecaster under the able teachings of Mr. Jones, the weather for this week-end will be probably the opposite of what she says, so why waste good space where I could write doit? (Plug for the seventh period Pre-Flight class. I have to get my grades some way, don't I?)

LITTLE IRISHMEN AND LASSIES

The rumor last Saturday was that everyone had one heck of a good time at the Shamrock Shindig. That's good! Things really perk when the fems take the initiative, don't they? (Plug for the feminine race of which I am one ____boy, I bet that was a jolt to some of you, wasn't it?) I think I'll elaborate on some of the dates so you can tell who pines for whom in the Springtime, when all Senior boys hearts turn to ice at the word "draft." Marge Theiss-Johnnie Bush, Joey-Frank, Margy-Don, Mutt (his blind date who turned out to be a nurse and with which Charles had much good time), Barb-Duck, Betty-Tweet, Lulu-Scott, Shirley-Moe, Connie-Oyster, Gertie-Bob, Sally-Dear Editor (have to stay on the good side of him too so he'll give this job to my fondest enemy), Sally-Bud, and then all the steadies that go with the school and would take up the rest of the pagehhmmmm, not a bad idea! Anywho, as long as everyone had a good time, we are happy and contented just like Carnation. Ouch, I know!

CIGARETTES

Mert Cody is the kid with the weeds in case you want to bum one. That'll be great news for Fran. He always has a pack to offer one and all. No, I mean one, not a whole pack! They aren't that famous No Cigarettes brand either, Weed friends. (Look out Mert, you are about to be the victim of a personal mob.)

OUT OF MY CATAGORIE

Yes, out of my catagorie but decidedly in the right paper and on the right page. One of my reporters, Miss Lehman, overheard a remark the other day (Eaves-dripping?) Some fem tho't it too bad that Pat wrote "Let's Look Keener." That's nothin', so does Pat. But anyhow, the reason the remark was made was just this. Pat deserves to be the "Best Dresser of the Week" and pride keeps Pat from doing this herself. I am about to make the presentation of the weeks' "Elmer" (last week I made Ingrid Bergman the "Oscar" winner-pretty good picker if I do say so myself) MISS Patricia Megan Keener has graced these halls for nearly four years now. (I won't mention the fact that she's been here all this time because of State regulations) She has many sweaters and skirts plus pretty dresses and accessories to match. Pat's heart is in the Air-Corps which has nothing to do with the watch set in the wings that June insists looking over Pat's shoulder at. I'm 'fraid Pat will be shipped off to Dennison for school but she'll have her little 'Elmer" to take with her, anyhow.

The Sabotage box held two very interesting winners this week, and I'll admit that I also voted for Mrs. Singer-To hear students both winners. NO! I did NOT stuff the box. The cute girl turned out to be everyone's friend with the eternal smile, Ginny Baillie. Ginny is one of a bunch come in after the library is closed of little ladies who are always having a good time. She has scads of friends, and well she might have. The big, brave boy came out as Louis Juliano, and one swell guy. Louie is one of the Kroger employes and makes a very cut epicture sitting on the oranges in the window. Louie is another one of everyone's friends and loves to tell you about Brookline. Two super kids, in my estimation, and obviously everyone else's. You've made a name for yourselves now, you swell Juniors, so keep up the good work!

Well, funny faces (that's a general way to include all intelligent teachers in a name . . . I was just expelled!), that's it for this week, except to wish Fred Koenrich a Happy Birthday yesterday. Inez and I had one last Tuesday. (No conceit in my family, not when I have it all.)

Since it is too early to tell the strength of the squad, an uncertain future lies ahead, but never-the-less, the team can be expected to give an excellent account of themselves if spring practice is any indication. The Salem boys are really getting down to work, keeping in mind the high rank of last year's classy aggregation in the state's list of track teams. Good luck fellows!

Tomorrow the A and B championships will be decided at Toledo and Springfield respectively. Massillon, Canton McKinley, Middleton, and Bellvue will participate in the A finals and Columbiana. Sandusky St. Mary's and Ashville will collide for the B laurels.
