Barbara Lane headed a picnic committee appointed to plan a picnic supper on May 28th, which will be the last Council meeting of the year.

At this meeting a report was given by the group that visited Warren High school. Questions concerning their procedure and way of doing things were asked by the group.

The response of the student body to the care of the freshly painted walls was discussed.

Miss Thorpe stated the student council opinion was that almost all students were proud of their rooms and that most of the marks on the walls so far were around doors where pupils unconsciously put their hands as they enter the rooms.

The HI-LITES

By MARILYN and SHIRLEY

Hi Kids,

I hope you will enjoy this column as well as you did Lois' and Niki's. Tell us the things you would like most in this column, for we would like to please you. If you discover something new and fascinating, tell us and we will put it in with your name.

Let's begin by telling how smart Lois and Niki look all the time. Our first victim:

LOIS—We are going to miss this darling senior next year. To be sure!! Lois has many snappy outfits which fascinates the eye. Her cute figure sets off all her fitted suits. Lois' wardrobe has many pleated skirts and colored jackets. She's swell to be around. Good Luck, Lois!

NIKI—Here is another wonderful senior that we are going to miss. All kidding aside, she has a wonderful personality. Her clothes are right out of Vogue. Niki's hairdos and accessories always match her outfits. Good Luck, too, Niki!

HUBBA BOYS—We have heard a lot of nice compliments on how a few boys were dressing last week. They were wearing sport jackets and colored pants to match (really looked nice, boys). Few of them were Johnny P., Bubbles, Moe, Doug, Zeke, etc. We still would like to know what brought it on. All joking aside, the boys really looked swell, huh, girls?

WIDE BELTS—The new fad out now is wide belts with stones or hobnails on them. They come in all widths and colors. These belts look very attractive with most any sport outfit. They can be worn with slacks, shorts, dresses, and skirts. It helps to keep your blouses in your skirts, which makes them look neater.

PROM—Well, tonight is the night, kids!! Everyone is running around putting finishing touches to formals and trying to create some exotic hair do. There will be a lot of darling cotton and taffeta formals tonight from what we hear. We wish we could tell you more kids, but since it is before instead of after, you will just have to wait until tonight.

LIQUID LIPTONE—Here is a swell hint for tonight. Have you ever used liquid lipstick? You paint it on with a brush and take it off with a liquid remover. This lip-

stick comes in many colorful shades. It positively will not come off unless you use the remover. You boys will like this, right?

SENIORS—We want to take time out and wish all the Seniors success. We will miss seeing them through the halls next year. They were a swell bunch of kids. So long Seniors!

Here is our idea of a perfect high school girl. They would have to have all these things rolled into one:

Hair—Esther Haggerty
Teeth—Connie Petrucci
Clothes—Barb Pedersen
Dimples—Ginny Baillie
Voice—Beverly Stowell
Legs—Marty Brian
Personality—Mary Lou Van Poppelen
Figure—Joan Hardy
Complexion—Doris Eyton
Nose—Elaine Abe
Eyes—Velma O'Neil
Pep—Donna Ward

We also have dreamed up the perfect boy. He would look like this:

Physique—Mutt Roessler
Nose—Dutch Miller
Hair—Lloyd Harroff
Eyes—Lock Laughlin
Personality—Doug Pedersen
Clothes—Bob Little
Teeth—Don Coppock
Complexion—Tom Scullion
Smile—Zeke Zeck
Pep—Dan Smith
Voice—Goober
Dimples—Gene Shafer
Manners—Ray Snyder

Goodbye for now kids, until next fall.

Marilyn and Shirley

PERSONALITY

Gertie Zerbs is our very charming and enticing personality of the week. She has short, curly, light brown hair and stands 5 ft. 1" tall. Her favorite haunts are the Corner and Leases. She especially loves double thick milkshakes, French fries, and Math. Horseback riding or driving her little Ford occupies her pastime. Anything waxed by Vaughn Monroe rates tops with her.

This is one adorable lass the Junior Class will certainly miss while she is at Prep school. Here's all the luck in the world to you hon!

Sugar & Spice

By JOAN HARDY

Hi, Vacation Lovers! (Those who work, too.) First off, I'd like to say farewell and good luck to all the seniors. We sure will miss them. Won't we, kids?

I WONDER

I love you. Ouch!
I love you. Ouch!
And that's the story of two porcupines necking.

SPRING

Spring is so beautiful, says Loretta Cocca. "The grass and trees are such a pretty shade of green," and I say that's not all. Need more be said?

P. U.

The boy got this first true view of 12 of our junior girls on May 15th. Could it be these ladies (?) aren't always themselves? Well, if that smell was a natural one, it is requested they try Listerine or something . . . anything . . . but take that breath away!

FLAT TIRE

Dick Tolson and Dick Walken really felt bad as they told me their tale of woe the other day. It seems the boys had a flat tire out at the you know where. Gene Shaffer came along and took the girls home while they fixed the tire. Cheer up, you two, and next time go somewhere that Gene won't find you before you let the air out of the tires.

Spring always brings hay rides. One was given by Joan Sheppard last Friday. It was really an affair, and almost everyone was there. There were thirty invited. Almost twice as many showed up, so you see what I mean. Joan said it might have been crowded, but that's the way they wanted it. Yes, we know what you mean.

Minnie celebrated her birthday last Sunday with a crash. They tell me she broke 18 glasses against the wall. That's a new one on me, but it sounds like fun. If someone else would clean up the glass, that is.

Bob Roessler, Bob Little and Bob Boone really deserve a pat on the back. That we'd give them, and a lot of luck to boot. Really take over at the state meet tomorrow, boys. We'll be rooting for you.

Marty Flickinger had a slumber party for her gang who didn't care to sleep last Friday night. Three of the guests began to get drowsy so they decided to go for a walk in the fresh air. They met the milk man on their way 'round town. They said he's pretty nice looking, too. Well, that's all very nice, but I'd rather not see what ours looks like if I have to be awake at that time in the morning.

HAVE YOU HEARD?

The more you study
The more you know.
The more you know
The more you can forget.
The more you can forget
The more you do forget.
And the more you do forget
The less you know.
So why study?

WHY???????

"Pudge" (I have a blue sweater from S. H. S.) Barnard is really the man of the week. He's really a swell person, and besides he has a car. Ruff???

Nuff said. . . Right???????

Tonight's the night! Things will get under way at 9:00, so everyone should have fun romancing and dancing. Really, make it a prom to remember.

Be sure to enjoy your vacations, and be brave enough to face facts next September. It will take courage for most of us.

See you all around.

So long,
JOAN.

Teachers Deserve Credit

With the coming of vacation, the Prom, and other activities, some of us may become disgusted and discouraged with school work and the teachers. Did you ever stop to realize, though, that your teacher really gives to you the knowledge you gain each day. They teach you and review with you the things you already know. But just how much do we realize this, and pay tribute to our teachers? There are always some students who complain about this teacher and that teacher, but when you come right down to it, they are really the ones to complain. So, it wouldn't hurt too much to be polite to a teacher and do as she asks. After all, they build for you the knowledge you will carry with you during your life.

The Graves Of Our Dead

As we cover the graves of the heroic dead with flowers, the past rises before us like a dream. Again we are in the great struggle. We hear the sounds of preparation—the music of the boisterous drums—the silver voices of heroic bugles. We hear the appeals of orators; we see the pale cheeks of women and the flushed faces of men; we see all the dead whose dust we have covered with flowers. We lose sight of them no more. We were with them when they enlisted in the great arm of freedom. We see them depart from those they love.

Those heroes are dead. They sleep under the solemn pines, the sad hemlocks, the tearful willows, and the embracing vines. They sleep beneath the shadows of the clouds, careless alike of sunshine or of storm, each in a windowless place of rest. Earth may run red with other wars—they are at peace in the midst of battle. In the roar of the conflict, they found the serenity of death. I have one sentiment for the soldiers living and dead—cheers for the living—tears for the dead.

Tighten Up On "Traveling"

It is twenty minutes 'til nine o'clock and Johnny has just entered the school building. He climbs the stairs and starts to walk to his locker. But it's not as easy as all that. Before reaching his locker he must zig-zag, wind, climb over, and crawl under students who have formed a gossip ring right in the middle of the halls. Also, students are gathered around Johnny's locker, and by the time he gets his books and reaches his home room with about two seconds to spare, he can compare his experience with the Army's obstacle course.

Let's try to avoid all this unnecessary "traveling" by staying close to the lockers and leaving room for others to pass. It will save a lot of time and trouble for everyone.

Girls and Boys who wish work during the summer are asked to hand their names, addresses and phone numbers in too the Dean's offices. If you want a particular type of work, please specify.

Akron North Vikings Capture Third Straight Class "A" Meet

Jim Smithy, North, High Point Man; Can. McKinley Takes 2nd Place; Salem High Places Four In State

Approximately 2,500 fans braved intermittent showers as they witnessed Akron North's Vikings pile up 50 points to capture their third straight Northeastern Ohio Class "A" Track and Field Meet, held last Saturday at Reilly Stadium here.

Twenty four schools represented by three hundred and fifty athletes participated in this meet. Because of its size the winners of the first four places qualify for the state meet which is held today and tomorrow. In the other district meets the first two places are the only qualifying berths.

Canton McKinley who had visions of dethroning Coach Bob White's Vikings finished in the runner-up spot by garnering 29 points. Akron Garfield and Akron Buchtel finished next in line scoring 22 and 20 points respectively.

The other teams finished in this order: Warren 18, East Palestine 13½, Struthers 12, Youngstown South 12, Salem 9½, Canton Lehman 9, Louisville 6, Boardman 6, Painesville 4½, Akron South 4, and Akron East 3½.

Akron Central, Girard, Massillon, Mentor, Niles, Wooster, Westville, and Youngstown Rayen failed to break in the scoring column.

Of the fourteen events held in this annual event only one record was shattered. Bob Wade, versatile negro star from East Palestine, leaped 22 feet 3½ inches to better the old broad jump record of 22 feet ¾ inches established in 1942 by Barnett of Barberton.

Jim Smithy led the winners by coming out victorious in the high hurdles and low hurdles and placing second in the high jump for a total of sixteen points. The Vikings led from the first event on and placed men in 11 of the 14 events. Other first places won by North were by Troy Rush in the shot put, and Vatalaro in the pole vault.

Bob Little, Salem's star half mile runner, finished second in his event just trailing Farrell of Canton Lehman by 2 tenths of a second. Bob Roessler, pole vaulter; and Bob Boone high jumper, also qualified to represent Salem in the state affair.

Summary of the events follow:
120 YARD HURDLES—Smithy, Akron North, won; Dugas, Struthers, 2nd; Laibe, Akron Buchtel, 3rd;

Grid Prospects Good For 1946 Season

Prospects for Barrett men of '46 are very good. Quaker grid fans can look forward to a successful season. The rest of the lettermen are Ted Boone, Soph. HB; Ed Bozich, Fresh. FB; Pete Cain, Soph. C; Walt Ehrhart, Fresh, HB.

These lettermen are backed with a host of reserve power which will form the nucleus of future Quaker grid teams. B. Little, B. Roessler, Salem Are Victors; B. Boone Go to State! Defeats Col., Niles Wed. With 75 Points

Salem Bucked Stiff Competition Saturday

The State Meet, which is to be held at Columbus May 24 and 25, will see some of the best track material ever assembled.

Salem has a good chance of taking places in the three events in which it is represented.

Bob Little in the 880-yard run, Bob Roessler (pole vault), Bob Boone (high jump). . . . It seems that the name "Bob" must be lucky for some reason.

The track meet which was held here last Saturday had some of the best teams ever seen in the N.E.O. meet. Salem was up against some stiff competition and deserves our congratulations.

The only record to be broken Saturday was by Robert Wade of East Palestine, who broad jumped 22 feet and 3½ inches. Wade is considered the outstanding high school broad jumper in Ohio today and is a favorite to cop the event in the state meet at Columbus next Friday and Saturday.

J. V. Clifford, Sophomore from Canton McKinley, who could have won the 100-yard dash at state without too much trouble, wasn't given a chance at it when he was ruled out of the semi-finals for two false starts. Tough luck for Clifford, but he still has two years. Better luck next time.

Warning to Class B discus men: Alex Gardiner of McDonald captured the discus at 147 feet 9¼ inches. In the prelims he hurled the discus for a record-breaking 169 feet but foiled on the attempt. Watch for him at State!

Akron North is a good team to watch at State. They should go places.

Cope's Boys Do It Again!

The track meet with Youngstown South which was to have been held May 14 was postponed because of rain, then, due to further difficulties, it was cancelled.

Salem scored another victory Wednesday, May 15, as Columbiana and Niles were dropped from their worries as the final score was Salem 75, Columbiana 27, and Niles 26. The 100-yard dash was a surprise to Salem as Newell of Columbiana won. His time was 10.1.

Salem placed third and fourth in the shotput. The two Salem boys who placed were Cain and Krauss. Newell took first and Niles second.

Our relay teams did very well. In the half-mile relay Gottschling and Ward showed up with their improved time of 1.36.5. The race was finished by Columbiana and Salem after Niles made a bad exchange on the second man and dropped out to lose third place.

The mile relay showed up also as the time was 3.43.8. The participants were Snyder, Coppock, Herrington, and Crawford.

The mile run was won by Thorne—4.50.5. Bush and Ursu placed third and fourth.

The hurdles were won by John Stoita. The time for John in the lows was 28.2. Bill Ward came in second and Huddleston took third. Their time was 16.3.

All in all, our track team has made a good showing all this season and we hope it will do as well or better next year.

Football Sidelight

Have you heard those grunts, groans and shrieks of pain emanating from the boys' locker-room? No, dear reader, (If there be one!) The locker room hasn't been turned into any sort of torture chamber. It just seems that Arnold Flick and Andy Parlo have decided to get into "fighting trim." Since football season is once more just around the corner, these two stalwart lads have decided to get in a little spring practice.

"Monster Parlo" and Strangler Flick got a few wrestling lessons from "Toar" Julian, and for the past several weeks they have been tying each other into knots down in the gym.

These two boys have become avid mat sport friends. They say it is fun throwing each other around but I'll just continue playing checkers!

Congratulations

A brown ribbon goes to Harv Walken for doing a fine job on this column for the last year. He has put a lot of work into his writing to make his shoes very hard to fill. Nice going, Harv, and where ever you go I'm sure your "Nose for news" will be appreciated.

Baseball

Summer vacation is nearly here and with it a multitude of summer sports. But the old standby is still baseball. That wonderful game where you argue with the other team and everybody argues with the "Ump."

A few teachers and a whole host of talent from this fair school will show their wares on the local diamonds throughout the summer months.

The power in the Class B league will probably be Martinelli's "Little Gems," I might even venture to say that the "gems" may walk off with top honors at the season's end.

Another B outfit will be the City Tire and Sporting Goods under the able managing of the Big Pete Cain.

At this writing Pete's team stacks up pretty well. Pete says his team can lick the "gems." Well let's get out to the nearest diamond and watch the fur fly when these two aggregations get together!

Class A play will be rather complicated this season. Competition will be pretty stiff and few of our

studies will play in this league. About all I shall say is this: the Mullins men and the Sinclair Oilers will be two of the better teams in the large agenda of good teams. The Mullins group will come out on top at the end of the season, I should say.

Lady Thinclads?

From the viewpoint of spectator-interest that 100 yd. dash for ladies held at the track meet the middle of last week was quite the race. Nevertheless I predict that Mr. Cope will not have girls on his future track teams.

The Penguin-like waddle that a few girls call running just doesn't seem to be the form for record breaking running. Besides, one couldn't tell when one of them might stop to powder her nose! (Please girls, no offense)

District Meet

Between cloudbursts last Saturday Salem High officially brought down the curtain on its 1946 season. Think, too, Mr. Cope that everyone agrees that it was a very good season. Mr. Cope can certainly be very happy with the record his tracksters have compiled.

Although Salem finished tenth with 9½ points in the field of 24 entries, this was considerably better than last year's record. Last year Salem garnered one tiny point.

Competition was plenty stiff down at Reilly Stadium last Sat. the Akron North Vikings showed plenty of power when they walked off with first place honors. Jim Smithy of North was high point man of the day. Smithy took firsts in the 120 yd. highes and 220 yd. lows and a second in the high jump. He'll go mighty far in the State meet tomorrow.

Our own "Mutt" Roessler, who didn't quite come up to the 11' 6" he made in the County meet, still managed to get a berth on the train going to state. If "Mutt" has a good day tomorrow he should do 12' (Please Mutt, don't make me a liar!)

Bob Boone, too, managed to pull himself up into the State finals. Inasmuch as Bob and Mutt both took fourths (last place to qualify for state) one feels sure that they were saving all their energies for State. Well, Good Luck, from all of us, fellows.

Frosh Place 8th In Struthers Meet

Salem High freshmen placed eighth with nine and one-half points in the second annual Struthers Junior High Relays among a field of 17 schools.

Warren East copped this classic, and Ben Franklin of New Castle took runner up honors.

Ten new records were set: Broad jump, half-mile, 100 yard dash, pole vault, 70 yard low hurdles, discus throw, 220 yard dash, 440 yard dash, 880 yard relay and shot put.

Those placing for Salem were—Dick Tolson, second in half mile; Stauffer, fifth in the 220 yard dash; Ray Yeager, fifth in the 440 yard dash; Alexander, an eighth grader, tied for second in the high jump.

And to you, Robin Little, goes lots of luck. You turned in the best performance this year for Salem with that second in the half-mile run.

At the writing I'm not sure but Bob Pager may be going to State. If so, good luck Bob. If Bod does go I know he can really heave that discus if he wants to.

Our half-mile and mile relay teams turned in a rather good show also. Next year should see one of Salem High's fastest mile-relay team composed of Snyder, Coppock, Herrington and Crawford.

This about winds up track season except for one little thing. Bob Little, Walt Krause, Danny Smith, Bill Ward, Mutt Roessler and Ansel Mitchell are hanging up their track shoes for the last time, going to miss you.

Good Bye

Well Lil Chilum, goodbye, have a nice vacation, but above all keep your nose clean. It is your most priceless possession.

Student Opinion

An overwhelming majority of high school students in the United States

are convinced that America offers more possibilities for young people than any other country in the world. This was revealed in the latest Institute of Student Opinion poll conducted under the sponsorship of Scholastic Magazines. When 90,094 students from 1,576 schools throughout the country voiced their opinion that the United States had advantages that could not be equalled anywhere else.

The question submitted to the students was:

"Do you think that the United States, among all countries of the world, offers young people the greatest opportunity for security, prosperity, and happiness?"

The tabulation of answers:

TOTAL VOTE—

Yes	No	No Opinion
79,156 (88%)	3,908 (4%)	7,930 (8%)

BOYS—

35,070 (86%)	2,157 (5%)	3,507 (9%)
--------------	------------	------------

GIRLS—

44,086 (89%)	1,751 (4%)	3,523 (7%)
--------------	------------	------------

Typical of the statements made by those who answered in the affirmative was the remark: "You can see more, be more and say more here in America than in any foreign country." The belief that there is more opportunity for freedom and happiness in the United States was advanced frequently. One student commented: "There might be more security in a communistic country, at a sort of dead level, but I believe there is more opportunity for personal happiness in the United States."

Racial prejudice, social discrimination and domination of the young by the old were some of the reasons given by the minority who did not think the United States offered the greatest opportunities.

Students Like Music Assembly; Wish More

Here in the high school we have one fine group of boys who have given us a lot of pleasure. They aren't any certain club, but an orchestra. An orchestra that can "swing it," and on the other hand play gentle and sweet at times. An orchestra that has the best trumpeter in this section and a rare piano player and a super drummer, both of whom rank tops (or near it) with all the studes. This orchestra isn't a school project, no—but since the boys are from S.H.S. this editorial is entirely fitting just to let them know what we, the student body, think.

We hope that next year, when its leader and drummer and piano player are gone, the orchestra will go on under a new head and give us some more assemblies. We loved them.

Tunes by Tooty

Hi Kids,

Before going any further I'd like to congratulate Minnie on her super job this year. She worked hard and I believe she deserves a note of applause. I only hope I can do half as well.

Turning to the music world we find Freddie Slack and Ella Mae Morse releasing a Columbia disc called "Hey Mr. Postman" and "The House of Blue Lights." Sounds pretty terrific to me.

Have you heard the new King Cole Trio Album? Their Sweet Lorraine" and "Embraceable You" really put you in another world (Eh Esther?) The other platters in the album are "Body and Soul," "The Man I Love," Easy Listening Blues" and "Paper Moon." It's really a solid album.

The ten best sellers on juke-boxes.

1. "Oh What It Seemed To be" (Frank Sinatra)
2. "Prisoner of Love" (Perry Como)
3. "Bumble Boogie" (Freddy Martin)
4. "Cement Mixture" (Alvino Rey)
5. "Shoo-Fly Pie" (Stan Kenton)
6. "Don't Be a Baby, Baby" (Mills Bros)
7. "Hey, Ba-Ba-Re-Bop" (Lionel Hampton)
8. "The Gypsy" (Dinah Shore)
9. "Seems Like Old Times" (Vaughn Monroe)
10. "All Through The Day" (Frank Sinatra)

Did you know that: Victor has now pressed the 10,000,000th Vaughn Monroe disc?

Johnny Mercer will return to the Hit Parade in the fall?

Irene Kupka starts a new movie soon named "Beat the Band" with Frances Langford. Harry James can be heard every Friday nite on Spotlight Bands.

The Four Norton Sisters are out of Vaughn Monroe's orchestra and Vaughn has hired a quartet which was discovered in Fort Worth, Texas. The group will be known as the "Moon Racers."

Claude Thornhill has decided to make a comeback with a newband. On the up and coming list is "There's No One But You" by the Mills Brothers. I believe it will be a top hit in the near future.

Another nostalgic needling is offered up by Vaughn Monroe—

"Seems Like Old Times." A slower ballad which completes his couplet is "Gee, I Wish". Again it is the maestro and the sister team bringing out the lyrical appeal. This platter is one of the Norton Sister's last.

A great rendition of that romantic ballad, "Where Did You Learn To Love," was turned in by T. D., featuring his silly trombone slides with the lyrical question set forth in smooth romantic song by Staurt Foster.

In answer to the huge demand I am able to give you the words to "Hey Ba-Ba-Re-Bap"

Hey Ba-Ba-Re-Bap (Echo)
Yes your baby knows.
"The burial ground," said old King Tutt

"You can't say we fought. Keep your big mouth shut"

Mama's on the chair, poppa's on the cot singin

Baby's on the floor blowing his natural top.

Upon the mountain, mad as I could be looking for that guy who stole my baby from me.

Andy Russell with Paul Weston and his orchestra has recorded a real hit "They Say It's Wonderful" from the musical "Annie Get Your Gun."

Shirley Temple sings for the first time in many years, in her new picture, "Honeymoon"?

Deanna Durbin will star in the screen version of "Up In Central Park"?

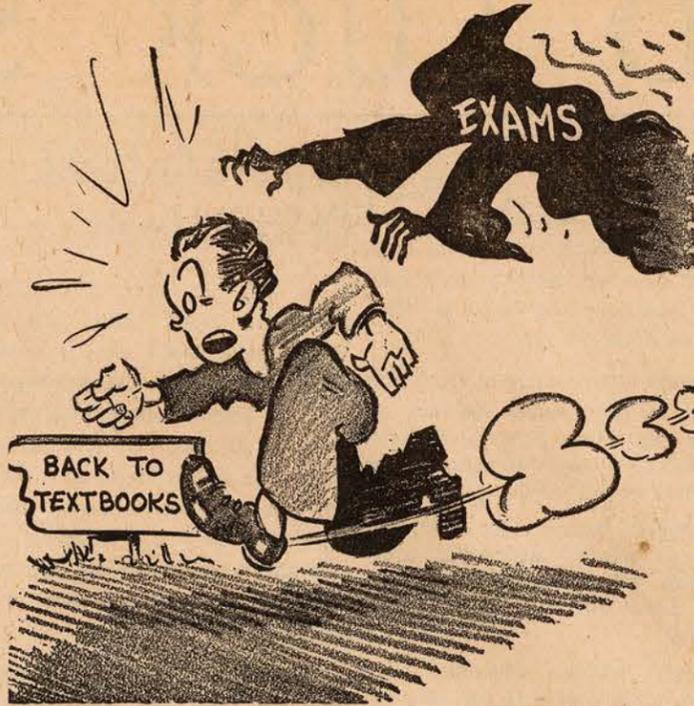

Harry James and his ork have recently completed scenes for their new picture, "That's For Me"?

Mickey Rooney is forming his own band—Mickey playing the clarinet?

Paul Weston was chosen by Life as the outstanding musical conductor (popular of the year.?

Well, I guess that brings to a close this column for another year. Behave yourselves and have fun this summer. With the deepest sincerity I'd like to wish the Seniors loads of Luck Always.

See Ya,
Tooty

Quaker Routine

The Quaker Weekly has come to you faithfully every week, and it has come to be just another thing to look forward to every Friday afternoon, but to the Quaker staff members who put it out it represents a lot of hard work.

At the beginning of the year for the first Quaker, the work for the editors starts on Tuesday, when assignments are made out. Wednesday, assignments are posted, and on Thursday the editors begin writing leading stories. On Friday the assignments start coming in, but not as fast as the editor would like. Friday's the day the typists start to work and the copy is marked. Monday morning is the absolute deadline, but a few reporters still forget to write. The editors on Monday check on what is in and write the things that are not. Tuesday the headlines are written and the copy is taken to the printing office and the assignments made out. On Wednesday the dummy papers are made up and assignments posted. Thursday main stories are formulated for the following week. Friday the Quakers are counted out and sent to the home rooms and distributed to you.

And over again every week this routine runs, and the Quakers come out. Thanks to the editors and staffs.

Exchange Editorial

"Gee, Bob asked me out last night."

"Boy! Are you lucky?"

This isn't a conversation. It's writing carved neatly (?) on my desk (and your desk) in room X. Personally, I don't care a hoot about Bob and his love affairs. As a matter of fact, I resent them peedly because I can't find a smooth place on my desk to do any writing.

And, watch your hands if you sit in this seat. Or, maybe you're interested in "booby traps" . . . nice sticky, gooey ones. I refer, of course, to the reinforced backing given by thick wads of well-chewed gum placed at strategic points.

All this wouldn't be so bad if I didn't have to actually struggle to get to the room itself. Time after time I find my way blocked by some semi-conscious "mass of muscle" languishing in the middle of the doorway and grinning like an idiot when I try to get by.

And last, but not least, is the character known as "Breezy Bill," known by all of us as the gent who requires an extra amount of ozone every day and acquires it, to the discomfort of everyone else, by opening as many windows as possible before class gets under way.

I'M AG'IN' IT!

Ten Career Books Received In Library

Since it is the time of year when we are planning our choice of work-sheets, each must give some thoughts to what he wants to do in the future.

The library has over 100 Career pamphlets. Ten have been received this week, which are just off the press. They are:

1. Career as a Carpenter and Residential Building Contractor
3. Career as a Printer
4. Career as a Primary Teacher
5. Careers in the Fur Industry
6. Career as a Physicist
7. Candy Store operation as a Career
8. Bacteriology as a Career

The advantages of using these pamphlets, which are published by the Institute of Research in Chicago, are—that you can get your career facts in a flash. Improve On Looks Of School Books

Uh huh, uh, uh!! Don't turn down that page! Don't write on that margin? Don't bend back the cover! Don't break the binding!!

These helpful suggestions were given by teachers all year. These books were to last for several years, not just one. But of course there little Johnney who is a senior but acts like a three year old. It's his last year because then—heck, why should he be careful?

All year that was his attitude and next week we'll turn in the books and ugly, torn, and messed up or maybe clean, untorn, and neat? Even if you are a senior your books should look like the latter because the kids next year don't want to use dirty filthy things and it's utterly impossible to buy new books each year.

If your books are messy, torn and ugly try to improve upon them next year. Take pity on the individual who'll get them after you!

Loretta Cocca Is This Week's Personality

The personality for this week is a scrumptious Junior. She stands 5'1", has black hair, and dark brown eyes. Wonderful personality, a cute figure, and clothes to go with it. She can usually be seen at the Corner or Leases eating hot fudge sundaes. Some of her many friends you see her with are Connie, Jean, Gert and Lulu. The pride and joy of the Junior class is Loretta Cocca.

Thespian Officers Elected Last Week

New members of the Thespian club were elected last week. They are Loie Barnard, Naomi Ovington, Robert Waterson and Joseph Ferreri. Jean Headrick received a certificate of membership.

New officers were elected. They are President, Don Wright; vice president, Joseph Ferreri; secretary-treasurer, Jean Headrick; clerk, Robert Waterson.

Lunch was served in room 207. Mary Catherine Scullion, Patricia Loutzenhiser, Evelyn Schmidt and Mary Mae Votaw were in charge of the program.

A banquet was held Monday evening at the HillCrest Inn, near Canfield, when the Junior members of the group will present the program. Gertrude Zerbs, Don Wright and Jean Headrick were in charge.

Student Opinion

(Continued from Page 4)

"We're not so democratic as we try to be," was one comment. "Money and pull still are helpful to many people."

Most of the minority voters named countries where they thought there was greater opportunity for security, prosperity and happiness than in the United States. Some mentioned the U.S.S.R. Norway, Denmark, Alaska, New Zealand and Australia were the choice of others. "I believe newer countries, as Australia, would offer greater opportunities; in the United States the pressure groups have too much control," was a statement made by one of the students.

The survey was conducted in Salem High school by The Quaker, student newspaper and member of the Institute of Student Opinion.

Your Duty

It's your duty as a student to: (1) Observe fair play. (2) Respect and obey cheerfully. (3) Be healthy and sofe. (4) Be careful with everything. (5) Pray as your religion instructs you. (6) Save time, money, and materials. (7) Do what's right; not what a gang wants. (8) Go to school. (9) Think, talk, and act decently. (10) Be true to the United States of America.

—Hayes (Youngstown) "Hi-Light"

Hip! Hip! Hurray!

All year the editorials have lectured about one thing or another. I guess that's what editorials are supposed to do. But this one is just to say:

"You're a swell bunch of kids! We're going to miss the seniors, but there will be a new class coming in and we'll all move up a step.

So, hurrah for Salem High!

P.S.: Just the same, please don't write on the walls!!
