

Tattling on Treb, Quaker Queen

By Jo Ann Whinery

This week we take another peek at the senior personality list and find the fairer sex spotlighted as dark-haired, dark-eyed Nancy Treb-lick steps forth. That she well deserves her place on this list was shown when her classmates chose her "Football Girl of 1947-48" and elected her to the position of secretary-treasurer in the high school Association.

It seems that Nancy, or Treb as she is better known, is really a busy gal. Besides maintaining a high grade standard in her college preparatory course, she wrote for the Quaker annual, belonged to the Slide Rule Club and Hi-Tri, served on the decoration committee for the Association Dance, has worked in the office of the Dean of Boys for three years, and is a monitor this year. In between these activities she has managed to find time to earn ten Thespian points and become Student Director of the senior play, January Thaw.

Treb likes to hear the croon of Hoagy Carmichael and is definitely for Frankie Carle on the baton-wielding side of the band-stand. "One More Tomorrow" always comes in first in her rhythm Derby.

Through her literary pastime Treb has chosen "Rebecca" by Daphne DuMaurier to be her favorite book. She gives her personal Academy Award to the movie "Laura" and to Peter Lawford and Ingrid Bergman (with Elizabeth Scott as a close second) for their cinema successes. For broadcasting that's really on the beam she flips the dial to Fred Waring's program.

Nancy had a tough time choosing a favorite food combination so she finally admitted that she just loves to eat but that maybe steak and French fries have a slight edge. Another toughie to choose was her pet

Salem Band Gives Spring Concert

The Salem High School Band, under the supervision of Howard Pardee, band director, presented its annual spring concert in the High School auditorium Thursday evening.

The program consisted of the following selections: Ariane—Boyer; Lithuanian Rhapsody—Scarmolin; Student Prince overture—Romberg; Overture Two Moods—Ellington; Norwegian Suite—Hanson; March Adoration—Woods; Komm Susser Tod (Come Sweet Death) and Chicago World's Fair—Mader.

Lucy Huston played a clarinet solo, and Dick Theiss, a trombone solo.

The clarinet quartette, composed of Lucy Huston, Jeanne Lieder, Lois Bruckner, and Marilyn Burns, entertained with selections.

Class Elections Held

Elections of class officers were held in the various homerooms yesterday according to the new procedure introduced this year whereby candidates nominated Monday visited each of their class homerooms so that the members of that class might see whom they are supporting.

peeve. She says she never gets mad!! However confidential sources have it that there are two things that strike sparks; she hates to have her last name mispronounced and dislikes being reminded of her height. (She wouldn't tell me how tall she is.)

Treb's most remembered moment occurred as a freshman, in fact on her first day as a freshman and at the hands of "The Mathematical Mind" Miss McCready. It seems that Miss McCready had just declared her yearly war on gum-chewers by threatening anyone caught indulging in this pastime with the dire punishment of standing before the class with gum on his nose. You guessed it. Just then Treb cracked her gum.

But in spite of this early view of Algebra I, Treb has decided that the forthcoming year will take her to Michigan State College where she hopes to become qualified to teach high school math until such a time as her "bungalow for two" dream comes true.

So long, Treb, best wishes and good luck in everything. Remember us as we'll always remember our gay sport-loving Football Girl.

Work Sheets Posted

Choice of work sheets were posted in each homeroom this week. Students are requested to study these and plan their courses in preparation for the marking of the work-sheets which will be done next week.

Many Surprises

It is really surprisin' how a girl can change overnight—this, many of you probably discovered last week when you saw about twelve girls roamin' the halls minus all that war paint and with straight hair. And when you guessed that you were about to witness the annual Maids of Salem initiation, you hit the nail exactly on the head. Pat Thompson's hat captured all honors for first prize—she could have passed for "Slippery Liz" that day . . . The advantages of knowing how to square dance came in mighty handy for Baby Whinery when she had to call a round for the kids in front of school . . . Margie Haessly seemed to have a little trouble doing the "Can-Can;" with just one skate it isn't so bad, but with two—you try it sometime! . . . Mr. Cope was no doubt surprised to discover that among these cuties and beauties were several prospective track stars; namely, Martha, Barb, Bobbie, and Pauncho who placed 1st, 2nd, 3rd, and 4th, respectively, in the dash.

Flash — S. O. S.

Eva Rae Hannay has suddenly been converted from a greenie to a housewife. Not technically, of course, but she is quarantened for three weeks (sound familiar Shirley?), and is now busy doing all the household chores. As she won't be able to see anyone for a "century" or two, we imagine she would probably welcome any calls (telephone, that is!) Her number is 7129 to those of you who are too lazy to look it up.

Have You Seen

..... Billy Scott lately? Well probably you have, but did you notice that something new was added to? This spring weather, ya' know, really treats 'em right! To get to the point, Scottie seems to have suddenly discovered his new rendezvous to be on 3rd Street, and the woman—Treva Bush. Many congrats Bill, more power to you!

Explanation

If Miss McCready has been puzzled as to the whereabouts of the beautiful aroma which filled her Trig class last week, we aim to explain: you see, Dick Jones and Dan Crawford turned in their assignment papers with some mighty fine smelling perfume (plug!) on the outside. Could it be that their grades are suffering? Never!

Reminder

Since everyone else has discussed the usual question that pops up this time of year, it seems that I should put in my two cents' worth by doing the same, so (seriously now), do you have your Prom date? Chances are, most of you will have to answer "no" to this question. But exactly 21 days from tonight will be the big event — the date every junior and senior boy and girl should look forward to with great anticipation. And yet, how many are there who are not looking forward to May 28? Unfortunately, there are too many in this category to some; too many who will not be able to check Friday, May 28, in their memory books as the night of all nights, the Junior-Senior Prom.

So what do you boys do about it—nothing, absolutely nothing but give out with excuses that you can't dance, you hate girls, you're embarrassed, etc. You think it would just about kill you to open your mouth to say something to a girl, but why not kill yourself once, just once? If you never have anything worse to do in your lives you'll be lucky. Put yourself in a girl's place and then see how you'd feel. So come on men, get hep to the ball and line up those dates while there's still time. And remember: "Never put off till tomorrow what you can do today." Sound familiar?

Adios

In closing this column for another year, I'd like to thank all you kids for your helpful suggestions and criticisms. You really kept me supplied with lots of gossip and I hope the future editor of this column will enjoy writing for you as much as I have. Thanks a million, and good luck!

ATTENTION SENIORS! Whether or not you are college-bound, you will be interested in the new book **YOUR PLANS FOR THE FUTURE**, by Mary and Ervin Detjen, which has just been received by the S. H. S. Library.

This book is intended for those young people who want to make the best possible plans for their lives and then follow these plans through to success. Do you have a life time goal? Or are your plans haphazard. . . or do you have any plans at all? No one gets far without a plan.

YOUR PLANS FOR THE FUTURE discusses the problems and questions that puzzle many seniors. For instance, it discusses the importance of a good education and the question of going to college. If it seems wise for you to go, the authors outline for you how to choose your college, meet its requirements, finance your expenses, and get established on the campus.

The book discusses whether or not you can predict your own success at college; why many who start college never finish; the value of I. Q. Tests; how colleges are rated; how to appraise a college; which is better, the large or the small institution; how colleges' financial resources will affect you; why limited enrollments are necessary.

You will learn when and how to obtain a scholarship, and what they require besides good grades; how to work your way through college; what to take with you; how to select living quarters. Rush Week and "Being Pledged" are explained, and there are answers to such questions as: Are there advantages in belonging to fraternities? Are there disadvantages? What should be considered before accepting a bid? Problems of the college freshman are also considered.

YOUR PLANS FOR THE FUTURE also includes helpful hints for those who are not going to college, but who want to get a job. It takes up correspondence courses, the apprenticeship method of training, public trade schools, where you can get courses in fine arts, beauty culture, barbering, etc.

If you are eager to live a happy, useful, and successful life, you will want to become acquainted with this book.

Don Getz of 8B seems to be Junior High's most outstanding artist. Don drew a picture of Abraham Lincoln which is to be framed and then hung in the library. Don also wrote an essay on the "Story of Salem" which is to be put in the library's files for the use of coming classes.

Joan Schuller brought in a valuable fan collection which is being displayed in the library showcase. The fans range from 45 to 100 years in age.

The showcase is also featuring several hand-carved wooden figurines. They include a tiny doll from Italy, a sewing set, and matches that can hardly be seen.

Vic Zerbs gave the seventh graders a very interesting talk on his visit to Germany. The eighth graders are looking forward to him coming back to them.

As the Crowd Cheers . . .

By Lee Ward

Salem Sixth in Night Relays! A crowd of 2,000 excited spectators witnessed the revival of the Salem Night Relays last Saturday night in which two records were broken and another equaled! Ray Hamilton, hurdles ace from Canton McKinley, shattered Harrison Dillard and Jackson's mark of 15 seconds in the high hurdles, to set a new record of the 14.6 seconds! It was feared that the fire department might have to be called to put out the blaze by his flying feet. That boy really traveled!

Canton McKinley took first place honors in the meet with 42 points. Akron East, Barberton Buchtel, Akron North, and Salem followed in the top six places.

The Medley Relay provided Salem with its only first place, and we must say he sure looked sweet Alex Kamaskey led off in the half-mile run and finished his leg of the relay well ahead of the pack. Jerry Miller was second for Salem, running the 220-yard dash, and the

Quakers were in second place when he passed the hat on the Ray Yeager who ran a beautiful 440, making up the lost distance and giving Jack Scullion a nice lead. Scullion ran the last leg of the relay, and proved himself an excellent miler by staving off the attack by an Akron South man in the third lays, and holding first place all the way. Akron South's miler dogged his heels until the last lap, when Scullion turned on a powerful sprint to win by at least 50 yards!
