Musicians Named for Commencement Exercises

Vocalists Clarinetists Woodwinds Selected

Two recent soloists, a clarinet solo and a woodwind quintet will be featured on the program at the 92nd annual Commencement cere-

mony June 7 at Kelly Stadium.

Marlyn Schramm, and Bill Ar-

nels in a soprano and bass solo, respectively, while How-

ard Pardee will play his clarinet.

Comprising the woodwind quartet are Mary Mercer, Howard Pardee, Sandra DeJure, Diana Crowsey and Meredith Livingston.

Marylin has sung in several CBS hydrogen assemblies and has appeared at many civic functions. At Seneca's contest this year, she received a

superior rating for her work in the flute trio and solo.

Howard, also a four-year band member, ends his SBS band and president of the SBS Student Council. He has

reached the All-Ohio Boys Band and re-

ceived numerous "one" ratings for his solo work.

Sophomore Sandra DeJure is a three-year flutist and member having played in the SBS group in Eighth grade. She plays the trom-

bone in the trombone section and switches to oboe during concert section.

Junior Sandy DeJure, also a many-talented female, plays the French horn in the concert band and plays the banjo in concert band. She, too, has participated in musical contests and has received superior ratings.

Meredith Livingston special-
izes in the trombone having earned her major in the program in public performances.

Salem High Lass May Be Honored With Title

Of 'Miss Salem Sesquicentennial' in Spring

Pads swaying gently in the breeze. The waves rush in and

shift gently back as sea. The red and silver banner waves in the

wind and the many sunflowers lying on it.

How does that sound? Pretty
good? This could be any one

of Salem High's many females and

the composition of her choice next
time.

A queen, to be known as "Miss

Salem Sesquicentennial," will be

taken to rule over all official

functions and events during the 150-year anniver-
sary celebration beginning May 14. With a contest and pageantry,"Miss

Salem Sesquicentennial" will receive an auburn-haired model to be named Miss

Take Advantage: Future Is Ours

Pre-graduation time, with its many traditional festivities, is upon us. And no one who the special date will be for the prom and who will be on the program, and what names will appear in the yearbook. Where do we go from here?

It isn’t by accident that the words “landers” and “graduates” have become almost synonymous. Graduation marks the end of one phase in your life, but opens the door to an unexplored future. How bright that future will become depends entirely on us.

Future Is Bright. How bright that future will be for some in the class of 1969 is anyone’s guess. But for others, this future may be on the program, and how bright that future will become depends entirely on us.

For some, a high school diploma will represent all the preparation needed for a successful and prosperous career. For others, additional training will be required for their chosen careers.

Whatever the course, “the future belongs to those who prepare for it.”

Decorators Should Soak Their Heads Instead of Feet

By Carol Luce

With a member of the decorating committee, I found two girls who thought that a senior would have to do the decorating, while everyone else is peacefully studying. In the midst of the decorations is a tall, slender girl. And no matter how much you want to be in a better mood, the result that everything, including the decorations, is to take on a rather strong scent.

C’mon, fellas, let’s leave playing soldier to the little kids.

Let’s draw up a peace treaty and bring the squirt gun battle to a halt.

No Rest for Wicked!

By Carol Luce

The day is fine, the sky is clear. No time for fun, Deadline is here! 

You’re in trouble, it’s really rough. Who do you blame? It’s you.

There’s no enough cop. The future is ours, the critics are many, the complaints are many, the help don’t come.

No Rest for Wicked!

The Honor You Save Is Your Own by Bobbi Blount

If I may see your paper. What was the test about? These are questions we hear every day. They seem minor things but deep down we know they are wrong. Are they wrong? The answer is yes, but what do they say when you turn the page of boys into men. No, it’s only the passage of time that tells the truth.

Can I have been feeling pleasantly sunny.

Chances are, you’re hooked.

I’ve had an inventory of the clothes I’ve made this year. I have a first-class case. For weeks, I’ve felt that I’ll never be able to wear the clothes.

Did You Notice Top Facts About Fashion For Summer Time

By Bobbi Blount

Put yourself in your place. Hot, handkerchers, the first lady pub a bank in E. Mount, there are many things to do. But the smartest way to know, this sum-
A story was told of a man who was making up his mind to put his geese in the stockyard. He decided to wait until the geese were ready. When the time came, he went to the yard and opened the gate. The geese ran out, but one of them ran right back into the yard and closed the gate again. The man said, "That's a good goose. He won't let the other geese out until he's ready."

A few days later, the man went to the yard again. This time, he opened the gate and let the geese out. But once again, one of them ran back into the yard and closed the gate. The man said, "That's a good goose! He won't let anyone out until he's ready."

Athletics-Minded SHS Males Voice Views on Major Sports

By Jerry Hilliard

One of the most arguable-about states in sports enthuses today is "Which sport is hardest to play?" Of course a football player will probably pick football as the hardest, and a basketball player will take basketball, but it's always interesting to hear what different players have to say.

Here are the opinions of a few SHS athletes on what they consider the hardest sport to play.

Richard Hunter - "Football is the hardest because it takes the most skill and brains." Lamar Butzen - "Track, because it's an individual performance.

Moe Meininger - "Basketball, because it requires the most practice."}

Bill Holzwarth Tinkers With Car Named 'Saturn'

By Dick Coppock

tall, dark and speedy—a perfect basketball player—Bill Holzwarth is a freshman Bill Holzwarth. A hurdler and relay man, the 5-foot 10-inch, 165-pound track team members who have earned the honor of wearing a Varsity letter in their freshman season.

One of the few who take the sport seriously, Bill is always in top physical shape and trains hard to insure his best performance when a meet rolls around.

His views on the locals’ chances in the county meet lean toward the optimistic side. Says Bill, "If all the guys come together with their best times, throws and jumps, we should take the county championship easily."

Bill, an all-round athlete, also is a two-year member of the Becton men and participated in basketball in his frosh year. He played end on the local eleven and turned in some fine games for the Quakers at that position.

Coping most of Bill’s spare time is a ’32 Ford, lovingly estra-tained “Saturn.” When not developing this bolt, he is most likely to be found with the gang at the Youngstown Country Club playing some hours, at a Varsity S meeting.

After graduation Bill hopes to attend college and major in some field of engineering, possibly mechanical.

Frosh Thincldns Take 1st Meet Of 1956 Season

The Salem High School frosh track team good the Quakers as he topped the 50-4-4-3-2-1 trick over the Cantonians in a dual meet last Wednesday at Reilly Stadium.

Prof McNeil was the big gun for the Quakers as he toppled the 200-sid, dash, the broad jump, tied for first in the 110-yard dash and was among man on the winning half-mile relay team. Walter Good captured the shot put in a blaze.

The Poland freshmen will provide the next opposition when they encounter the locals May 10 at Reilly Stadium.
