

Mr. Engle: New High School Principal

by Tammy Riltchey

"The best" is the comment Mr. Randy Engle, new high school principal, said about the way S.H.S. rates with other towns. He also commented on the smoothness of the first month of school. He also stated that the students and teachers are a big help. When asked about taking the job, he said he was glad he accepted it.

While talking to Mr. Engle about new procedures in Salem High School he stated that there might have been other changes but he decided to wait longer before trying them. He also replied that he would have liked more changes but was afraid to "bite off more than he could chew."

Mr. Engle had very good comments about the smoking

lounge. He stated that it's working great and so far he will recommend it to the Board of Education. But, the students will

have to keep it neat, stay within the boundaries, and not be late to classes after using the area. Up to now there aren't any real changes or new

procedures for the future. At the end of last school year, some of the student council members were trying to get study halls' to have a more relaxed atmosphere. Mr. Engle said this is one of the things he was hesitant to attempt after the change with the open gym at lunch and the smoking lounges. Before becoming principal here, Mr. Engle was employed at Southeast School in Portage County, where he was assistant principal at the high school for two years. He taught in the Social Studies department, teaching history and psychology, in Alliance High School for four years. Before the start of his teaching career, our new principal worked at Sugardale Meats.

Mr. Engle was raised in East Rochester, Ohio. He attended

United Local High School and graduated from there in 1965. After high school he went onto school at Muskingham College and graduated from there in 1969. Mr. Engle is now 29 years old and lives with his wife, Linda, and two daughters near East Rochester, Ohio.

Smoking Lounge

by Joe Weiss

This year smoking areas, which have been needed for a long time, have finally been added. Last year a recommendation was made to the faculty from the student council to install smoking areas to protect non-smokers. The faculty studied the subject closely and on July 19, of this past summer, Mr. Marra took the idea to the Board of Education and it was approved on a six weeks basis. The three designated areas were made for easy access from main halls and seem to be working very well. But, also this year, the faculty feels that if students are given designated smoking areas that the penalties for non-smoking areas such as restrooms should be increased. The penalty for first offenders now stands at a five day suspension. Now, have the smoking areas done any good? Most people feel that they have. It has made quite a difference for non-smokers who can finally walk into the restrooms and actually breathe clean air. The teachers seemed pleased by not having the task of chasing smokers out of restrooms and janitors are very happy with the areas because students are keeping them reasonably clean and restrooms are cleaner than ever.

Seniors

Being a Senior means a lot of planning for the future. That's what most of the Senior students have been doing. They've taken tours through different colleges. They have also been getting ready for the White Christmas. If we get to be on Academic Challenge, some of the Seniors may be participating along with the other classes.

Juniors

The Junior class has been keeping busy by setting up the concession stands. Since they are part of the upper classmen, they will get to go to the White Christmas and Prom instead of staying at home. Some Juniors will be taking the A.C.T. Test if they are planning to go on to college. Before they know it, the Jolly Jolly Juniors will be Mighty Mighty Seniors and then on their own.

Sophs

Well, it's the second year at the High School for the Silly Silly Soph's and they're coming along just terrific! They've been looking super great at the Pep Assemblies and at the football games. Most of the Soph's are looking forward to being Juniors so they can at least go to the Pep Assemblies first. Keep up the Good Spirit.

Frosh

Congratulations to the new coming Freshman, for not buying any elevator tickets. Yeah Frosh! You started the year off well. The frosh class officers have been trying hard to do things to contribute to our school.

Counselor's Corner

1. Juniors — The Preliminary Scholastic Aptitude Test — National Merit Scholarship Qualifying Test (PSAT — NMSQT) will be given on Tuesday, October 19 during school time. Juniors who are planning on applying to college should take this test. The cost is \$2.75. See a counselor for registration.

2. A Parent College Admissions and Financial Aid Night is scheduled for Monday, Oct. 25 at 7:00 in Room 134 at the High School. Information on applying to post-secondary institutions (not just colleges) will be given along with information on financial aid. All parents and students are invited.

3. ACT — SAT Test Dates:
SAT — Nov. 6 — (regular deadline is Oct. 1 — Late registration with a fee \$4.00 — Oct. 15).

ACT—Nov. 20. Registration is from Oct. 4 - Oct. 25).

Materials are available in the Guidance offices.

4. Any senior interested in taking the Ohio University History test should see Miss Rossi. The test will be given Oct. 5 in Room 130. There are six openings. If you enjoyed U.S. History, you may do well on this test.

5. Many colleges are sponsoring Open House. Here is a partial list.

- a) Case Western Reserve — Oct. 16
- b) Otterbein — Oct. 13
- c) Findlay — Nov. 13
- d) Oberlin — Oct. 9
- e) Walsh College — Nov. 13
- f) Bowling Green — Nov. 13
- g) Ohio University — Oct. 27

6. Seniors — It is not too early to begin applying and checking into schools. Much paper work is involved in applications and financial aid. Don't put it off — START NOW.

7. Representatives who will be visiting Salem:

- Oct. 4 — Alderson-Broadus — 11:00
- Oct. 4 — Ursuline College — 8:30
- Oct. 5 — Bethany College — 10:00
- Oct. 13 — Thiel College — 9:00
- Oct. 21 — Mt. Union College — 10:00

- Oct. 26 — Wittenberg — 1:30
- Oct. 27 — Case Western Reserve — 9:15
- Oct. 28 — Muskingum — 8:30
- Oct. 28 — Ohio State U. — 9:00

8. The Armed Services Vocational Aptitude Battery (ASUAB) will be given to interested seniors on Oct. 26 at 8:00. Interested students should see a counselor. The ASUAB is free of charge given to students who are interested in the military after graduation or for students just to see how they measure in these test areas. There is no obligation involved by taking this test.

New Teachers Around S.H.S.

Did you catch all those new faces in the halls? If not, peek into the classrooms and you might see the smiling faces of Mr. Allen Bailey, Mrs. Carol Baillie, Mr. Jeff Tatarka, Mrs. Sue Votaw, and Mr. Donald Zinz.

Anyone taking social studies could probably be familiar with Mr. Bailey. He is also our new head basketball coach. He was also the head basketball coach and teacher at the Geneva Area City Schools for 10 years. Then for six years he was an assistant basketball coach at Duquesne University in Pittsburgh, Pennsylvania. Then he was an assistant basketball coach for the Virginia Squires in the American Basketball Association for three years before he came to S.H.S. He was the Director of Player Personnel, also.

Mrs. Carol Baillie can be found in the gym teaching Phys. ed., coaching volleyball, and advising the cheerleaders. Mrs. Baillie went to Bowling Green State University from 1971 - 1973. She then transferred to Youngstown State

University, from which she graduated in 1975. She was a student teacher in the Struthers School System.

In the math department we have Mr. Jeff Tatarka. He graduated from Youngstown State University in 1975. Mr. Tatarka student taught at Warren Western Reserve (Berlin Center).

The face of Mrs. Sue Votaw should be familiar to some of those taking Home Economics and Seniors taking Family Living. She graduated from Kent State University, then taught in Painesville from 1970 - 1973. Mrs. Votaw taught Family Living, Home Economics II, and Child Care in Salem in 1973 - 1974.

Mr. Donald Zinz is another new teacher at S.H.S. He is teaching Small Engines and Metals.

During the first couple weeks of school we had the September Experience Students observing in various classes. They are as follows: Mr. Jerry Beltempo of Leetonia, Ohio (Phys. Ed.); Miss Cynthia Caporella of Salem, Ohio (Music); Miss Christina Marie Davis of Salem, Ohio (Home Ec); Miss Shelly Englert of Salem, Ohio (Art); Miss Janet Fornesi of Salem, Ohio (English—Art); Miss Bekki Shoop of Kent, Ohio (Art); Mr. Ronald Warren of Salem, Ohio (Health Educ.); and Mr. Paul Kerr.

All these teachers and observers have done a great job. We hope the teachers will enjoy teaching here. Good-Luck at S.H.S.

HI - TRI

This year both Junior and Senior Boys and Girls will be invited to join Tri-Tri, both an honorary scholastic and service organization. Invitations will be issued to Junior and Senior students who have received no grade lower than a B within the last two school years. Although it is basically an honor group for scholastic achievement, members work hard in promoting service to those in need in the community.

Freshman Cheerleaders Chosen

by Sue Riley

Freshman Cheerleading try-outs were held Monday September the 20. There were approximately 33 girls that tried out, but only six could be chosen. The 1976-1977 Freshman cheerleaders are as follows: Jennie Wilhelm, Barb DeRoads, Wendy Ellis, Kim Crosser, Kathy Lewis, and (Captain) Patty Ward. These girls were very carefully judged by three members of the Varsity cheerleading squad, two teachers

and two former cheerleaders of the Salem High School. The judges were Dawn Zangara, Becky Kynett, Judy Reese, Mrs. Baillie, Mrs. McKenzie, Mary Pat Webb, and Madeline Webb. Mrs. Baillie is their advisor and she had her hands full trying to get the girls ready for their first game which followed three days after try-outs. The team traveled to Beaver Local, bringing home their first Quaker victory at SHS. Keep up the good work Freshman!

QUAKERS BEAT WILSON

Class Picture

by Barry Shuman

A new system will be used on Friday, October 29 for the taking of underclass pictures. All Freshman, Sophomores, and Juniors will be called from study hall to get pictures taken. You MUST pay \$2.95 at the time your picture is taken. If you receive your pictures and decide you don't want them, there will be an envelope provided in the package so you can send them back for a full refund. ALL students must have pictures taken for school. If you don't want a package of pictures, you will not be charged to get a picture taken. You will not receive pictures, but the school will have one for the yearbook and records. The pictures will be taken by Shiftlet Studios this year. This is the first year they have taken pictures for Salem.

TITLE IX

The Salem School System is dedicated to providing equal educational opportunities and equal employment opportunities without regard to race, color, creed, national origin and sex. This dedicated revision incorporates in it then the desire to fully comply with Title VI and VII of the Civil Rights Act of 1964 and the Equal Pay Act of 1963 as well as Title IX which prohibits sex discrimination in Federally assisted educational programs.

The Superintendent of Schools is designated as the person responsible for final in-school consideration of compliance complaints. He may designate other employees as coordinators who are responsible for making certain the schools are complying with the requirements and hearing any complaints prior to review by the Superintendent, if a review of such becomes necessary.

The law requires that all students, parents and school personnel be

informed of the grievance procedures for compliance with the Title IX requirements, which are, step by step:

For faculty — 1. Consultation with department chairperson; 2. Consultation with school principal; 3. Submission of written grievance to principal; 4. Consultation with superintendent; and 5. Submission of grievance to board of education.

For administrative staff — 1. Consultation with superintendent; 2. Submission of written grievance to superintendent; and 3. board of education.

For classified staff — 1. Consultation with superintendent; 2. Submission of written grievance to superintendent; and 3. board of education.

For classified staff — 1. Consultation with supervisor; 2. Submission of written grievance to supervisor; 3. Consultation with business manager; 4. Consultation with superintendent; and 5. Submission of grievance to board of education.

For students — 1. Consultation with instructor or counselor; 2. Consultation with principal; 3. Submission of written grievance to principal; and 4. Consultation with superintendent.

WHO ARE THEY?

by Judy Reese

This year we have three very intelligent exchange students at Salem High.

Sitsuko Ohishi, from Tokoshima, Japan, has a twin sister named Masako and another sister, Giroko. There are seven to eight high schools in Tokoshima and 1,500 students in her school, with only sophomores, juniors and seniors.

The subjects are mostly the same, but the boys have to take fencing and judo. The girls take home economics where they learn cooking and many other things. All the students in Setsuko's school must wear uniforms. Sitsuko said she has been a lot busier here because there are a lot more parties and dances. When asking Setsuko why she liked Salem, she said, "I made many friends and everybody is kind and very curious about Japan. She also said, "The teachers and cafeteria workers are friendly and the school is very clean and beautiful."

Eva Lunderquist, the exchange student from Sweden, said there isn't a high school in her city. They have a Primary School, which they go to for nine years. After that they can quit, or go to the Secondary school. They have 15 subjects at Eva's school, but they cannot choose their own subjects. They stay in the same room all day, with the same thirty

students, but they have 10 - 20 minutes between each subject to do what they want.

Eva has two older brothers who are 23 and 25 years old. Her city is very large, 25,000 people, with many theatres, pubs and discoteques. Eva said the only difference between the students, is that people in Salem wear more jeans, and the boys in her school never where sneakers like they do here.

How would you like to go to an all girl school, girls? Olga Navarro, from Costa Rica, goes to a school with all girls. She enjoys it because they get to go to games and other things to see the boys.

Olga has two brothers, 24 and 22 years old, and two sisters, ages 35 and 13.

In Olga's school you have to wear uniforms and you cannot choose your own subjects. They do not have the same schedule every day — like we do. It is the same schedule every week, with eleven different classes every day.

Olga hasn't had any troubles at all in Salem. She said she is not homesick, because she has met so many friendly people.

Her school hours are very different. They start school at 7:15. The bus picks them up at 12:15 from school and takes them home to eat lunch. In Costa Rica supper isn't the big meal of the day — lunch is. The bus picks them up and takes them back at 1:15. They have classes in the afternoon until 4:30 and then they go home.

All three exchange students like the people and the school very much here. If anybody feels like asking them a question about their country, go ahead, they'll enjoy talking to you.

9th Graders

by Stacie Crouse

The freshmen have been walking the halls for the first time this year and finding out what it's like to be members of Salem High. So to find out what they think about being freshmen we figured the best way is to go directly to the source. We took our own survey and here out of the mouths of "babes," were these replies.

A lot better than the Jr. High but everyone picks on the Freshmen. P.D. . . . I like sitting by Senior girls in Study Hall but I get more homework. M.C. . . . You get more freedom in high school and I love it. S.C. . . . I like the Seniors and pep assemblies but I hate the dots on the ceiling. T. W. . . . There's a lot of cute guys up here but there's not enough time in the halls to talk to them. D.J.R. . . . There's more activities and more fun. K.L. . . . A lot of foxy chicks! D.S. . . . No Comment, S.C. . . . The day goes faster but the work is harder. T.C. . . . I like the cute guys and I like the cute guys too! J.I. . . . Pep assemblies are great but I don't like Civics. S.F. . . . I like all the hunks to talk to but I don't know about the teachers. R.G. . . . I like meeting new girls but some of the people up here are pretty weird. M.C.

Well whatever they think about being freshmen, we would like to welcome the class of "80" to Salem High.

Album Review

by Len Niederhiser

Kiss has brought a lot of excitement to the high school lately, as everyone knows, but they have also brought excitement to the general public through their album "Destroyer." Being their first L.P. release since their smash two-record set called "Kiss Alive," "Destroyer" was expected to be a let-down in sales, but the album has sold over a million copies so far and is still selling. Contained in the Casablanca produced record are such songs as "Detroit Rock City," "King of the Night Time World," and "Great Expectations."

The two songs in the album that might make a person buy are "Shout It Out Loud" and "Beth." The first of these two songs, the students had an opportunity to hear at the West Branch pep assembly on Friday, September 24. "Shout It Out Loud" is a typical Kiss recording, fast, good beat and somewhat wild. Kiss' latest single to hit the charts is the latter of the two songs mentioned above, "Beth." "Beth" is surprisingly anti-Kiss style. It is slow, very instrumentalized and very soft.

The "Destroyer" album, as pointed out, was and is, no disappointment to the group, the producers or the public. Besides selling millions of copies so far, the album is a great gift which is being given away by some radio stations. Kiss "Destroyer," therefore, is a good sounding and well engineered album which is well worth the dollars and cents it costs.

RETURNING

by Marty Cowle

There's a somewhat new yet familiar face in the high school these days. This "face" belongs to Mr. Ed Emch, a student-teacher who is currently taking over Mr. Bennett's second period history class.

Mr. Emch is a former Salemite from the class of 1971. During his senior year he was captain of the Varsity football team, elected vice-president of the senior class, and he graduated thirtieth out of three-hundred. After high school Mr. Emch went to college at Kent State University for two years and then transferred to Youngstown State University where he will be finishing up this year.

When Mr. Emch returned to the high school after five years he noticed a lot of changes. Some of these were, the new school wing (the auditorium), and a lot of different teachers. But the biggest changes that he noticed was the Dress Code and that "The kids don't seem to be as rowdy as they were when I was up here."

Since Mr. Emch has been student-teaching here, "Everything has been real good for me so far. I've been learning a great deal from Mr. Bennett and everybody has been really super to me."

It seems that Mr. Emch likes student-teaching and that he'll be making a career out of it. Mr. Emch will be finishing up his ten week student-teaching sometime in November.

NEW on the TUBE

by Pat Murphy

This fall is full of new and exciting television shows. They range from a robot detective and a disappearing cop to Monday Night Football. The networks have really worked hard to give the viewers a very good television season. Some of the new television shows for this year are, Captain and Tennile, All's Fair, Executive Suite, Family, Ball Four, Nancy Walker Show, Charlies Angels, Gemini Man, and many more.

The main shows are comedy, detective stories, and thrillers. The networks are even bringing us the best selling motion pictures! The movies are, Breakout, Earthquake, Rich Man Poor Man, Captains and the Kings and other great movies. Many of the shows that were on last fall were improved on and made better. The ABC and NBC networks spend millions of dollars to put on some of these terrific shows. A network makes its money from the commercials it supports. If a company wants to use a network to advertise a product, it is advertised by the network for money. That is how the network pays for their good shows. Here is a list of the television shows and the days they will be on. Monday: Rhoda, Phyllis, Maude, Captain and Tennile and Monday Night Football. Tuesdays: Tony Orlando and Dawn, Mash, Happy Days, Laverne and Shirley and Switch. Wednesday: Bionic Woman, Loretta, Ball Four and Good Times. Thursdays: Gemini Man, Hawaii Five-O, and Van Dyke and Co. Friday: Spencers Pilots, Donny and Marie, and Serpico. Saturday: Doc and Starkey and Hutch. Sunday: Six Million Dollar Man, Sonny and Cher, Kojak, Delvecchio and Quincy. I am sure this television season will be very enjoyable for all of the TV viewers. This is one of the best seasons the networks have had.

Jobs

The Ohio Bureau of Employment Services (OBES) offered a job finding program this past summer to the Salem High School students. It involved the registration and application of students wishing to secure jobs for the summer months. Funding for this program was provided by the Columbiana County Manpower Organization. Approximately 300 students applied for jobs with close to half of those finding jobs suitable to their needs.

Some types of jobs that were filled by Salem students were babysitting, service station attendants, telephone solicitors, car hops, harvest hand, which consists of picking fruits, recreation facility attendants, and many others. The OBES stated that the early months (April, May, June) are more suitable for filling out the applications for summer jobs.

Old to New

by Marcie Dankleff

Old uniforms have finally been replaced by badly needed new ones for the band members at Salem High School this year.

The old uniforms have been in use for the past ten years and were to the point where they were literally falling apart. For five years now, those involved in band have been trying to earn enough money for the purchase of new uniforms. The outfits were finally purchased this year after many hard money-earning projects such as the Burger Chef Day, tag days, and car washes. The students also sold many items such as candles, oranges, calendars, and pizzas; all benefits went towards new uniforms. The total cost of all outfits averaged approximately \$18,999. The new uniforms are very handsome with a slight military style, and it must be said that the S.H.S. band looks very sharp!

LEVY

by Norma Daniels

Have you been inside McKinley School lately? If you haven't some of Salem's Senior Citizens probably have. The old McKinley Building was built back in the late 1800's, and it is now felt that it is in badly need of replacement. This can be achieved by the School Bond Issue this year. It will cost nothing more in taxes to build a new school, and only 1.4 mills are being asked for the building program. Because 1.4 mills went off tax rolls this year with the retirement of bonds on the original Senior High School, it will cost taxpayers nothing more. To taxpayers 1.4 mills will only mean about \$9.80 a year on an average \$20,000 house. The millage will raise \$1,565,000 necessary to replace McKinley School. The bond issue is for building only — not for operating expenses. Architects have determined that McKinley School is in the worst condition and should be replaced with a new building first. Prospect School is almost as bad and should also be replaced as soon as humanly possible.

Voting "no" on this issue won't make the problem go away, nor will it make it any cheaper. With the rising inflation, the cost of building materials, bricks, cement, etc., is going to rise in the years to come. If this issue does not pass this year it will be brought up in future years. And isn't this such a small price to pay now for the children of Salem tomorrow?

KISS RETURNS!

by Scott Messenger

The "Kiss Army" returned to the Salem High September 24 in an attempt to help the Quakers to a victory over West Branch in the strongest rivalry the Quakers have. Members of Kiss were played by, Dave Chappell, Dave Bennett, Steve Castenhueber, and Scott Messenger. The boys wanted to show that the seniors had some pep left in them. They played the song "Shout It Out Loud" by Kiss with Paul Stanley and Gene Simmons singing the leads while Ace Freley, and Peter Dinklage backed them up. Special thanks goes to Mr. Engle, for allowing us to "turn on" SHS to Kiss! We also wish to express our thanks to Tim Galchick and Terry "Slum" Hill, make-up artists, and Donny McClellan for snapping off some fantastic shots of Kiss. The group used many special effects in their appearance at SHS. Kiss used dry ice which they used to get everybody high. The group was "Dressed to Kill" in their own black and silver colors which aroused the excitement of the crowd. The crowd responded as they were expected to but were let down because one of the original members of Kiss did not show. All was not lost because Kiss put on a fantastic show with all their special effects and costumes to add to the excitement of the crowd.

To start off all this wonderful and wild excitement were a few guest speakers and another skit put on by some of the junior and senior guys. A representative from the First National Bank of Salem, Mr. Harold Lund, came to the school to tell the alumni and students about the "Warrior-Sam Trophy."

Next up was the mayor Salem, Mr. Frank Dauria, who just wished the team the best of luck against West Branch and then Mr. F. E. Cope gave the team and the students a few words of encouragement.

How Was Your Summer?

by Alan Guchemand

What did you accomplish during the summer was the question asked during the past week, and here are some of what the students and teachers said they did: . . . "This summer was one of the greatest going, swimming, basketball, GIRLS, just buzzing around and having a real good time" . . . S.W. . . . "Nothing, I had my leg in a cast all summer." . . . D.C. . . . "I got a job and I made close to one thousand dollars and spent it all. But in between I played baseball for E. W. Bliss and had a perfect record of 0-13" . . . S.B. . . . "About the only thing I accomplished this summer was making it to the beach and getting a tan and getting sun burned a lot" . . . C.H. . . . "I went to Texas with the Knox Packers and brought back to Salem tenth place in the National Junior Fast Pitch Softball Championships" . . . T.G. . . . "I took part in an Independence Day parade on a float. We won first prize in the children's division, and we took third place in all around float" . . . S.C. . . . "I spent my summer working in a Cleveland toy factory making pinwheels, and I learned a lot about production control." . . . G.R.K. . . . "I played baseball for the

Elks, and we had a 9-5 record, good for third place in the league. I also played on the winning all-star team." . . . J.H. . . . "I didn't accomplish too much, I just laid around the house and went to a couple of concerts up at the Blossom Music Center. The summer wasn't really great, but it was okay." . . . D.H. . . . "I aided at a Camp Fire Girls camp called Camp Tayanita for three weeks. It wasn't too great." . . . H.C. . . . "This summer was really great. I worked out at the cinema and made a bundle of dough." . . . J.P. . . . "I finally did it! I beat my brother in golf, not just once but eleven or twelve times. To me this is a real accomplishment of the summer." . . . A.G. . . . "I went to Florida this summer and had a really great time there. We went to the Everglades National Forest for a day and then went to Miami." . . . H.M. . . . "My greatest accomplishment this summer was having the time to enjoy my husband and sons — FANTASTIC! Besides that, I even got a little work done." . . . M.A.C.

COLLEGE

by Diane Paparodis

College? What is your attitude towards it seniors? Below is some opinions from the seniors around the school. . . . R.M., Pretty cool, lots of things to do. . . . B.C., Sounds like fun, lots of boys. . . . S.C., It's good but you can't sing in class. . . . J.C., Half and half it's O.K., good for athletics. . . . R.F., Don't feel it is very important. . . . S.W., Waste of time. . . . M.C., Doesn't want to go just yet. . . . B.S., Bunch of burnouts. . . . C.W., It's good for some people. . . . J.R., I don't know. . . . J.W., good attitude. Ears, I'm looking forward to it. . . . T.M. If you want to go, go, if you don't then don't go. . . . R.D., Lots of parties. . . . M.F., No more school for me. . . . S.W., It's alright. Scotch, It's only good for partying. . . . M.S., Love it. . . . M.M., I'm looking forward to it. . . . S.M., It's good if you're serious about it. . . . J.W., It would probably be a lot of fun, but I don't know if I could stand the work. Good luck with whatever you are going to do at college.

FOOTBALL COURT

by Patty Borkowski

Molly Merrill was crowned Salem High's 1976 homecoming queen during the halftime of the Salem-Poland game on Friday. Anticipation filled the stadium as last year's queen, Terry Domencetti, stepped up to the microphone to announce the new queen. Tom Corle had the honor of escorting the lovely Miss Merrill. The other members of the court were Debbie Baran, escorted by Mike Armeni; Roberta Lepping, by Chuck Wright; Ree Ree DeRhoads, by Brian Miller; Becky Kynett, by Pete Zimmerman; Carolyn Boeckling, by Jay Linder; and Becky Cope by Randy Fortney. A dance was held in the school cafeteria in honor of the queen. Everyone at S.H.S. would like to congratulate Molly.

Salem in the Future

Have you ever stopped to think what this school will be like between 1983-1984? Here is a chance to find out what will be happening.

OCTOBER: After finishing roll call today, Salem Senior High School students attended their first period classes. Salem High's football team concluded its season by losing 12-14 to the Pittsburgh Steelers. This game, played in the \$4 million Quaker Dome, was also the conclusion of the Mahoning Valley Conference Championship.

NOVEMBER: Prospect School was blown away in the thunderstorm. Students must attend classes at Zocolo Laundry. The high school students have started their second period classes.

DECEMBER: The Salem Girls Football team wins the NFL Championship before a crowd of 94,000 fans. They defeated the Dolphins 27-3 while playing in the Quaker Dome.

JANUARY—1984: The teachers are replaced by TV monitors installed in all classrooms. Students smoking privileges are repealed because students no longer smoke.

FEBRUARY: The mighty Quakers, led by 7-ft. 6-in. center Kareem Abdul Cabas, Jr. defeat Leetonia 97-91 for the state high school basketball title. Cabas resets school scoring records by pouring in 94 points.

MARCH: Salem police investigate disappearance of classroom TV monitors; teachers return. The wrestling team, led by 460 pound heavyweight Gregory "Luke" Bennett, Jr., wins state tag team wrestling title.

APRIL: Students attend their seventh period classes. Nick Mileti offers to buy the Quaker Dome and the Salem Girls Football team franchise for \$10.4 million.

MAY: Prospect School ruins are found in Nebraska. The Y-Teens hold the semi-formal at Mars dancing to the music of "RADAR."

JUNE: Due to new graduation literacy requirements, only four seniors graduate. TV monitors are found among the ruins of Prospect School. The entire teaching staff returns.

PEP CLUB NEWS

by Mooner and Chezy

The Salem Pep Club has been busy promoting school spirit throughout the year. So far their activities have included the decorating of the football teams' lockers, along with the "goodie boxes" they receive. Pep Club also works hard to make the signs that hang in the cafeteria and the "cutzie" paper footballs that everyone wears, or should be wearing, on Friday.

If you've noticed in the hall of SHS there has been a recent Tootsie Roll boom, this is just one of the 'fun' money making projects that keep the Pepettes, part of pep club, cheering like they do. Even though we "Seniors" are doing a great job, we would like to welcome the underclass men — especially the Frosh — to come and support your team.

MBS

by Barb McGowan, Becky Berger and Denise Sisler

Howdy? We would like to tell everyone that the junior girls who wrote this article last year are back this year as The SENIOR Women. We have replaced last years "B" with a bigger and better "B." We know that you are all thrilled to death, but she made us write that last sentence, so take it out on her not the other two-thirds who make up this stimulating and educational article.

Congratulations go to the football team on their fine performance last Friday night. Also, congratulations go to the newly elected football queen, Molly Merrill and her court.

Guess what folks if you were wondering why the gym stays open a little longer this fall, or if you just happened to see the new sparkling red and white tennis skirts on the courts, it's because the girls have two new fall sports this year.

Let's throw out the red welcome mat to our new leader-in-chief, Mr. Engle.

Jaunita from the Price Patrol says get your tootsie roll banks fast 'cause they are selling like hotcakes; tootsie cakes?? That's the sly, crude humor of our new addition, har, har, har, har, barf.

Well now it's time for our ever popular Buzzin' Through the Halls. . . . "I don't know anything, Ask the BIG one" . . . It's not important enough . . . Rumor has it the Basketball court will really shine this year . . . Isn't it funny that all the sophomore girls are still dressing up. . . Boy, do we miss our jukebox . . . tootsie, tootsie!! . . . Gee, I hope MBS has an article in the paper this year . . . Super, Seniors, Duper Juniors . . . Spirit flags are great !!! . . . We love our Quaker Boys . . . who's escorting . . . six weeks is almost over . . . We're R O W D I E . . . Well, that's all for now, Toddles!!

High school seniors, did you know that you can assure yourself of a job with the finest career opportunities offered by any firm or organization in the world today, even while you are still in school?

That's right! The U.S. Marine Corps offers its unique delayed enlistment program once a year to all high school seniors on a first come basis starting in the fall. This program allows you to have a choice of a guaranteed job/school now while you're still in school.

Planning ahead makes good sense. It's a sure way to assure you that you get what YOU want for your future. Starting salary is a fantastic \$361.30 a month, with possible advancement to \$402.60 a month before you leave for active duty. The Marines can also offer you up to 45 months of college assistance once you complete your enlistment. Sound good? Then why not fill in the information below and mail it in and find out more of what the world's finest military organization has to offer you.

Take On Wilson

SALEM JOLTS BULLDOGS FOR FIRST

by John Carlarlello

The 1976 Salem Quaker Football Season has begun and the Red and Black have faced some very tough competition.

The Quakers opened the regular season on the 10th of September with the Canfield Cardinals. The Quakers moved early but were unable to score. Canfield scored on a

long drive and led 8-0. The Quakers were unable to move from then on and mistakes cost them valuable points. The Cardinals took advantage of these breaks and could do nothing wrong. On the other side the Quakers could do nothing right. Canfield went on to defeat the Gridders 57-0.

The second game of the season the Quakers were determined to prove

themselves against the Ravenna Ravens, and they did! The Quakers pushed to a 3-0 first quarter lead on a 35 yard field goal by Rich Karlis. Ravenna took a Salem break on a bad punt and turned it into a touchdown to lead at the half 6-3. Bad weather conditions thwarted the Quakers all night. After another Ravenna touchdown, Salem marched the length of the field and scored. Brett Albright's one yard run made it 12-10, Ravenna. The Quakers had two more drives but the weather did damage to both. The

score ended 12-10 and the Quakers came home very disappointed.

The Red and Black met arch rival West Branch in the traveling trophy game. The defense was fired up and limited the Warriors to hardly no offense. The Quakers were down within the 20 three times and could not muster it in. Randy Mellinger had another good night rushing for 163 yards in 26 carries. West Branch's score came in the second quarter by ex-Salemite John Ross to lead 7-0. The Quakers battled hard, but could not muster the points. The Warriors pulled it out and the trophy by the narrow 7-0 score.

October 1, the Quakers faced

Poland in the Homecoming Game. Salem defeated the Bulldogs 17-13 for their first win of the season. Rich Karlis started things off with a 30 yard field goal. Brett Albright completed a 28 yard touchdown pass to Jim Palmer for a 10-0 lead at the half. In the third quarter Poland got a break and scored to trail 10-7. The visitors took possession again and it seemed that they would push it in. On the Salem 17 the Bulldogs fumbled and Andy Baillie alertly picked up the ball and raced 83 yards for a touchdown. That ended any further scoring and the Quakers held on to win. The Quakers will do battle with Woodrow Wilson tonight!

Cross Country Runners Doing Good

by Rick Fithian

The 1976 Cross Country season is underway at Salem High and the Quakers are off to another fine season. The team holds a 3-2 record going into the county meet. In the first meet of the season the Quakers destroyed West Branch. In the second meet the Salem runners found the going a little more rough as they were defeated by Austintown Fitch. The Quakers then got back on the winning track by out running Howland. The fourth meet of the season saw Senior Paul Hoffman set a new course record by running the 1.8 mile distance in 9:02 as Salem ran over United. In the last meet before the county contest the Quakers finished behind Niles but in front of Warren Western Reserve and Warren J.F.K. in a four-way meet.

This year's team consists of Senior co-captains Paul Hoffman and Pete Zimmermann, Jamie Kennedy, Steve Williams, Tim Costa, Kim Oriole, Derf Capel, Bob Blankenship, Fred Harker, Scott Morrison, and Dave Pittman. The team is under the leadership of coach Mike Guappone who holds an impressive record in

his years as Cross Country coach at Salem. Last year, one of Coach Guappone's best, the Quakers compiled a record of 17.2.

Hoffman, who is a star miler on the Salem Track Team, has been impressive so far this season. The other runners who have been placing regularly for the squad are Williams, Costa, Pittman, and Harker. The Quakers run their home meets at the Salem Golf Club.

AL BAILEY

by Becky Cope

If any of you are wondering who the new face is in the gym after school with the guys, it's our new basketball coach, Mr. Bailey. Mr. Bailey graduated from East Liverpool and finished his education at Duquesne. He was a basketball star himself so he knows the game well. Mr. Bailey says he became interested in coaching as a high school student and he carried out the interest.

Our new basketball coach comes with plenty of experience as he has coached three teams before coming to Salem. These three teams were Geneva, Duquesne, and a professional team, the Virginia Squires. When asked for his reason for coming to Salem, Mr. Bailey replied he had always liked our town and he wanted to get back into high school coaching again.

Coach Bailey played for East Liverpool and when asked how he'd feel coaching Salem there, he said he'd have "mixed feelings." When asked how this year's prospects look Mr. Bailey says he has never seen such aggressiveness or so much enthusiasm to play basketball as our boys. I'm sure we'd all like to welcome Coach Bailey and his wife to Salem and wish the best of luck in the coming season to both coach and team.

GIRLS VOLLEYBALL

by Doreen Crawford

The Salem girls volleyball team is off to a good start in their first season with the reserves and varsity both holding a 1-1 record. The varsity team dropped their opener 15-4, 15-6, to West Branch. The reserves triumphed winning two of their three games at the West Branch gym.

The first home game was played against Beaver Local September 30, with the varsity team winning 15-11, 15-10, and Coach Carol Baillie clearing her bench. Eva Lunderquist lead the scoring with 8 points followed by Monica Riffie with 7.

An exciting reserve game was

Editorial

by Frank Batcha

It's that time of year again. Fall. The time when we have to go back to school again, the time the leaves turn color and fall (maybe that's why they call it fall). It's also the time when the gladiators put on their armor, and bash heads. You know, football season. Gridiron grit and three cheers for the Gipper (whatever that means).

The mighty Quakers haven't fared too well this season so far, but the gridders played some mighty fine ball and are on the road back. The Big Red and Black Machine is ready to stick it to the Wilson Redmen tonight, Massillon Perry next Friday, and the week after that beat Alliance.

I would also like to congratulate the freshman squad under Coach Mentis for the fine record they're putting together.

On an entirely different train of thought . . . um . . . (better get back on the first one, the other one isn't running.) what about joining the MVC. Jerry Guy, Salem News sports editor, thinks we should get into it. Well baloney—(balogna for anyone that questions my spelling) to that. I, for one, as a Salem athlete who doesn't even participate in whatsitball (can't think of the name, I'm so crummy at it) am against joining the MVC. So are many other Salem athletes (whom I won't name for fear of them turning on me). Maybe the MVC does have some advantages, but it has its disadvantages, also. Most of the schools in the MVC are smaller than us. Where is the prestige in winning a league championship against AA schools? I enjoy playing football against schools like Alliancde and East Liverpool and Ravenna. There is a lot more prestige in beating a team like Alliance than Liberty. And the Big Eight is good for Salem basketball and for town prestige. I feel in no way hurt by not being in the MVC. So may I say "NO" to Jerry Guy.

Reserve Football Off To Slow Start

by Steve Wolfe

The Reserve Football team has been underway for sometime, gathering a record of 1-1-1. With games against Beaver Local — Winning 12-0. Tying Ravenna 6-6 and losing against Canfield 6-28. Coaching for the Reserve Football team are head coach John McKee and assistant coach Chuck BaBa McShane. Mr. McKee has been coaching three years at Centerburg High School previous to Salem. Mr. McKee feels the purpose of the Reserve Program, is to have the players get as much experience to prepare them for Varsity Football for the next year and possibly even some Varsity exposure this year. The team practices every day after school with the Varsity. Saturdays the team gets together and has an organization period which they talk about the upcoming game. Two times a week players on their own time get together for individual

offense and defense work. The players and positions are as follows:

Quarterbacks — Jim McQuilken, Doug Watterson, John Chaffin. Tailbacks — Ted Steffel, Lou Pittman, Greg Crosser. Fullbacks — John Brooks, Todd Bowman. Centers — Gregg Crawford, Nick Pasqualino. Guards — Mark Saltsman, Ron Moffet, John Curtis, Tom Herman. Tackles — Wayne Gorby, Steve Flood, Dave Falk, Glenn Hermann, Dirk Votaw, Steve Votaw. Ends — Brian Huston, Dean Shaffer, Jim Wright, Bob Vogt. Flankers — Don Isaacs, Tim Harp, Doug Wells, Dave Drakulich.

The ultimate value of any Reserve Program is determined by having enough competent coaches disposed to seeing that the young players efforts are productive.

At our next Varsity or Reserve game lets give the team support and backing that is WELL DESERVED!!!!

Freshman Football

by Jamie Roelen

This season's freshman football team is off to a great start under the coaching of Mr. Mentis and Mr. Dockry. They have piled up a 3-0 record by dumping Springfield Local 14-0, Beaver Local 34-0 and gained a forfeit over East Liverpool. Coach Mentis is very proud of the fact that at the start of the season he had 31 boys out, and now he has 28 after losing Dave Flood with a neck injury, Barry Magynes with a broken leg, and Lewy Pittman to the varsity squad. The coach also pointed out that the outlook is great for the freshman class. They have a good attitude towards winning.

The following boys make up the offensive unit: Dave Deville and Joe Hartzell at ends, Craig Pitts and Ronnie Blackburn at tackles, Wade Batch and Bruce Smith at guards, Dewey Manyard, center, John Mentis, Quarterback, Jeff Strabala and Tom Quinn halfback, and Bob Faulkner at fullback. On the defense there are seven boys going both ways: Craig Pitts tackle, Joe Hartzell end, Bruce Smith middle guard, John Mentis defensive halfback, Jeff Strabala, defensive back, Tom Quinn Linebacker. The others are Sean Hart, defensive end, Ken Graf tackle, Phil Wickersham linebacker, and Brett McBride, defensive back. Keep up the good work, guys.

GIRLS TENNIS

by Kim Weikart

The Salem High Girls Tennis Team suffered their second loss, although a tremendous effort was turned in by Cathy Yeagley. Their season is now evened up at 2-2. This is Salem's first year to enter a league and they chose to enter the Tri-County Girls Tennis League. They play each team twice, once home and once away. The roster includes: Boardman, Niles, Warren Harding, Warren Western Reserve, Howland, Campbell Memorial, and Salem.

There are seven places on the team which include three singles and two doubles squads. The doubles squads include: Kim Leipper, senior, and Nancy Yuhanic, junior; Ann Ligget, junior, and Sandra Dunbar, junior. The singles are Cathy Yeagley, Sophomore, Buffie McCorkhill, senior, and Ann McQuilkin, junior. Occasionally the squads are rotated.

Yeagley has seemed to be the dominating figure, holding the top seed for the past two years, and with her being only a sophomore and the team losing only two seniors the team has great prospectives for next year.

The teams next match will be held on Friday, October 8 and will be held at Centennial Park. The team will be entering district competition on October 14 and 15.

BULLETIN: The Quaker Reserves dropped its second to Springfield Local 14-8 Monday. A touchdown by John Chaffin and a safety by the Salem defense comprised the Quaker points.

GOLFERS EVEN

by Rick Mattix

The Salem Golf Team is getting off to a slow start this year; they have managed a 6-6 record but are hoping to finish the year strongly. The Fantastic Five include Kevin Guchemand, Alan Guchemand, Erik Burk, Rick Mattix, and Ed Stone. They have chalked up victories against Lisbon (twice), Columbiana, Jefferson Springfield, Sebring, and Niles. They have fallen into the hands of defeat to Niles (away), Sebring (away), West Branch (twice), Canfield, and St. Thomas Aquinas. They have a remainder of six matches, which the Quakers are hoping to put into the fictory column. Coach Tetlow is looking forward to the Sectionals, which will be held at Avalon Lakes Golfing heaven in Warren, Ohio on Thursday, October 7. The Quakers have never finished well in the Sectionals and are hoping to qualify for the District tournaments, which will be held at Brookside Golf Course in Canton, Ohio.
