Class of 2002

Leave with no regrets

BY DANIELLE BAIR

Those four years are the most important. Admit it. You'll learn almost everything you'll ever need to know. It's a daily test preparing young adults for the real world they're about to embark upon. Responsibility is learned, as well as the value of hard work, how it pays off, people skills, compassion; I'll stop here for lack of time. High school is an abundance of emotions, life, and lessons learned. It prepares us all for life.

It's always been about preparation. They sent you to kindergarten to play with finger paints and prepare for junior high. Years later, stuck in the middle, all they talk about is the importance of high school. All day, everyday, teachers cramming our sleepy minds with knowledge "you'll need to know in high school." Now, because hindsight is twenty-twenty, don't you wish you'd have paid closer attention to what they were saying?

The day arrives; high school has begun. Now instead of worrying about the best spot on the playground and who stuck his gum under your desk, it's more crucial to avoid upperclassmen and swirlies. Finally, after months of breaking everything down into a comfortable groove, you start to notice that the teachers are at it again. It's the same material from junior high but now they've added this new, foreign concept—college.

Yes, now you know it's getting serious. After all this time it's suddenly realized that all this "learning" has had a purpose all along. Who'd have thought? The letters ACT & SAT are no longer first grade spelling bee words, but now are instead these terrifying tests of our knowledge. They determine life or death, so it seems. Studying, tests, pop quizzes, homework, midterms, does it ever end?! You're so busy that every-

thing is spinning out of control. Then, suddenly, everything halts for a brief moment. Only long enough for you to realize you're three years down and half way into your fourth. Time stands still. "Wow, it's almost over." And a sort of sadness creeps through you, but then the world starts moving again, back to the same old routine.

Now here we all are. Sitting in our caps and gowns. We try to listen to the speech being given, but we all have our own speech we want to deliver. We all have our memories—good and bad—and experiences—happy and sad—that we want to share. We'll hold those memories in our hearts forever. The research paper is done, the homework is finally finished, and the college applications are all sent in. We said our teary-eyed good-byes and have been wished the best of luck by loved ones and friends. It's suddenly over. Twelve years of work is done.

"Graduation from

high school is one of the milestones by which we measure our lives. It is the culmination of twelve years of schooling that includes finger paints, alphabets, spelling bees, science projects, history reports, football, soccer, cheerleading parties, parades, proms, and enough memories to last for several lifetimes. During commencement we will hear the words 'Graduates change the tassels.' And in that brief fleeting moment our lives will change forever." Then we'll toss our caps and shed a tear, then say so long. High school graduation... a truly spectacular event.

Football games and proms are done. Only the memories are left. As we take a step forward into the future, we have to stop and look back. One last time to let it all sink in. And then we finally admit, after all this time, that it truly was a magical experience.

Good luck Class of 2002, we have finally arrived.

Committed to Salem

BY CRYSTAL NAVOYOSKY

For the past twenty-one years preceding his retirement, Mr. Steffen has played a major role as Salem High School's educational leader in interscholastic athletes. His main goal has been to develop the seventh through twelfth grades' athletic programs by promoting high standards of sportsmanship and personal conduct. Mr. Steffen believes he has met this goal during his years at Salem.

Mr. Steffen has also been a teacher in Perry, Jefferson, Alliance, and United school systems teaching mainly history courses but also psychology. His teaching positions were held from 1967 to 1980. He also coached JV basketball, baseball, and was the assistant coach of the football team. At Jefferson, he was the assistant football and JV basketball coach. While he taught at Alliance he was the assistant varsity basketball coach and for seven years was the head coach of the boys' basketball team at United. Mr. Steffen has been a member of the Northeast Ohio Athletic Director's Executive Committee for the past twenty years and was president of

the Northeast Ohio Athletic Directors for two years. In 1998 he received Ohio's

State Award of Merit for High School Athletic Director. SHS has experienced many changes over the years. Mr. Steffen has remembered many

such as the increase of athletic programs and the increase of female sports. There are currently eighteen different sports offered at SHS, with possible future programs being boys' and girls' swimming and girls' golf. As new programs have been added, Mr. Steffen says that new facilities have been added at Reilly Stadium and SHS, including additional weight-lifting facilities.

Upon Mr. Steffen's retirement, he believes he is, "very fortunate to have had the opportunity to be part of the growth in the Salem athletic program. The community, administration, staff, and most importantly students have given me valuable support in the development of our programs. In all, Salem has been and will continue to be committed to its students in all of their educational and athletic endeavors."

Mr. Steffen's Top Ten Memories

1980-1990

1. The success of the girls' basketball program, under Coach Readshaw, reaching the Regionals in the early eighties.
2. 1982 football game at Struthers before 6,000 fans, 2,000 from Salem, both teams undefeated. Game ended in a 3-3 tie. Salem finished that season at 7-2-1.
3. 1985 final football game of the season against West Branch. They were undefeated and ranked 8th in the state. Salem upset the Warriors 17-7 with Sean Kirkland as quarterback.
4. 1984 boys' basketball sectional final against Warren Western Reserve at the Struthers Fieldhouse. Salem upset state-ranked Reserve with Brad Jones scoring over 30 points.

Mr. Steffen as part of SHS's staff in 1984

1990-2000

5. The dedication of the new Reilly Stadium on Friday, September 13, 1991.
6. The success of the cross country programs in the 90's under Coach Parks. Boys in 1991, State Runners-up and State Champs in 1993. Girls, 3rd in 1997 and 5th in the state in 1998.
7. Watching Jenni Brown win the 1992 State Cross Country meet, establish a new state record, and also finish 5th in the nation that year.
8. Girls basketball, 1994 trip to the Final Four in Columbus. The great community support shown by a "Sea of Red" in the stands at St. John's Arena.
9. The success of the volleyball programs under Coach Conser, reaching sectional, district, and regional tournament levels for more than 10 plus years; reaching the state tournament in 1999.
10. Final game of the 2001 boys' basketball season against West Branch with the gym being dedicated to Mr. John Cabas. Over 3,000 people attended the dedication and it was a great comeback victory by the boys over West Branch.

A change of location

BY AMANDA PRICE

Mrs. Bailey who has been teaching at Salem High School for ten years will no longer be teaching here. She will be moving to Buckeye Elementary to teach third grade

as of next school year. Mrs. Bailey is looking forward to the change. When asked why she decided to take the job she said, "Change keeps you from getting stagnant. It's good to reinvent yourself every ten years." She is excited about the challenge of a new teaching job but is sad to leave

some of her students before they graduate. She says that she will miss the great staff that she has had the opportunity to work with for the past ten years.

Mrs. Bailey has a Bachelors Degree in Elementary Education and in Special needs that she obtained from YSU. She also has a Masters Degree in Special Education from YSU. Mrs. Bailey is in charge of Project Support, which is a club that does activities with the handicapped students once a month. Mrs. Bailey started the club when she first came here ten years ago to teach. She has been the advisor of the club ever since. She modeled the club after Boardman High School's Project Support, and Mrs. McCracken was one of its first members. Mrs. Bailey is not sure who is going to take over the club when she leaves, but she is hoping that someone will. She is willing to help out anyone who may want to take over the club.

Mrs. Bailey is showing great enthusiasm about starting at Buckeye school next year. When asked if she has any words of advice to students or staff, she just replied "Keep on keeping on!"

Mrs. Metts retires

BY ED BUTCH

After twenty-six years with Salem City Schools Mrs. Ruth Metts is bringing her custodial career to an end. Mrs. Metts has been the night custodian

responsible for the first floor English and Vocational wing.

She will be keeping busy with "things at home." Considering the fact that she has nine grandchildren and nine great-grandchildren, that is certainly understandable. Her four children, two boys and two girls, are all Salem High School graduates. Mrs. Metts is a graduate of Leetonia High School.
